Real Estate Development Accelerator (REDA)

Projects in the City of Pompano Beach Community Redevelopment Agency (CRA) Northwest area may be eligible for a tax incentive known as the Real Estate Development Accelerator (REDA). This incentive will be instituted to expedite development in the Northwest CRA Area.

Although businesses within the entire Pompano Beach Community Redevelopment Agency area are eligible to participate, emphasis shall be placed on those businesses within the Martin Luther King Business District target area and property owners within the Old Pompano, 27th and 31st Avenue corridors. Applicants meeting the location criteria of this program will have preference to ensure maximum impact to the district.

REDA, a performance-based tax incentive, is a phased-in program that provides larger incentives to developers during the initial development stage. The developers who bring projects to the area in the early stages are accepting more risk; they will incur more costs for marketing their development and may experience slower sales than projects that are built after the market is established. Costs to develop the projects are also generally higher due to the lenders ability to mitigate risk by charging higher interest rates or to require more up front equity, thus negatively effecting the developer's pro forma.

A clearly defined need must exist and be proven by each development initiative before funding under REDA will be considered. Any incentive that is approved by the CRA Board will be paid during and/or after construction of a project. Approved projects will require a Development Agreement among the CRA and the developer.

Disbursements of the Grant proceeds may be made on a reimbursement basis or paid directly to the Service Provider, in accordance with the Scope of Services attached to application and provided applicant first approves of payment to Service Provider.

Should an applicant choose to engage the services of an agent (individual or company) to assist/represent applicant in this aspect of the process, the expenses for the agent's service will be borne by the applicant. Such expenses are not reimbursable under the terms of any of the CRA's incentive programs. CRA funds cannot be applied to services other than architecture, engineering, etc. related to the construction of the interior or exterior of the building.

The REDA incentive is contingent on funding availability and CRA approval, and is not to be construed as an entitlement or right of a property owner or applicant. Properties in the CRA areas are not eligible for City/CRA funded programs when such funding conflicts with the goals expressed in the CRA Strategic Finance Plan or Community Redevelopment Plan.

The REDA program will be available for a six-year period, with Phase I in effect for four years and Phases II and III for one year each. Phase I will be effective from October 2013 and will expire September 2016. At that point Phase II incentives will take effect for one year, followed by the final stage, Phase III. The incentives for the three phases are as follows:

	Phase I <u>10/13-9/16</u> 50-80%	Phase II <u>10/16-9/17</u> 35-60%	Phase III <u>10/17-9/18</u> 5-40%
