City Launches Second Webcam

In 2014, the City of Pompano Beach installed a webcam on the Pompano Fishing Pier along the water line with a beautiful real time view of the surf, sand and Hillsboro Lighthouse. This web cam has become so popular, it now receives approximately 20,000 hits per month. As a result of its incredible appeal, the City has added an additional web cam at Hillsboro Inlet Park overlooking Hillsboro Bay and the Lighthouse providing another breathtaking view of our City.

Check out the new web cam on the home page of the City's website under Hot Topics at www.pompanobeachfl.gov.
