SHORT TITLE

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF POMPANO BEACH AMENDING CHAPTER 155 "ZONING CODE", BY AMENDING SECTION 155.3703, "ATLANTIC BOULEVARD OVERLAY DISTRICT (AOD)," TO MODIFY THE PERMITTED PRINCIPAL USES, PROHIBITED USES, AND STANDARDS; BY AMENDING SECTION 155.3708 "DOWNTOWN POMPANO BEACH OVERLAY DISTRICT (DP)" TO AMEND MODIFIED USE STANDARDS; PROVIDING SEVERABILITY; PROVIDING AN EFFECTIVE DATE.

Summary of Purpose and Why:

In order to allow sufficient time to study the provision of health care uses, check cashing stores, convenience stores, liquor or package stores, pawn shops, thrift shops and dormitories in the City, on July 14, 2015 the City Commission adopted Ordinance 2015-67, which enacted a temporary moratorium on these uses. Staff has undertaken studies of the uses which analyzed these uses, including specific issues related to the AOD and DPOD Districts (A copy of the four relevant studies are included in the backup for four separate ordinances on tonight's agenda. A copy of the CRA's Supplement Support Document References is attached.). Based on the studies Staff is recommending revisions to the AOD and DPOD Districts including prohibiting Thrift Shops, Check Cashing or Payday Loan Stores, and all health care uses except Medical Offices. Use specific standards related to several uses are also proposed. Staff will present a brief PowerPoint presentation highlighting the proposed recommendations; a copy of which is included at the end of the back-up for this item. The text amendments were recommended at the November 30, 2015 Planning and Zoning Board meeting (A copy of the draft minutes from the Planning and Zoning Board meeting are attached.).

C. INDIVIDUALS TESTIFYING PLACED UNDER OATH

Mr. Robin Bird reminded the Chairman that this is not a quasi-judicial hearing and it is not necessary to place individuals under oath. Carrie Sarver agreed that placing the audience who wishes to speak under oath is above the requirements.

City Staff and members of the public testifying before the Board at the meeting were placed under oath by Kerrie MacNeil, Zoning Technician and Notary Public in the State of Florida.

D. OTHER BUSINESS

1. Temporary Moratorium - Staff Reports

Staff has prepared reports and recommendations regarding several uses subject to the Temporary Moratorium. The reports are as follows: Health Care Uses, Thrift and Consignment Shops, and Liquor Stores (and other retail sales of alcoholic beverages), and Alternative Financing Uses.

Mr. Robin Bird introduced himself to the Board as the Director of Development Services and reviewed the temporary moratorium and the reasons why it was enacted. Mr. Bird stated that four reports are being presented tonight and a significant size team worked on the reports. Mr. Bird added that staff reserves the ability to bring items back to the next Planning and Zoning Board meeting.

Mrs. Kovac asked why restaurants were not included in the reports. Mr. Bird replied that the City Commission did not select restaurants to be placed under moratorium.

Mrs. Friedman, Principal Planner, introduced herself to the Board and stated that she would be presenting condensed versions of the reports that were included in staff's back up material and she will be focusing mostly on the recommendations. Mrs. Friedman stated that the various recommendations have the same theme: the City's need to balance access to these uses, economic development, protect single family neighborhoods and regulate secondary effects of the uses. Distance requirements.

Mrs. Friedman introduced the first topic: Thrift and consignment shops. Mrs. Friedman stated that often times the difference between thrift and consignment shops is not understood. Mrs. Friedman delivered a PowerPoint presentation to the Board which included staff's recommendations.

Mrs. Friedman introduced the next topic and began the PowerPoint presentation on Alternative Financing Uses. Mrs. Friedman presented the definition, location, history, problems, and staff's recommendations for these uses.

Mrs. Friedman gave the next presentation on Liquor Stores and other retail sales of alcoholic beverages.

Mrs. Friedman presented the next report on Health Care Uses.

Mr. Bird informed the Board that there will be four separate ordinances and suggested that the Board discuss and vote on one topic at a time. The Board agreed to discuss the reports in the order that they were presented in by staff. Mr. Stacer asked the Board if they had any questions for staff regarding Thrift and Consignment shops.

Mrs. Anderson if the consignment stores that were in B-3 that will now be considered thrift stores are considered nonconforming. Mrs. Friedman replied that they would likely be treated under the lawfully existing special exception use. Mrs. Anderson asked if this would be true even if they do not apply and Mrs. Friedman responded that it is just the designation.

Dr. Mills stated that he is unclear on the difference between consignment and thrift shop. Mrs. Friedman explained the difference between the two. Dr. Mills asked if no new business can be established under the moratorium and what is the length of the Moratorium. Mrs. Friedman responded that the Moratorium was enacted by the City Commission on July 14, 2015 and it is set to expire on January 14, 2016 unless further action is taken by the Commission. Dr. Mills asked if no new business can be established during this time and Mrs. Friedman replied that no new permits and no new business tax receipts were issued to any of the uses that have been subject to the Temporary Moratorium.

Mrs. Aycock asked why consignment boutiques are prohibited from fronting Atlantic Boulevard in the AOD but not thrift. Mrs. Friedman responded that they Thrift Shops are a prohibited use in the AOD; therefore, we would not have to regulate where they would be located.

Mr. Klosiewicz asked who will determine what is considered "luxury merchandise." Mrs. Friedman responded that staff will be looking to see if the business is focusing on selling one type of merchandise or if they focusing on multiple items (this is a way to determine the difference between thrift and consignment). Mrs. Friedman added that this is a standard used by several other cities in South Florida and staff will make their best determination. Mr. Klosiewicz expressed that he does not believe the word luxury should be included because the word luxury may be interpreted differently by different people. Mr. Klosiewicz stated that he suggests the word be stricken from the text amendment.

Dr. Mills asked what happens to the places that are not in compliance once this goes into effect. Mrs. Friedman responded that the use will become a legal non-conforming use or lawfully existing special exception use. Mrs. Friedman added that we do not force them to comply.

Mr. Evans asked for the distinction between a shop and a boutique and if a boutique is a more specialized. Mrs. Friedman answered that it is a more specialized type of retail establishment (ex. vintage clothing or furniture).

Any person who decides to appeal any decision of the PLANNING AND ZONING BOARD/LOCAL PLANNING AGENCY with respect to any matter considered at this meeting will need a record of the proceedings and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. // kem

Mrs. Anderson asked if the lawfully existing special exception is held to the same improvement as the legal nonconforming use. Mr. Bird responded that a lawful special exception use is held to a different standard.

Mr. Stacer asked if staff is looking for a recommendation to extend the Moratorium and Mrs. Friedman responded that they are only looking for a recommendation on the text amendments.

Mr. Stacer opened up the discussion to the public:

Patrick Jovanov (411 NE 18th Avenue Pompano Beach, FL) introduced himself to the Board and complimented Mrs. Friedman and the rest of the team on their research. Patrick stated that he has visited the Salvation Army over the years and he wishes that staff would come up with more equitable regulations. Patrick stated that this was a part of history. Patrick stated that "this is very good."

Tara Patton introduced herself to the Board as the representative of Festival Flea Market (2900 West Sample Road Pompano Beach, FL) and asked how outlet stores like Nordstrom Rack are categorized since they are selling goods below market value. Mrs. Friedman responded that there is a use in the code called "other retail establishment" that does not take into account the prices of the items sold. Mrs. Patton asked if there was an umbrella that grouped alike types of "luxury items." Mrs. Friedman answered that it would be related accessories (example: purses and jewelry). Mrs. Patton asked that her concern was who gets to make that determination.

Mrs. Kovac asked if clothing, jewelry and purses would be considered consignment and Mrs. Friedman confirmed.

Dr. Mills asked staff why the moratorium is necessary. Mr. Bird answered that staff and the City Commission have determined that the location of many of these uses were creating side effects that were concerning. The moratorium gives staff time to study the issues and decide how to go forward. Dr. Mills asked if we are currently under moratorium and Mr. Bird confirmed.

Mr. Klosiewicz asked the Chairman if the Board is going to have the opportunity, at this time, to amend the language in the text amendments. Mr. Stacer confirmed.

Mr. Stacer closed the public hearing.

MOTION made by Richard Klosiewicz and seconded by Dwight Evans to recommend approval of the proposed text amendments to Thrift and Consignment shops with the word "luxury" stricken from code sections 155.4222.E.2 and Article 9, Part 5. All vote in favor of the above motion; therefore, the motion passed.

Mr. Stacer asked the Board if anyone had questions on the Alternative Financing presentation and recommendations.

Any person who decides to appeal any decision of the PLANNING AND ZONING BOARD/LOCAL PLANNING AGENCY with respect to any matter considered at this meeting will need a record of the proceedings and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. // kem

Dr. Mills asked if the proposed changes would mean that he cannot go into a bank and cash a check. Mrs. Friedman answered that one would be able to cash a check at a bank and they are separate uses. Dr. Mills asked why staff is recommending to modify the definition of bank to exclude these items. Mrs. Friedman answered that the definition of "Bank or Financial Institution" today includes a check cashing store. If we do not exclude them, we would be treating them under two different categories. We are not taking the ability to cash a check away from a bank, but we are removing the description of a check cashing facility from the "Bank or Financial Institution" use.

Mrs. Aycock asked staff why there is no separation distance between these uses and residential uses. Mrs. Friedman responded that she found separation of like uses in her research and the intent of this is to prevent clustering.

Mr. Evans asked if staff stated that these uses cause an area to become blighted. Mrs. Friedman confirmed that this is what the report indicated and the secondary effects blight the area, attract crime, cause deterioration of shopping centers, and they have certain appearance issues that may cause blighting (ex. bullet proof glass windows). Mr. Evans asked about the benefits staff identified on page 8 of the report and stated that he thinks there is a greater benefit to keeping the uses rather than removing them. Mr. Evans asked if we have this blight in Pompano. Mrs. Friedman responded that we have four distinct clusters of these uses and three of four are within or directly adjacent to the Northwest CRA which is a blighted area of the City. Mr. Evans asked if there was more than one facility located on Atlantic Blvd just west of Dixie Highway. Mrs. Friedman pulled up the map and responded that there are multiple locations in Cluster #4.

Mr. Klosiewicz stated that he believes that these stores would not have opened if they were not needed and that competition may benefit the people that are being served.

Mr. Stačer asked staff about an inconsistency between what is permitted in the PD-I in the appendix and the backup material. Mrs. Friedman stated that **check cashing facility** should not be permitted in the PD-I and confirmed it is an error and the Appendix is correct.

Mrs. Anderson asked if staff considered implanting design criteria for these uses. Mrs. Friedman responded design guidelines were not one of the considerations.

Mr. Klosiewicz asked if the State of Florida has some control over the rates that can be charged. Mrs. Friedman answered that the state has some rates but she does not know them off hand. Mr. Klosiewicz asked why people would use this type of service. Mrs. Kovac answered that it is possible that clients of these uses do not have checking accounts. Mr. Klosiewicz asked what people would do if this use is reduced or eliminated. Mrs. Friedman responded that staff's recommendation is not to eliminate the use.

Mrs. Kovac asked staff for confirmation that we are only talking about going forward and not talking about closing any existing Alternative Financing stores. Mrs. Friedman confirmed.

Mrs. Anderson asked if any of the existing uses will become nonconforming due to the separation requirements and Mrs. Friedman confirmed (legal non-conforming use).

Mr. Klosiewicz stated that he did not say anything that expressed that he believed that the uses were being eliminated.

Mrs. Aycock stated that, according to the research, the goal is to spread them out in order to lower the crime rates and help with appearance.

Mr. Klosiewicz asked how many stores on the map would be nonconforming. Mrs. Friedman responded that she could not provide that information at that very moment; however she could return with the requested information. Mr. Bird suggested a cover memo to the Board.

Mr. Stacer opened up the discussion to the public.

Vincente Thrower (1890 NW 6 AV Pompano Beach, FL) stated that the check cashing stores are needed in the minority community. Vincente stated that he believes this is a neighborhood discussion and not a board discussion on whether the neighbors want the stores in the area. Vincente expressed that the check cashing stores are important for people who have bad credit and are not able to open a bank account.

Patrick Jovanov (411 NE 18th Avenue Pompano Beach, FL) asked staff why the research includes military bases if there are no military bases in Pompano Beach. Mr. Jovanov expressed that he does not understand why there is a reference to military bases. Mr. Jovanov shared a quote from Mark Twain and stated that what is being proposed is a recurring prejudice that was discussed at City Commission meetings several times. The lack of financial institutions in the Northwest CRA was planned or discouraged.

The Chairman closed the public hearing and asked if the Board had any additional questions.

MOTION made by Joan Kovac and seconded by Tobi Aycock to recommend approval of the text amendments to Alternative Financing Uses. All voted in favor of the above motion with the exception of Jerry Mills and Dwight Evans.

The Board moved on to discussing Liquor Stores and other retail sales of alcoholic beverages.

Dr. Mills asked if these amendments will affect the American Legion, the Elks Lodge etc. Mrs. Friedman responded that these uses are not included. Dr. Mills if regular bars are included. Mrs. Friedman responded that bars with accessory package sales will be affected because the package sales will now be a new accessory use that would require approval.

Mr. Stacer asked staff for clarification on the difference between a brew pub and a distillery. Mrs. Friedman answered that the City has both brew pubs and food and beverage manufacturing and she briefly explained the differences between the two.

Any person who decides to appeal any decision of the PLANNING AND ZONING BOARD/LOCAL PLANNING AGENCY with respect to any matter considered at this meeting will need a record of the proceedings and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. // kem

Patrick Jovanov (411 NE 18th Avenue Pompano Beach, FL) asked how the Costco Liquor store would be grouped. Mrs. Friedman stated that we treat these membership stores as retail establishments.

The Chairman closed the public hearing and asked if any Board members had any additional questions.

MOTION made by Richard Klosiewicz and seconded by Dwight Evans to recommend approval of the text amendments to Liquor Stores and other retail sales of alcoholic beverages. All voted in favor of the above motion; therefore, the motion passed.

The Chair asked the Board if they had any questions concerning the proposed text amendments regarding Health Care uses.

Dr. Mills asked for the geographic definition of the AOD and Mr. Bird provided Dr. Mills with an explanation. Dr. Mills asked if he could open a one story office and have treatment on the first floor. Dr. Mills also asked why someone would not be able to have a doctor's office open after 7pm and expressed that he does not agree with the proposed changes.

Mrs. Friedman stated that the intent is to balance the various needs including access (ex. hours of operation) as well as taking into consideration the impact on neighboring properties (especially the residential community). Mrs. Friedman answered that the hours of operation in the AOD would be affected. Dr. Mills mentioned that there are many senior citizens living east and he expressed that he thinks the restrictions are wrong.

Cecelia Ward introduced herself to the Board as the Planning Consultant for the Pompano CRA and stated that she would like to address a few of the comments. Mrs. Ward stated that they have performed an extensive analysis of the medical facilities in the AOD and the DPOD. The research discovered that facilities exist that close before 7pm and open after 7am. Mrs. Ward informed the Board that the purpose of the restriction on the hours of operation is to utilize the evening activity to support the pedestrian oriented uses that will help revitalize the area. The research shows that the restriction on the hours is consistent with the current operating hours of the existing facilities.

Mr. Stacer asked why Health Care uses are not proposed to be permitted in the I-1X zoning district. Mrs. Friedman stated that this district is intended for heavier uses. Mr. Bird added that no I-1X locations would be on a major corridor.

The Chairman opened up the discussion to the public.

Vincente Thrower (1890 NW 6th Ave Pompano Beach, FL) asked if someone would be prohibited from building an urgent care facility on Martin Luther King Boulevard. Mrs. Friedman responded that on MLK, a Specialty Medical Facility would be prohibited in the Downtown Pompano Beach Overlay District. Mr. Thrower asked staff why we would prohibit an urgent care facility from being constructed when there are no existing facilities in the Northwest CRA community. Mr. Bird stated that this would not prohibit an urgent

care center in the Northwest CRA, only in the downtown overlay district (DPOD). Mr. Thrower stated that he objects this item. Mr. Thrower asked the Chair what the logic is behind this regulation.

Mr. Stacer asked staff if it is permitted today. Mr. Bird responded that it is allowed today. Mr. Thrower asked if the text amendment is adopted it will not be permitted. Mr. Bird responded that the use would be permitted west of I-95 on MLK but not east of I-95.

Mr. Thrower asked why there would not be urgent care center allowed near the new residential development across from the E. Pat Larkins Center. Mr. Thrower asked the Board to not support the text amendment. Mr. Thrower asked if the item will need to pass the City Commission and staff confirmed. Mr. Thrower stated that he believes that it does not make economic sense to restrict the urgent care centers from the MLK corridor in the DPOD.

Patrick Jovanov (411 NE 18th Avenue Pompano Beach, FL) stated that the slide 17 of the presentation lists the "Lamb of God Recovery Centers" as being licensed since 2007 when it has been here for decades. Mr. Jovanov shared a personal account regarding a sober home and an attempted kidnapping of a small child. Mr. Stacer asked what part of the code Mr. Jovanov is referring to. Mr. Jovanov stated that the issue is allowing sober homes to be located in a residential district adjacent to schools. Mr. Jovanov stated that he does not have proof, but it is the only explanation for something like this happening in his neighborhood. Mr. Jovanov asked if sober homes are still permitted in the City under the temporary moratorium. Mrs. Friedman answered that the recommended text amendments do not deal with any housing uses and added that the question is unrelated to the topic at hand. Mr. Jovanov stated that he agrees with Mr. Thrower that not allowing urgent care is discrimination, prejudice, etc.

Mr. Stacer asked if this will happen in the east and west CRA. Mrs. Friedman responded that the use "Specialty medical facility" would be a special exception in B-3, permitted in B-4, I-1 and OIP. However, it would be prohibited in the AOD and DPOD. Mrs. Friedman stated that it is consistent with the goals of these districts in terms of promoting pedestrian activity uses and active night life activity. Mr. Stacer asked which uses are allowed in the AOD and DPOD and Mrs. Friedman answered that retail clinics, personal care services, and medical offices are all permitted uses in these districts.

Mr. Klosiewicz asked if an urgent medical facility open from 7am to 7pm would be permitted and Mrs. Friedman responded that it would not because the hours of operation are not the only issue. Other issues are ambulances (noise) and medical waste etc.

Mrs. Friedman answered that it is also ambulances, medical waste, (specialty medical uses), more intense than a regular doctor's office. Go here in lieu of the ER. Mr. K asked if these uses are permitted in the area that Vincente was worried about.

Mr. Evans said he thought that being transported in an ambulance to an urgent care facility occurs very infrequently. Mrs. Friedman stated that these uses have some deleterious secondary effects and we need to treat them with more regulation. Mr. Evans asked why

it is necessary to go outside of the core area if there are not significant adverse effects. Mr. Bird stated that these uses will negatively affect redevelopment efforts.

Mrs. Kovac asked how many blocks from Martin Luther King Boulevard could there be an urgent care center.

Cecilia Ward explained the purpose of the redevelopment efforts for the DPOD area.

Mrs. Friedman explained the boundaries of the DPOD.

Mr. Evans asked if the zoning regulations of the area should adjust in the area as time goes on and be updated to reflect changes. Mrs. Friedman stated that this is what staff is trying to do and the point of the moratorium. Mr. Evans asked staff if it is their belief if a specialty medical facility located in the DPOD on MLK Boulevard would adversely affect development of the area.

Mr. Bird stated that there are many uses within the specialty medical facility (not just the urgent care center). Dr. Mills stated that he is asking specifically about medical offices and how these text amendments would eliminate these uses from the area. Mrs. Friedman stated that these uses are not consistent with the redevelopment efforts in the AOD and DPOD.

Mrs. Kovac asked if Dr. Mills is aware the urgent care centers close at 7pm as well.

Dr. Evans asked if the Board will be making a recommendation regarding one of staff's recommendations and Mrs. Friedman responded that those (that Mr. Evans is referring to) are the overriding recommendations and the proposed text amendments came from these recommendations. Mrs. Friedman stated that the Board could think of them as "Considerations 1, 2, 3 and 4" and the text amendments were prepared from these considerations.

Mr. Stacer asked if staff mapped the locations of the medical facilities. Mrs. Friedman replied that staff did mapping and staff was able to conclude from the mapping is that the change in the location of uses has not changed significantly from 2005 to 2015. The maps would not be useful because they would be so cluttered with the multiple locations.

Mr. Stacer closed the discussion to the public.

MOTION made by Elizabeth Anderson and seconded by Richard Klosiewicz to recommend approval of the proposed text amendments. All voted in favor of the above motion, with the exception of Jerry Mills and Dwight Evans, therefore the motion passed.

Mr. Stacer stated that he has questions for staff that are specific to the AOD. Mrs. Friedman placed a document on the screens for the Board to see and Mr. Stacer directed her to page 2, item number 3. Mr. Stacer asked what uses fall under 3b. Mrs. Friedman stated that the changes that were made reflected the changes coming out of the moratorium. Mrs.

Friedman stated that staff will meet with the CRA and discuss visitor accommodation uses being permitted in a residential mixed use project.

Dr. Mills asked for clarification on the outcome of the most recent vote on health care uses and Mr. Stacer and Carrie Sarver clarified that there were two “Nays” or a 5-2 vote.

Mr. Stacer stated that, referring to page 3 and the parking exemptions, he is concerned about big projects that would theoretically not have to provide parking. Mrs. Friedman responded that this is an incentive for smaller projects that are looking to do adaptive reuse. Mrs. Friedman stated that this is an effective mechanism to get sites to convert their use to a more desirable use without meeting the parking requirements.

Mr. Stacer said that he considers it to be potentially dangerous to not require parking for new projects such as a large retail redevelopment project (100,000 square feet of retail).

Mr. Bird stated that this regulation has been in effect for 5 years and we have seen neither benefits nor deleterious effects. Mr. Bird used Delray Beach as an example of a City not requiring restaurants to provide additional parking and there were still new parking garages constructed. Mr. Stacer stated that he is still concerned about this concept. Mr. Bird suggested having staff come back before the Board with a separate report on this item. Mr. Stacer said that he is ok with this proposal.

Mrs. Aycock suggested staff look at the parking scheme in downtown Gainesville for ideas.

Mr. Klosiewicz complimented Mr. Bird and staff for their hard work regarding the reports on the moratorium uses.

E. AUDIENCE TO BE HEARD

Mr. Stacer asked if there was anyone in the audience who wished to speak and no one responded.

F. BOARD MEMBERS DISCUSSION

Mr. Stacer asked if the Board members had anything to discuss and there was no response.

G. REPORTS BY STAFF

Mr. Stacer asked if staff had anything to report and Ms. MacNeil announced that the next regularly scheduled meeting is December 16th, 2015.

H. ADJOURNMENT

MOTION made by Richard Klosiewicz and seconded by Dwight Evans to adjourn the meeting at 9:29pm; all voted in favor of the above motion.

Approved at the meeting held on January 27, 2016.
