ADDENDUM #1, RFP E-54-14

**PROCUREMENT AND INSTALLATION SERVICES FOR PORTABLE DORMITORY-
OFFICE FOR FIREFIGHTERS**

To Whom It May Concern,

Please review the following questions submitted by potential bidders, and answers from the City.

Q1: Is this a lease or purchase request?

Response: We have not decided, prices for both would be appreciated.

Q2: Do you have a floor plan design of what you expect?

Response: No.

Q3: Who will do the electrical and utility connections?

Response: The installer will handle utility connections.

Q4: Do you require ADA decks, steps and ramps?

Response: Yes.

Q5: Is the site level and accessible by large trucks?

Response: Yes.

Q6: Do you have a specific building spec for this project?

Response: No.

Q7: What permits are required for this project?-Who will obtain building permits and land disturbance permits?

Response: Temporary trailer: the contractor has to obtain the permits. Contact building inspections at 954-786-4670.

Q8: Will the building be placed on a dirt, gravel, asphalt or concrete surface?

Response: Asphalt (in the existing parking lots) would be preferred.

Q9: Do you also need pricing to relocate the buildings after the projects are completed at the Fire Houses?

Response: Yes, pricing to move to the next fire house. Therefore there will be three installations and removals, one for each the three firehouse renovation sites.

Q10: How many temporary buildings do you need?

Response: As many as will accommodate our needs.

Q11: This project is too detailed for all the proper questions to be answered and asked correctly through email. How do I go about scheduling a site visit?

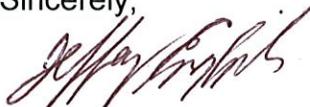

Response: There is unrestricted access to each of the parking lots. Fire Chiefs have been notified that vendors may be inspecting the fire station sites in response to RFP E-54-14.
