

IMPORTANT INFORMATION FOR SIGN APPLICANTS

As of February 28, 2017 a Sign Code Compliance Permit will be required before applying for a Building Permit.

- The Sign Code Compliance Permit will be processed and approved by the Zoning Department.
- The Sign Code Compliance Permit ensures the sign meets the standards of the City's Sign Code (Chapter 156).
- The application fee is \$25.00.

Applicants may request to apply for the Sign Code Compliance Permit and the Building Permit at the same time (aka concurrent applications). Applicants wanting to submit concurrent applications must request a waiver from the Zoning Department.
