Press Release Date: 7/12/17

City Launches Automated Notification System

Don't miss an item of interest or City event! The City of Pompano Beach has launched a notification system allowing interested parties to subscribe and receive Commission Meeting Agendas or Event notifications. Subscribers will be able to manage their subscription on their own to receive e-mails about Commission Meeting Agenda Postings, upcoming events, Points of Interest digital newsletter or all three. Users that subscribe to the Commission Agenda list will receive an email within one hour of the agenda being posted on the City's web site with a link taking you directly to the agenda for that meeting. Users that subscribe to the event list will receive weekly emails with upcoming events for the following week that are posted on the City events calendar.

Check out the City's new automated notification system on the home page of the City's website under Hot Topics at www.pompanobeachfl.gov. It is also in the footer of every page.
