Adopt-A-Street Program

The City and its Residents Caring for Mother Earth

**City of Pompano Beach
Adopt-A-Street Program**

OVERVIEW

Acting in the best interest of its residents, the City of Pompano Beach has developed an Adopt-A-Street program. The Adopt-A-Street program offers hands on approach to city beautification through litter removal and maintenance of designated streets by civic-minded residents and organizations. The program is a cooperative clean-up campaign organized by the City of Pompano Beach and its residents. The program allows the residents and organizations of the City of Pompano Beach to take an active role in the community while benefiting from a more attractive city.

The program is outlined as follows:

- ✓ A community organization adopts a minimum of two-miles of city roads and agrees to remove litter at least four times per calendar year for a two-year period.
- ✓ The City will provide the organization with trash bags, safety training and necessary safety equipment for up to 25 people.
- ✓ The City will erect sign on each end of the roadway identifying the organization.
- ✓ After each clean-up effort, the City will collect the litter bags for disposal.

Participate in this successful and rewarding volunteer litter control program in your community. Adoptable streets include most roadways in Pompano Beach. Complete a volunteer agreement form and a sign request form and return it to: Public Works Department 1190 NE 3rd Ave, Bldg. B, Pompano Beach, 33060. You will be contacted after the forms have been received and processed to go over the agreement and schedule the Adopt-A-Street sign installation to recognize your organization for helping to keep Pompano Beach streets clean.

City of Pompano Beach Adopt-A-Street Program

PROCEDURES AND GROUP RESPONSIBILITIES

- ✓ Organizations interested in committing to adopt a two-mile segment of City street right of way for litter removal should contact the City of Pompano Beach, Public Works Solid Waste Division, at (954) 786-4030.
- ✓ The roadways proposed by the organization will be reviewed by City staff to determine the safest location for the clean-up effort. Once a location is approved by both parties, an application should be completed and submitted to the City.
- ✓ Upon approval by the City Commission, the organization will receive a copy of the signed agreement.
- ✓ A safety orientation will be scheduled for the organization and performed by City staff prior to commencement of initial clean-up effort.
- ✓ Safety equipment consisting of orange vests and gloves for each member (up to 25) of the participating organization; two large portable roadside safety signs; large litter bags; rakes; pick-sticks and safety briefing checklists will be loaned to the organization prior to each clean-up effort.
- ✓ During the week prior to each clean-up effort, a representative of the organization shall call the Public Works Solid Waste Division, (954) 786-4030, to schedule litter disposal. The organization is responsible for holding a safety meeting prior to each clean-up effort. The suggested time for a clean-up is between the hours of 8:00 A.M. and 12:00 Noon.
- ✓ The organization agrees to remove litter along the adopted segment of road at least four times per calendar year for a period of two years.
- ✓ When an organization terminates the agreement or does not remove litter along the adopted road for a period of six months, the City will recover the safety equipment loaned and remove the recognition signs. The vacated segment of road will then become available to adopt by other interested parties.

City of Pompano Beach Adopt-A-Street Program

SAFETY ORIENTATION POLICY

PRIOR TO THE DAY OF LITTER REMOVAL

- The organization will designate a member to act as the Safety Supervisor. The Safety Supervisor's job is critical for the success of the clean-up effort. They will provide overall group supervision as it pertains to safety matters. If necessary, they will be responsible for emergency communications or transportation to the appropriate health care facility.
- The organization should have a first aid kit on site during the effort. Safety kits are useful in dealing with minor issues such as minor cuts or scratches that are common during litter removal. If the organization does not have a kit, contact Russell Ketchem, Solid Waste Operations Manager, (954) 545-7011, for assistance in obtaining one.
- Every member of the group should have a set of heavy gloves. Leather gloves are recommended because they better protect the hands from sharp objects. If assistance is needed in obtaining proper gloves, please contact Russell Ketchem, Solid Waste Operations Manager, (954) 545-7011, for assistance in obtaining them.
- The removal of litter bags is critical in the clean-up effort. Contact the Public Works Solid Waste Division, (954) 786-4030, prior to the litter removal effort date to schedule a date for the removal of the litter bags.

ARRIVING TO THE SITE

- Have transportation available. The Safety Supervisor should be responsible for ensuring every member of the group has transportation.
- Parking of automobiles associated with the litter removal effort should be clear of the roadway. It is best to use a parking lot to park all vehicles.
- Carpooling to the clean-up site is encouraged. This will minimize the number of vehicles that need to be parked during the effort. Using one vehicle to shuttle members from a parking lot to the clean-up site is effective.

DRESSING FOR SAFETY

- Do not wear clothing or use headphones that will restrict vision or hearing. These accessories distract your attention from what you are doing and may result in injury.
- Remember to wear the safety vest. Each member should have an orange vest. The City will loan these to the organization prior to the day of each scheduled litter removal effort.
- Wear light colored clothing.
- Wear leather closed toe shoes or boots. Sneakers are not recommended due to they may be torn easily by nails or broken glass.
- Wear a hat, sunglasses, sunscreen or a long sleeved shirt to protect against harmful sunrays.

THE DAY OF LITTER REMOVAL

- Stay clear of any construction. If there are construction barricades or pylons in the road, do not enter into those areas until those items are removed. If there is construction and a clean-up effort going on simultaneously, it will lead to driver confusion and potentially an accident.
- Alcoholic beverages or illegal drugs will not be tolerated during the effort. Those members of the organization taking prescription drugs should not participate until they are no longer on the prescribed medication(s).
- An adequate supply of drinking water should be made available for all group members participating in the effort.
- Work only during daylight hours and avoid peak travel times. The recommended time for litter removal is between the hours of 8:00 A.M. and 12:00 Noon.
- A safety briefing prior to each litter clean-up effort should be performed.
- If available, display two crew working safety signs in the area the clean-up effort. The signs should be displayed so traffic coming from either direction sees them.
- Have a phone available.
- Know the route from the litter removal site to the nearest emergency center or hospital. This is an important procedure incase you cannot contact the police or EMS for help.

- Participants should always face oncoming traffic. Walk down the side of the road facing traffic in order to be able to detect erratic drivers. If you see a car that is driving carelessly, direct everyone off the road.
- Provide adult supervision for youth groups or young participants. Children under 12 years of age should not be allowed on the project, despite how mature they may seem. Teenagers must have adult supervision.
- Avoid overexertion. Make all attempts to keep the time to remove litter on both sides of the street to 1½ to 2 hours maximum.
- Be alert for snakes, rodents and other wild animals.
- Avoid contact with hazardous substances. If a member of the organizations encounters any buckets, bottles, barrels, boxes or jugs of anything that is not identifiable, do not pick it up. Notify the Public Works representative on the next business day to have it removed. Report any found weapons to the Broward County Sherriff's office (954) 786-4200. Remember not to touch the weapon.
- Do not remove items on bridges or overpasses. Avoid these areas because the traffic is usually heavy.
- Do not remove items from the medians. Your area of responsibility starts at the edge of the road and extends no more than 10 feet towards the property line.
- Do not enter the roadway or shoulder of the road to remove an item. If some debris is in the road, do not pick it up. Inform the Public Works representative on the next business day; however if the item poses a danger to traffic, please contact the Broward County Sherriff's office at (954) 786-4200 to have someone remove the item.
