SCOPE OF WORK

FOR

LYONS PARK NEIGHBORHOOD IMPROVEMENT PROJECT – PHASE 2

PURPOSE

The Lyons Park Neighborhood is located west of South Cypress Road, north of McNab Road, east of South Flagler Avenue and south of Southwest 8th Street. This study area is a residential neighborhood with mostly single family homes, which is served by an existing stormwater collection system. The project area suffers from flooding problems as documented in the City Stormwater Master Plan (SWMP). This project intends to improve the drainage systems within the project area.

The sanitary sewer lines within the Lyons Park Neighborhood are located in the rear yard easements of the properties/homes. One of the City's Comprehensive Plan policies is to identify the feasibility of implementing capital projects to relocate the sewer lines or to rehabilitate them in place. This project intends to design the relocation of the sewers to the street's right-of-way. No improvements are needed to the existing lift stations.

The water system has been upgraded but the services used the older black polyethylene pipe. This project intends to replace the service lines, to meet the newer city standards 107-1 and 107-2, from the water mains to the water meters. The City will provide an inventory of meters to remain and which ones to be replaced.

The project will not include a reuse water irrigation system.

LYONS PARK NEIGHBORHOOD IMPROVEMENT PROJECT

Pursuant to Florida Statutes Chapter 287.055 "Consultants' Competitive Negotiation Act" the City of Pompano Beach invites qualified engineering firms to submit Letters of Interest, qualifications and experience for consideration to provide professional engineering services to the City for Lyons Park Neighborhood Improvement Project.

The City will receive sealed proposals until 2:00 p.m. (local), November 21, 2013, in the City's Purchasing Office, 1190 N.E. 3rd Avenue, Building C, Pompano Beach, Florida, 33060. E-mailed or faxed proposals will not be acceptable.

Introduction

1. Scope Of Services

The City intends to issue a single contract to an engineering firm to provide professional engineering services to the City for the design, bidding, and construction phase services for design improvements to storm water, sanitary sewer, potable and reuse water. The total project is estimated to be in excess of \$2,000,000.00.

The Lyons Park Neighborhood is located west of South Cypress Road, north of McNab Road, east of South Flagler Avenue and south of Southwest 8th Street. This study area is a residential neighborhood with chiefly single family homes, which is served by an existing stormwater collection system. The existing stormwater management system consists of four independent systems, which are interconnected with other stormwater systems outside of the neighborhood. Under the existing stormwater system, the Lyons Park Neighborhood can be divided into four separate service areas. The stormwater runoff from these arrears within the Lyons Park Neighborhood is eventually discharged via multiple positive outfalls located to the south of West McNab Road and to the east of South Cypress Road. The locations of the existing positive outfalls are summarized below:

Southeast of S.W. 6th Avenue and West McNab Road
Southeast of S.W. 5th Avenue and West McNab Road
Southeast of South Cypress Road and S.E. 13th Street
South Cypress Road

This project was identified in the Stormwater Master Plan. The applicable portion of the master plan is a part of this RLI. The complete Stormwater Master Plan can be found on the City's website at: [this Link](#)

The scope of services may include, but is not limited, to the following:

- Survey the project area
- Prepare preliminary design reports, feasibility analyses, site plans and/or design alternative recommendations and preliminary cost estimates.
- Conduct presentations to elected officials, staff, and the public.
- Prepare all required bidding and construction documents for the projects. This will include preparing surveys, design plans, supplementary contract requirements, technical specifications and cost estimates.
- Attendance at City Commission, pre-design, design, bidding and bid award meetings may be required.
- Coordinate processing the projects through all required governmental and quasi-governmental agencies, City Departments and other appropriate review boards.
- Prepare and process all required permit applications and submittal packages as required for permit issuance of all agency permits (i.e. State, County and City)
- Attend pre-bid meeting, respond to bidder questions and prepare possible bid addendums for project revisions.
- Assist the City in making bid award recommendations for contracting/construction services.
- Provide construction engineering/management services for the projects. Services during construction may include periodic or routine inspections, threshold inspections, shop drawing/contractor submittal reviews and approvals, responding to contractor requests for information, and reviewing contractor payment applications.
- Provide project closeout services. This may include preliminary and final acceptance of projects, preparation and approval of punch list items and project certification as required to all permitting agencies.

Firms must have previous demonstrable experience with municipal or governmental agencies for projects of varying sizes and types. Firms must be licensed to practice engineering in the State of Florida, according to Florida State Statute 481, by the Board of Professional Regulation..

3. Small Business Enterprise Program

The Pompano Beach City Commission has established a voluntary Small Business Enterprise (SBE) Program to encourage and foster the participation of Small Business Enterprises in the central procurement activities of the City. The City of Pompano Beach is strongly committed to ensuring the participation of Small Business Enterprises (SBE's) as contractors and subcontractors for the procurement of goods and services. The definition of a SBE, for the purpose of the City's voluntary program, is taken from the State of Florida Statute 288.703(1).

As of the date of publication of this solicitation, a small business means an independently owned and operated business concern that employs 200 or fewer permanent full-time employees and that, together with its affiliates, has a net worth of not more than \$5 million or any firm based in Florida that has a Small Business Administration 8(a) certification. As applicable to sole proprietorships, the \$5 million net worth requirement shall include both personal and business investments.

The City encourages all firms to undertake good faith efforts to identify appropriate Small Business Enterprise partners. Sources of information on certified Small Business Enterprises include the Broward County Small Business Development Division, the State of Florida Office of Supplier Diversity, South Florida Water Management District, and other agencies throughout the State. The City includes links to these organizations from the City's website www.pompanobeachfl.gov.

The City has set a 5% voluntary Small Business Enterprise Goal for this project. SBE Forms are located at the end of this solicitation, and all firms responding must return a response of participation or non-participation in order to be considered responsive for evaluation purposes.

Please indicate in your response if your firm is a certified Small Business Enterprise, and include the completed "Good Faith Effort Report" form with your proposal. Proposers should submit Exhibit A, detailing the list of SBE firms to be used on the proposed contract, and a completed Letter of Intent, Exhibit B, for all participating SBE firms. Submit Exhibit C listing SBE firms that were solicited but not selected. Submit Exhibit D explaining your firm's good faith efforts to include SBE firms on this contract.

4. Local Business Program

On March 23, 2010, the City Commission approved a Resolution establishing a Local Business Program, a policy to increase the participation of City of Pompano Beach businesses in the City's procurement process.

You can view the list of City businesses that have a current Business Tax Receipt on the City's website, and locate local firms that are available to perform the work required by the specifications. The business information, sorted by business use classification, is posted on the webpage for the [Business Tax Receipt Division](#)

The City has set a 5% voluntary Local Business goal for this project. Local Business program forms are located at the end of this solicitation, and all firms responding must return a response of participation or non-participation in order to be considered responsive for evaluation purposes.

The City of Pompano Beach is strongly committed to insuring the participation of City of Pompano Beach Businesses as contractors and subcontractors for the procurement of goods and services.
