ADDENDUM #5, RFP T-05-15

RESIDENTIAL AND COMMERCIAL SOLID WASTE COLLECTION SERVICES

To Whom It May Concern,

Please review the following questions and responses for RFP T-05-15, Residential and Commercial Waste Collection Services.

Q1: The bulk waste is approximately 2 to 2.5 times higher than our experience with similar cities in the surrounding areas. Is it possible some of these tons are Solids waste? What percentage of these bulk tons is vegetation?

Response:

- None of the tons reported as bulk waste are solid waste.
- There is no data separating vegetation within the bulk waste tonnage.

Q2: The above referenced RFP on the first paragraph at Page 2 states "The City of Pompano Beach is seeking proposals from qualified firms to provide exclusive franchised residential and solid waste collection and commercial solid waste collection services to the City according to the provisions of the Request for Proposals (RFP) and draft Franchise Agreement provided in Attachment A" (emphasis added).

Question : Where does the City of Pompano Beach, its elected and appointed officials get the authority to seek, and award an exclusive franchise for residential and commercial solid waste, as encompassed by the subject RFP when Section 228 of the City Charter, approved by a majority of eligible voters of the City on March 9, 1976, specifically prohibits the granting of exclusive franchises (emphasis added): and Section 228 of the City Charter has not been amended as provided in Section 261 of the Charter by the City's elected officials , and ratified by a majority of the votes cast by the qualified electors of the City at a general or special election held for that purpose? (Copies of said Sections of the City Charter are attached and incorporated hereto for all purposes)
