1190 N.E. 3rd Avenue, Building C  
Pompano Beach, Florida, 33060**

December 15, 2015

**ADDENDUM #1, BID L-09-16 – BULK CO2 GAS-STAY FILL**

To Whom It May Concern,

Please review the following questions submitted by potential bidders, and answers from the City.

**Q1:** Listed on the bid are approximate CO2 usages of 20,000 and 15,000 lbs. a year respectively. The two tank location that is using 20,000 lbs. per year, are both tanks located together on site or are they located in different pool areas? Given the poundage involved which would require 2 trips a month for the allotted tank capacities, would there be room at each location for additional tanks to increase capacity at each location?

**Response:** The tanks at the two tank location are in different pump rooms at the same site. Currently we do not have room for additional tanks in the 50 meter pool pump room and are unsure if the new 25 meter pool pump room will have enough room for an additional tank. The current vendor is able to fill both tanks in one trip without issue. Pictures of each pump room have been included on page 2 of this addendum.

Addendum #1 is posted on the City's website: [www.pompanobeachfl.gov](http://www.pompanobeachfl.gov).  
Acknowledge receipt of this Addendum in the area provided on page 12 of the bid.

The deadline for acceptance of quotes in the Purchasing Office, 1190 N.E. 3<sup>rd</sup> Avenue, Bldg. C, Pompano Beach, 33060, is **2:00 p.m. (local), December 22, 2015.**

The remainder of the solicitation is unchanged at this time.

Sincerely,

Cassandra LeMasurier, Purchasing Supervisor
