I. Detail Specifications

2. Any equipment unsafe for continued use and/or beyond economical repair shall be marked "REJECT - UNSAFE FOR USE" at the time of inspection.
3. The contractor is to notify the City as soon as possible of the total number of helmets that have been rejected for reconditioning.
4. The contractor will not undertake to change or modify the design, construction, material, or fitness of the equipment.
5. Prices listed in this quotation are to include transportation (both ways). Price is also to include insuring said equipment against loss or damage occurring in transit

or while in the contractor's possession to the extent of the actual cash value of the same at the time of the loss or damage.

6. All protective equipment shall be cleaned and sanitized in accordance with the original manufacturer's policies and procedures. Where original manufacturer's procedures exceed the standards of the National Athletic Equipment Reconditioners Association, the original manufacturer's procedure will take precedence.
7. All bidders agree that all work performed and parts furnished under contract to the City as a result of this request for quotation will be fully guaranteed.
8. No quotation will be considered for the reconditioning of helmets from any company that does not have, fully operational in their facility, helmet testing equipment approved by the National Operating Committee on Standards for Athletic Equipment (NOCSAE).
9. No sub-contracting of any portion of this contract by the successful bidder (contractor) will be allowed by the City.
10. All NOCSAE approved helmets are to have recertification labels indicating the date and vendor name affixed to the helmet shell interior. Further, all helmets shall have the "WARNING" label (approved by NFSHSA, NCAA and manufacturers) affixed to the helmet shell exterior.
11. All procedures, processes, repairs and replacement parts shall be in strict adherence to the original manufacturer's recommended procedures and identical to OEM parts.
12. All face protectors shall be removed for thorough shell inspection and testing, and then reinstalled on the same helmet using all new attaching hardware.
13. No helmet will be reconditioned unless it is also recertified.
14. All bidders shall include in their quotation price the NOCSAE surcharge per helmet.

All worn-out liners will be replaced as required. Helmet sweatband and front pad will be cleaned. Helmet will be reassembled and recertified to the NOCSAE standards. Jaw pads, any other type

pad or cushioning/shock absorbing substance, chin straps, and face mask will be replaced, if necessary, with original manufacturer parts.

Helmet Brand = Riddell, Quantity = 565

A total of 565 helmets are identified above. At the time of quotation preparation, the Recreation Department was aware of approximately Ninety (90) additional helmets, which had not been returned to the City by football program participants. These helmets should be in the City's possession, and be available for reconditioning, at the time of contract award. Bidders must agree to recondition this additional quantity of helmets, each to be paid for at the unit price quoted for that brand/model helmet. The final Purchase Order will reflect the total quantity of helmets to be reconditioned.
