ADDENDUM #1, BID E-49-15

FURNISH AND INSTALL SOLAR-POWERED LIGHTING IN THE DIVITO PARKING LOT

To Whom It May Concern,

Please review the following question submitted by potential bidders, and the answer from the City.

Q1: We have a question regarding the concrete installation on the parking lot. There is no specification for the concrete on the plans and we need this information in order to bid correctly.

Response: The contractor shall purchase the solar light poles from Solar Street Lights USA only and provide their own wind load calculations, foundation engineering, and specs. They must be able to provide signed and sealed calculations and they must be provided at the time of permit submittal.

Q2: As it is the responsibility of the bidder to hire a Florida PE to sign and seal documents regarding the installation of these light poles, does the city have a geo tech report of the parking lot?

Response: The light pole geotechnical report was not done. It will be up to the bidder to provide this.

Addendum #1 is posted on the City's website: <http://www.pompanobeachfl.gov>. Bidders must submit their bid with the revised information. Acknowledge receipt of this Addendum in the area provided on Page 13 of the bid.

The deadline for acceptance of sealed bids in the Purchasing Office, 1190 N.E. 3rd Avenue, Bldg. C, Pompano Beach, 33060, is **2:00 p.m. (local), September 15, 2015.**

The remainder of the solicitation is unchanged at this time.

Sincerely,

Jeff English
Purchasing Agent
