Press Release Date: 12/14/16

## City of Pompano Beach Launches Financial Transparency Platform

The City of Pompano Beach has launched a new on-line interactive financial transparency tool called OpenGov that provides residents, elected officials and staff with unprecedented access to the City's finances.

The OpenGov platform transforms complex financial data into an interactive, digital format that enables better analysis and understanding of the City's finances. The intuitive design makes it easier to explore how taxpayer money is collected and spent. Users can view historical revenue and expenditure trends over time and explore multiple views of financial data including by fund, department, expense, or revenue type.

The City's goal is to enhance transparency and public engagement through this graphical platform. Taxpayers and other stakeholders can easily customize and download their reports, as well as compare data for up to eight years.

The platform may be accessed on the home page of the City's website at [www.pompanobeachfl.gov](http://www.pompanobeachfl.gov) under Hot Topics.
