INTRODUCTORY SECTION

City of Pompano Beach, Florida

March 22, 2011

The Honorable Mayor,
Commissioners and Residents of the
City of Pompano Beach, Florida

Dear Honorable Mayor, City Commissioners and Residents:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Pompano Beach, Florida (the City), for the fiscal year ended September 30, 2010. This report, presented in conformity with accounting principles generally accepted in the United States of America (GAAP), was prepared by the City's Finance Department and audited by an independent firm of certified public accountants, McGladrey and Pullen, LLP, as mandated by Florida Statutes, Chapter 218.39, *Annual Financial Audit Reports*. The audit was conducted in accordance with the rules of the Auditor General of the State of Florida, promulgated pursuant to Florida Statute, Chapter 11.45. The independent auditor has issued an unqualified opinion that this report fairly presents the financial position of the City and complies with applicable reporting standards.

The City is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. Management has established an internal control structure designed to ensure the assets of the City are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute assurance, that the financial statements will be free from material misstatement. We believe the data, as presented, is accurate in all material respects and is reported in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds.

As a recipient of federal, state and county financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. The City is required to undergo an annual single audit performed under the provisions of the US Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and Chapter 10.550, Rules of the Auditor General, State of Florida. The information related to the Single Audit, including the schedule of expenditure of federal awards and state financial assistance, findings and recommendations, and auditors' reports on the internal control and compliance with applicable laws and regulations are included in a separate report.

This report is divided into three parts. The Introductory Section provides a summary of the contents of the entire report and general information about the reporting entity. The Financial Section includes the Independent Auditors' Opinion, Management's Discussion and Analysis (Unaudited), the Basic Financial Statements, Notes to the Financial Statements, Required Supplementary Information (Unaudited), and the Combining and Individual Fund Financial Statements and Schedules. The Management's Discussion and Analysis section provides a narrative introduction, overview and analysis of the basic financial statements. It complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE CITY

The City was incorporated in 1947 and covers an area of approximately 25.08 square miles. The legal authority by which the City was created and is governed is its charter, which was derived from Chapter 57-1754, Special Acts 1957, as amended. The City is governed by an elected five member district commission and a mayor at large. In addition to general government services, the City also provides community planning and redevelopment, public safety, public works and culture and recreation services to its residents. Furthermore, the City's water and sewer, stormwater, sanitation, golf, pier and airport operations are reported as enterprise funds.

Located in Broward County, Florida, the City is centrally located between Palm Beach and Miami, and is the year round home to 98,711 residents. During the peak season (*September through March*), this number increases to nearly 150,000. As the name implies (Pompano - a species of in-shore tropical game fish) the City is famous for some of the world's best sport fishing and is locally known as the "dive capital" of Broward County. Once a thriving agricultural community, the City has evolved into a warehouse/distribution hub for a wide range of companies that service the over 5 million residents of the South Florida market. The Pompano Beach Air Park is also home to the famous Goodyear Blimp.

The City offers 3 miles of beautiful shoreline and the City's public beach has been declared a Blue Wave Award winner since 2000. Additionally, in 2005 the City was named an All-America City. The All-America City Award is America's original and most prestigious community recognition award honoring communities in which community members, government, businesses and non-profit organizations work together to address critical local issues. The City has also been declared a Tree City USA for the twenty-first year and is committed to enhancing its tree canopy and providing shade and fresh air to residents and guests. Due to its mild year round climate, visitors to the City can also enjoy its beautiful parks, beaches, boating, fishing, scuba diving and all other types of outdoor recreation.

Due to its tremendous transportation links, the City is now home to over 30 million square feet of industrial/warehouse/distribution space, which includes regional headquarters for companies such as Aetna, Aquathin, Associated Grocers, FedEx Ground and Stimpson Co. The City provides access to both the Florida Turnpike and Interstate 95 and also provides access to both the CSX and FEC railroads.

THE REPORTING ENTITY

The accompanying CAFR includes the financial activities of the City, the primary government, and its component units, which are the Pompano Beach Emergency Medical Services District (EMS), the Herb Skolnick Cultural Arts Foundation, Inc. (the CAF) and the Pompano Beach Community Redevelopment Agency, which includes the Northwest and the East Districts (the Districts). Financial information for the City and these component units is accounted for in the accompanying financial statements in accordance with principles defining the governmental reporting entity adopted by the Governmental Accounting Standards Board (GASB). The criterion used for including component units consists of identification of legally separate organizations for which elected officials of the City are financially accountable. The criterion also includes identification of organizations for which the nature and significance of their relationships with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete and as such, these entities are presented on a blended basis.

EMS is a dependent special district created to provide emergency medical care and transportation to the residents of the City. EMS has been presented as a blended component unit because it is governed by the City Commission. The EMS fund is reported as a special revenue fund.

The CAF and the Districts have also been presented as blended component units because they are governed by the City Commission. The CAF and the Districts are reported as special revenue funds.

FACTORS IMPACTING ECONOMIC CONDITION

Commercial - Industrial Market

The Pompano Beach industrial market includes approximately 827 buildings and over 30 million square feet, which constitutes just over 23% of the entire Broward County industrial market. Industry experts state that the industrial sector performed the best of any of Broward's commercial markets in 2010.

Construction of industrial projects has screeched to a halt during the recession as there were no new industrial projects developed in Broward County, let alone Pompano Beach, in 2010. However, the Pompano Beach submarket did lead the way in 2010 in leasing activity with over 1.4 million square feet (MSF) leased. Industry experts expect the leasing activity that kicked in during the second half of 2010 to carry over into 2011.

Industrial vacancy rates are expected to drop into the single digits in 2011, but weak rental rates will likely deter most developers from 'putting shovels in the ground' on new industrial projects next year. As such, any new construction of industrial developments will most likely take place closer to 2012.

Grubb & Ellis listed South Florida's industrial market as one of the nation's 10 strongest outlooks for industrial investments for 2011 in its annual real estate forecast. This forecast was made primarily because of South Florida's well established nexus of trade relations with Latin America and also a more stable domestic economy. International trade for South Florida set records in 2010, even exceeding 2008 levels, which was prior to the U.S. and global recession.

- **North Andrews Extension**: The missing segment of North Andrews Extension between Copans Road and West Atlantic Boulevard was finished and opened for traffic in December 2008. This new road has improved transportation options for hundreds of acres of industrial property, west of I-95.
 - Widening of North Andrews Avenue from NW 18th Street to Copans Road to four (4) lanes is expected to take place in 2014.
 - The widening of North Andrews Avenue from West Atlantic Boulevard to SW 3rd Street to four lanes is scheduled for 2025. (This section requires extensive right of way acquisition.)

Other industrial development projects include:

- **Sun Recycling** at 2281- 2301 NW 16th Street is upgrading its 38,982 sf facility on 6.95 acres.
- **Hypower Facilities** on NW 33rd Street is constructing an 11,600 sf office and storage yard on 4.74 acres.
- **New Reliant Medical** is constructing a new 5,000 sf warehouse on 0.846 acres.

Commercial – Office Market

According to CB Richard Ellis' Fourth Quarter 2010 market report, the Pompano Beach office market includes approximately 17 office buildings totaling 901,974 square feet of space. Unlike

Pompano Beach's industrial product, this constitutes merely 3.4% of the entire Broward County office market and includes no Class A space.

As with industrial construction, office product construction was non-existent throughout Broward County in 2010. The report states; "Historically, vacancy rates need to get below 12% before developers begin construction on office projects. It is likely Broward County may not see any new deliveries of office product through 2014."

The report continues; "For the first time after three consecutive years of recording negative absorption (the change in occupied square feet from one period to the next), overall demand outpaced space being brought back to the market. While reporting positive absorption, it was not enough to have any major impact on vacancy, but it is a positive indicator that the office sector has begun to see the pendulum shift in a more favorable direction. Class A space was the only sector to report negative absorption... This can be attributed to local businesses beginning to lease smaller spaces within the Class B and Class C sectors coupled with a handful of mid-sized tenants choosing savings over quality when they relocated from higher-end office space." Even so, the report shows Pompano Beach having a 24.8% vacancy rate and a 2010 absorption figure of negative 24,168 SF.

Commercial – Retail

The Isle of Capri Casino opened in April 2007 at the Pompano Park Harness Track. This casino is one of the four allowed in Broward County by local initiative.

- In an effort to be adopted before the previously proposed yet unsuccessful Amendment 4 (Hometown Democracy Amendment) the Isle applied for a future land use plan amendment to change from CR & Regional Activity Center (RAC) to a new RAC with new development levels. Those new development levels are 135 acres of commercial recreation uses, 27 acres of commercial uses, 26 acres of office use, and 1,300 dwelling units on 42 acres (including 250 garden apartments and 1,050 mid-rise apartments) on a total of 223 acres.
- While no plans have been submitted to date, the Isle of Capri Casino hopes that this land use plan amendment will help position the race track and casino for successful future development.

Other commercial developments that are taking place include:

- The Oasis Plaza at 2751 W Atlantic Blvd has expanded and a 2-story 9,800 sf building has been constructed.
- The Palm Aire Country Club Professional offices added 2,346 sf of office space at 555 S Powerline Rd.
- The Beachway Shopping Center at 800 N Federal Highway is in the process of being completely renovated. The 53,981 sf plaza occupies 3.656 acres.
- The Taco Bell at 357 W Atlantic Blvd. underwent a complete overhaul of the 2,224 sf building.
- A 14,690 sf Walgreens is being constructed at 2401W Atlantic Blvd at the N.E. corner of Powerline Road.
- The Amerika Gas Station at 1493 NW 31st Avenue is renovating and upgrading its property on 0.91 acres at MLK Blvd and the Florida Turnpike.

Residential Market

While a number of projects have obtained site plan, rezoning and/or land use plan amendment approvals (listed below) in the City, none broke ground over the past year. As with the other

markets, residential new construction was non-existent in fiscal year 2009-10. This is primarily due to a number of factors including: excess housing units that were constructed during the 'boom' years, high foreclosure rates, tighter credit restrictions and an unemployment rate that is still hovering around 12%.

A housing analyst for Weiss Research in Jupiter, FL, Mike Larson, put it this way in a recent article for CNNMoney.com (Home building permits soar 17%. Blake Ellis, 1/19/2011); "Until you chew through that backlog of inventory, you're not going to have motivation to build more – but that backlog is being worked on." Continuing, "The number of permits (nationally) for future housing construction surged to a seasonally adjusted annual rate of 635,000 last month (December 2010), up 16.7% from the revised rate of 544,000 in November, the Commerce Department said. That was the biggest monthly rise since June 2008 and leaves the total number of permits at the highest level since last March, said Larson. I don't think we're going to see a huge rebound in construction any time soon, but the market is healing slowly."

Local home sales statistics support those conclusions. "Broward County home sales fell 9 percent last year, but analysts say they're encouraged that the housing market will begin to recover in 2011. Broward had 7,997 existing homes trade hands in 2010, compared with 8,816 the year before, the Florida Realtors said Thursday. The median price was \$206,100, up slightly from \$205,700 in 2009. In December, Broward's existing home sales declined 14 percent from a year ago, and median price fell 4 percent to \$203,700 (Sun Sentinel blog, House Keys, 1/20/11)."

Still, despite the doom and gloom mood the recession has the country in, Bloomberg Businessweek, after analyzing historical data provided by the National Association of Realtors (NAR), recently listed the Miami-Fort Lauderdale-Pompano Beach, FL metropolitan statistical area (MSA) as 6th in a top ten listing of 'Biggest Metros with the Best Long- term Real Estate' (Bloomberg Businessweek, on Yahoo.com, 12/30/2010). Historically, prices of U.S. homes have outpaced inflation by a percentage point or two, and analysts still believe in the long term benefits of homeownership.

Proposed Residential projects in the City of Pompano Beach include:

- The Captiva Club site (formerly the Skycrest Mobile Home Park) at 1201 South Dixie Highway was approved for 312 dwelling units on 20.1 acres. Construction has not started.
- Orchid Grove, a townhouse development (on the old Cypress Plaza property) at 649 South Cypress Road, has been rezoned and has had its number of units reduced to 445 (from 481). Approximately half of the units have been constructed.
- The Oceanside (formerly the Atlantic Point or WCI) project, located at East Atlantic Boulevard and SR A1A, consists of 186 housing units and 50,465 square feet of commercial space. The commercial space remains vacant, but the sales of the luxury condominiums have increased over the past year. A new ownership group purchased the properties from WCI Communities.
- Pompano Creek, the site (formerly the Bali Hi Mobile Home Park) at 4411 North Federal Highway, was proposed to be redeveloped for approximately 350 residential units to be marketed to financially well off senior citizens. This project has stalled and currently remains vacant.
- Vintage Park, a proposed development north of the former Bali Hi Mobile Home Park at 4661 North Federal Highway, is proposed for 113 townhomes.
- Palm Aire Resorts, Ltd. Partnership proposes to convert a closed golf course lying north of West Atlantic Boulevard and west of NW 31st Avenue into a

residential development of 907 housing units on 84.88 acres. The application to amend the Future Land Use Plan has been approved.

- Highland Oaks plat (Pompano Beach Living) 912 NW 3rd Ave, 138 townhomes on 10.75 acres.
- Beachside Village at 809 S Ocean Blvd. is a proposed 34 townhome development on 1.93 acres.
- Riverside Condominiums at 407 N Riverside Drive, 42 condominium units on 0.955 acres.
- Atlantic Station at 140 NW 27th Ave. is a 50 apartment unit proposal on 1.78 acres.
- Ocean Garden Condominiums at 1508 N Ocean Blvd is a proposed 21 unit condo development on 0.62 acres adjacent to North Ocean Park.

Property Tax Reform, Other Revenue Sources and Increased Costs

Although no new legislation governing property taxes was passed in the last legislative session, past property tax reform measures continue to impact the City's ability to adjust its property tax revenue stream. In addition, the majority of the City's revenue sources are impacted by the economic downturn, as factors such as high unemployment, foreclosures and curbed consumer spending continue to impact receipts and collections. The combination of revenue declines and increased costs for pension, fuel and insurance, to name a few, created an anticipated shortfall of \$4.6 million for the fiscal year 2011 budget cycle. The City continues to explore opportunities to cut recurring costs by seeking benefit concessions from its employee unions, as well as exploring opportunities for outsourcing or restructuring of existing operations. Through it all, maintaining services for the City's residents remains a paramount objective.

MAJOR INITIATIVES

The City commenced/ completed many significant improvements and programs during the year to meet the needs of the community. The most significant programs/ improvements for the fiscal year ending September 30, 2010 were:

- Community Park improvements involves the demolition of the old municipal stadium and the Four Fields concession area and construction of two new ballfields, two practice fields, a combination football/soccer field next to the existing four fields in Community Park. Construction of a new concession building at the new baseball fields, as well as the Four Fields area, playground area, new parking, and refurbished four fields area is expected to be finished in 2011.
- A new beach fire station will be built on the barrier island on the northern portion of the Oceanside Parking lot at a cost of approximately \$3 million. The project is scheduled to start in February 2011 and should take approximately 1 year to complete.
- A new fire station to serve the annexed areas has been proposed. The site selection process has begun, although a location has not been selected. The estimated cost is \$4.6 million.
- The City will continue to construct reclaimed water distribution lines in the residential area between Intracoastal Waterway and Federal Highway, as well as to schools within the Old Pompano Neighborhood. The City continues to budget \$300,000 annually for the project, as well as submit applications for available grants. The reclaimed water will be used for irrigation of landscaped areas, thus saving the City's drinking water supplies for household use. The City worked with Broward County on a pilot project to determine the

feasibility of using reuse water to abate salt water intrusion, but neither County permits nor variances could be obtained at this time.

- A new stormwater master plan is to be undertaken in the spring of 2011. The latest comprehensive drainage study and model was completed in 1999. Stormwater modeling techniques have improved drastically since then, allowing for better predictions of flooding and water quality analysis. This study will be a tool to develop a new stormwater capital improvement plan. The cost for the study is approximately \$1 million.
- The City outsourced the Code Compliance Services Division, instead of continuing this function under the Broward Sheriff's Office and anticipates saving approximately \$375,000 with the move, annually.
- The City issued a request for letters of interest to redesign/rehabilitate 18 holes at the City's golf courses and design irrigation on 36 holes. The bid was won by the Greg Norman Golf Course Design Company to redesign/rehabilitate the City property and create one signature course, replace irrigation on the Pines Course and modify irrigation on the Palms Course. The project cost is estimated at \$3.4 million. The timeframe for the project is expected to be January 2011 to November 2011.

FINANCIAL POLICIES AND PLANNING

Financial Policies – The City has adopted a written comprehensive investment policy to safeguard against the loss of its assets. Oversight for the investment program lies with the Finance Director under the direction of the City Manager. The City's investment program is established in accordance with the City's investment policy, which was adopted by ordinance by the City Commission, and Florida State Statute Chapter 218.415 (Local Government Investment Policies), which establishes investment plan guidelines for local governments in Florida. The City's investment guidelines permit the investment of City funds in United States Treasury securities, United States Government Agency securities with the full faith and credit of the United States Government, Federal Instrumentalities (Government Sponsored Enterprises), Corporate Notes, Commercial Paper, Time Deposits (Certificates of Deposit), Repurchase Agreements, Bankers' Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Money Market Mutual Funds, Intergovernmental Investment Pools and Savings Accounts of financial institutions that are Qualified Public Depositories in accordance with Florida State Statute Chapter 280.01 (Security for Public Deposits). All securities are purchased on a delivery-versus-payment basis. This requirement assures the City that it has possession of the securities before release of its funds.

The investments of the pension plans are controlled by the pension boards, who have hired professional money managers responsible for managing the assets of those funds.

Budget Projections – Multi-year budget projections based on a budget forecast model are currently being prepared by the City's Budget Office to forecast financial issues beyond the typical next year budget timeframe. This tool will allow the City to adjust expenditure levels to those of available future revenues to prevent financial emergencies.

Risk Management – The City is exposed to various risks and losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and group health. The City is self-insured except for commercial insurance purchased for airport liability and group health insurance, and purchases of excess commercial insurance beyond the self-insured retention for general liability, auto liability, property damage and workers' compensation and has not incurred a reduction in insurance coverage. No workers' compensation settlements exceeded the City's current self-insured retention levels in fiscal year 2010.

Pension Plans – Two defined benefit plans are maintained for employee retirement; the General Employee's Retirement System and the Police and Firefighters' Retirement System. Funding of these plans continue on an actuarially sound basis. The City has also established a Defined Contribution Retirement System for certain professional and managerial employees, but does not contribute to the Plan on behalf of its employees.

REPORTING ACHIEVEMENT AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the year ended September 30, 2009. The City has received the GFOA's prestigious Certificate of Achievement for Excellence in Financial Reporting award for twenty-eight years. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of only one year. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

The financial responsibility exhibited by the Commission throughout the year is certainly commendable, especially given the current and future challenges faced by the City given continued economic decline impacting the fiscal affairs of the City and ultimately the residents of the City. Your interest in the fiscal matters of the City combined with a commitment to assume continual sufficient financial capacity is appreciated.

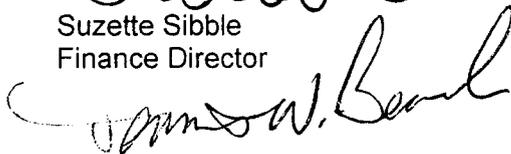

This report, which conforms to all the latest effective standards of local government financial reporting, could not have been prepared without the extraordinary devotion of the Finance Department team. Their dedication merits special attention. Sincere appreciation is extended to them for their efforts in the preparation of this report. Special thanks to the City's Planner, for his contributions in providing a comprehensive profile of the City, as well as providing readers with a summary of economic conditions and major initiatives impacting the City and to the City's Budget Officer for providing insight into economic factors impacting the fiscal year 2011 budget.

For further information, please refer to the Management's Discussion and Analysis section (page 3) of this report.

Sincerely,

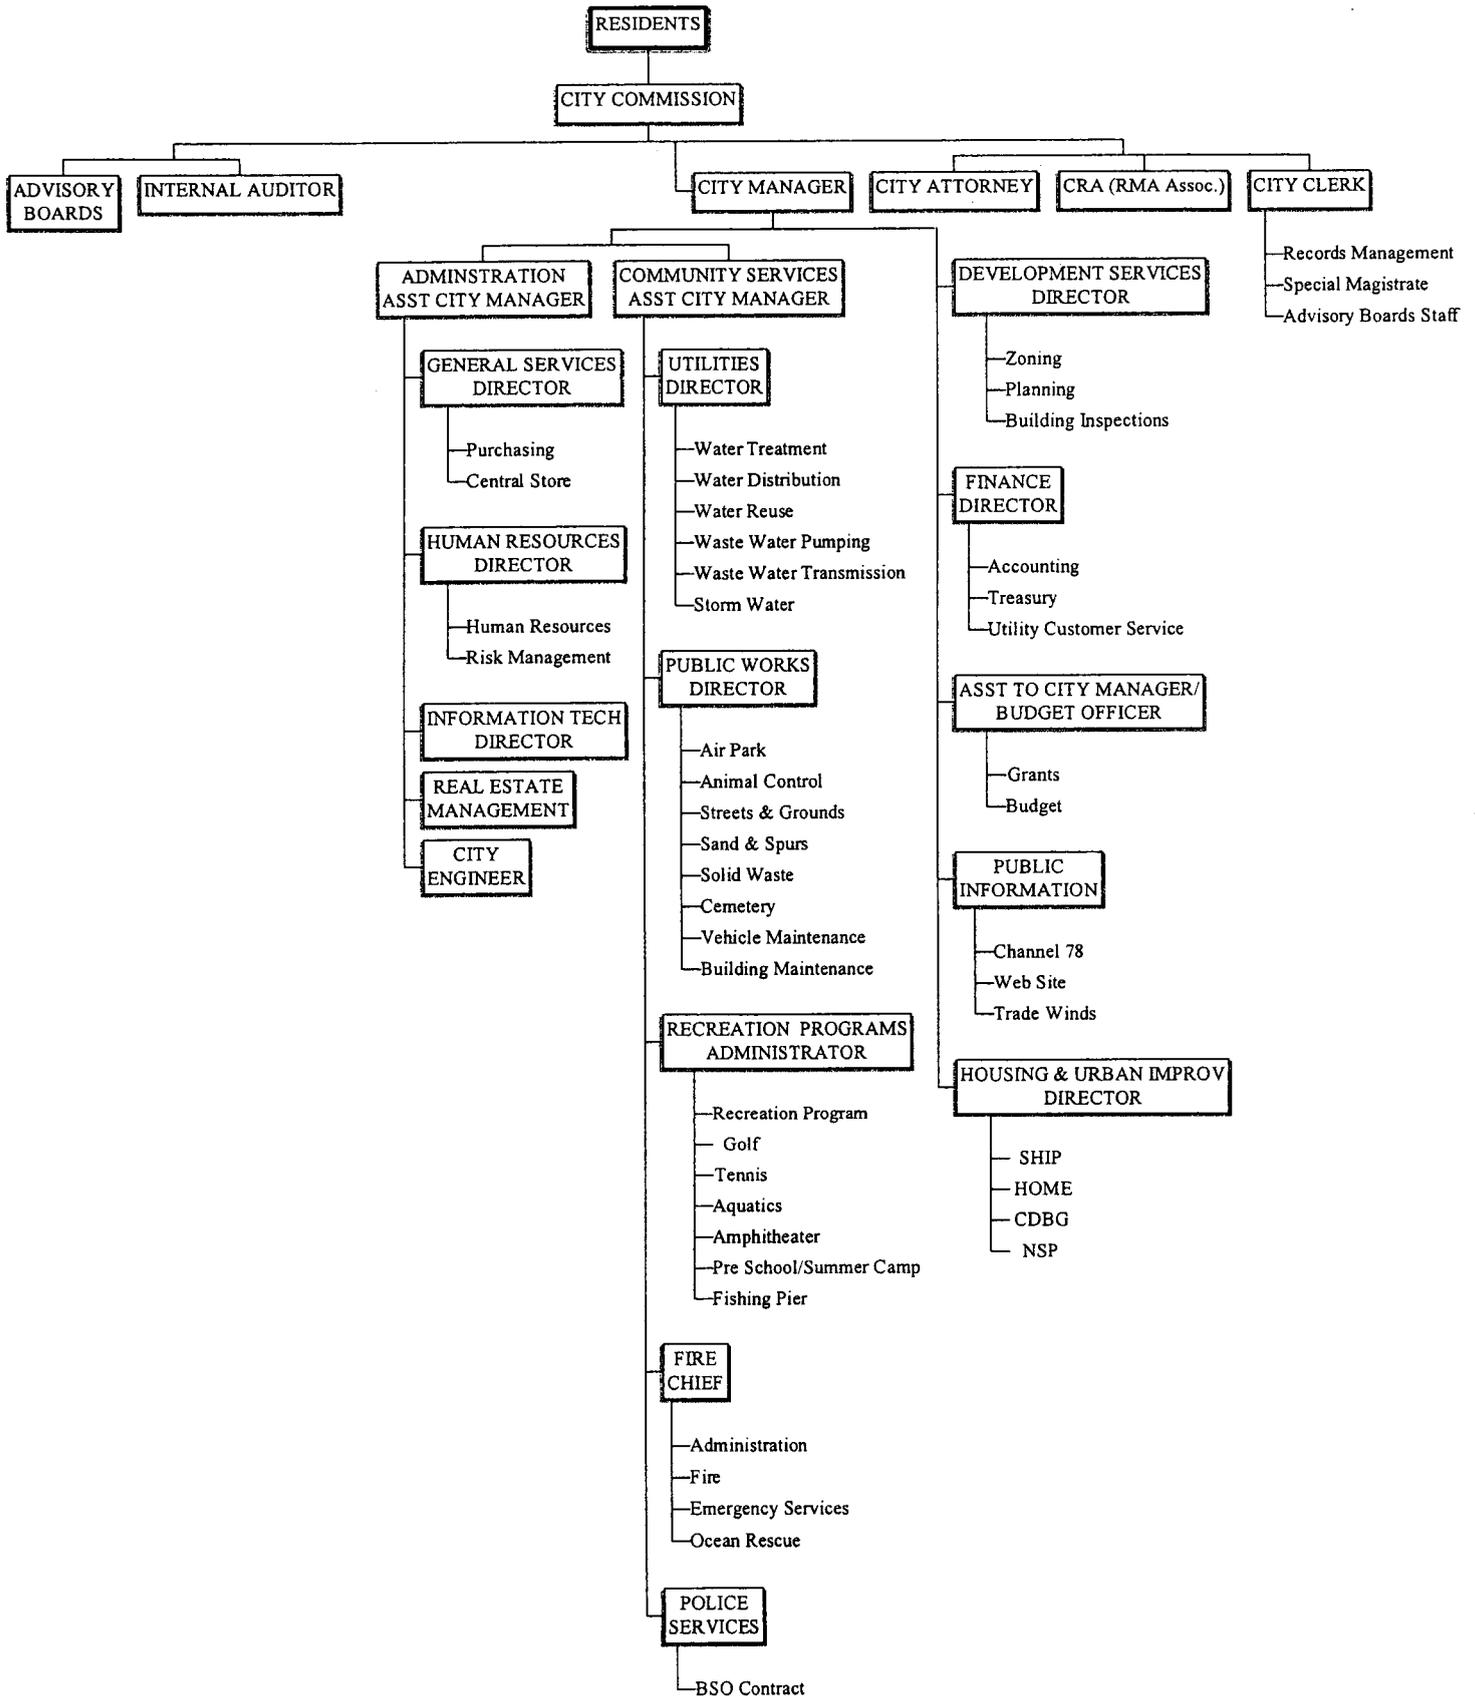

Suzette Sibble
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Pompano Beach
Florida

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

FINANCIAL SECTION

Independent Auditor's Report

Honorable Mayor and Members of the City Commission
City of Pompano Beach, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Pompano Beach, Florida (the "City"), as of and for the year ended September 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Pompano Beach Police and Firefighters' Retirement System and the City of Pompano Beach General Employees' Retirement System, which represent 80% of the total assets and 55% of revenues/additions of the aggregate remaining fund information. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Pompano Beach Police and Firefighters' Retirement System and the City of Pompano Beach General Employees' Retirement System, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Pompano Beach, Florida, as of September 30, 2010, and the respective changes in financial position and, cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued under separate cover our report dated March 22, 2011 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis, the police and firefighters' retirement system, general employees' retirement system and other post employment benefits schedules of funding progress, and the budgetary comparison schedules – general fund, northwest community redevelopment district fund, east community redevelopment district fund and the emergency medical services fund are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining and individual fund financial statements and schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections, have not been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, accordingly, we express no opinion on them.

McGladrey & Pullen, LLP

Fort Lauderdale, Florida
March 22, 2011

City of Pompano Beach, Florida
Management's Discussion and Analysis for the Fiscal Year Ended September 30, 2010
(Unaudited)

The City offers readers of its financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages iv through xi of this report.

New Accounting Pronouncements Adopted

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, issued June 2007, was effective for the City beginning with its fiscal year ending September 30, 2010. This Statement established accounting and financial reporting requirements for intangible assets (such as right-of-way easements, utility easements, land use rights, computer software etc.) to reduce inconsistencies, thereby enhancing the comparability of the accounting and financial reporting of such assets among state and local governments. The City has implemented this accounting pronouncement within the required timeframe.

GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, issued June 2008, was also effective for the City beginning with its fiscal year ending September 30, 2010. This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are often complex financial arrangements used by governments to manage specific risks or to make investments. By entering into these arrangements, governments receive and make payments based on market prices without actually entering into the related financial or commodity transactions. A key provision in this Statement is that derivative instruments covered in its scope, with the exception of synthetic guaranteed investment contracts (SGICs) that are fully benefit-responsive, are reported at fair value. This statement did not have any current impact on the City's financial statements as the City's investment policy currently prohibits investments in derivative instruments.

GASB Statement No. 58, *Accounting and Financing Reporting for Chapter 9 Bankruptcies*, was effective for the City beginning with its fiscal year ending September 30, 2010. The objective of this statement is to provide accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It requires governments to re-measure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms (that is, approves) a new payment plan. This statement does not have a current impact on the City's financial statements.

New Accounting Pronouncements Not Yet Adopted

GASB Statement No. 54, *Fund Balance Reporting and Government Fund Type Definitions*, issued February 2009, will be effective for the City beginning with its fiscal year ending September 30, 2011. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The City's management is aware of this requirement and has already begun to assess its impact.

GASB Statement No. 59, *Financial Instruments Omnibus*, is effective for financial statements for periods beginning after June 15, 2010. The objective of this Statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this Statement will improve financial reporting by providing more

complete information, by improving consistency of measurements, and by providing clarifications of existing standards.

American Recovery and Reinvestment Act Grant Funding

On Feb. 13, 2009, Congress passed the American Recovery and Reinvestment Act of 2009 (the Recovery Act), which was signed into law on February 17, 2009 by the President of the United States. A direct response to the economic crisis, the Recovery Act has three immediate goals:

- Create new jobs and save existing ones;
- Spur economic activity and invest in long-term growth; and
- Foster unprecedented levels of accountability and transparency in government spending.

The Recovery Act intends to achieve those goals by:

- Providing tax cuts and benefits for millions of working families and businesses;
- Increasing federal funds for education and health care as well as entitlement programs (such as extending unemployment benefits);
- Making \$275 billion available for federal contracts, grants and loans; and
- Requiring recipients of Recovery funds to report quarterly on how they are using the money.

The City has been aggressive in its efforts to take advantage of Recovery Act grant funding and the chart below displays all Recovery Act grants that have been awarded to the City as of September 30, 2010 and fiscal year 2010 expenditure activity related to each program:

Grant Awarding Agency	Grant Name	Award Amount	Fiscal Year 2010 Expenditures
U.S. Department of Housing and Urban Development	Community Development Block Grant-R	\$ 332,012	\$ 318,873
U.S. Department of Housing and Urban Development	Homelessness Prevention and Rapid Re-Housing Program	507,694	165,657
U.S. Department of Energy	Energy Efficiency and Conservation Block Grant	1,038,200	8,802
U.S. Department of Justice (pass through BSO)	Byrne Justice Assistance Grant	571,977	-
TOTAL FUNDS AWARDED & EXPENDED		\$ 2,449,883	\$ 493,332

Residents of the City may access specific reporting data for the City relevant to Recovery Act grant awards by accessing the website created to allow the public to track the use of Recovery Act grant funds, located at <http://www.recovery.gov>. The City will continue to submit grant applications as additional grant opportunities arise.

OVERVIEW OF THE FINANCIAL STATEMENTS

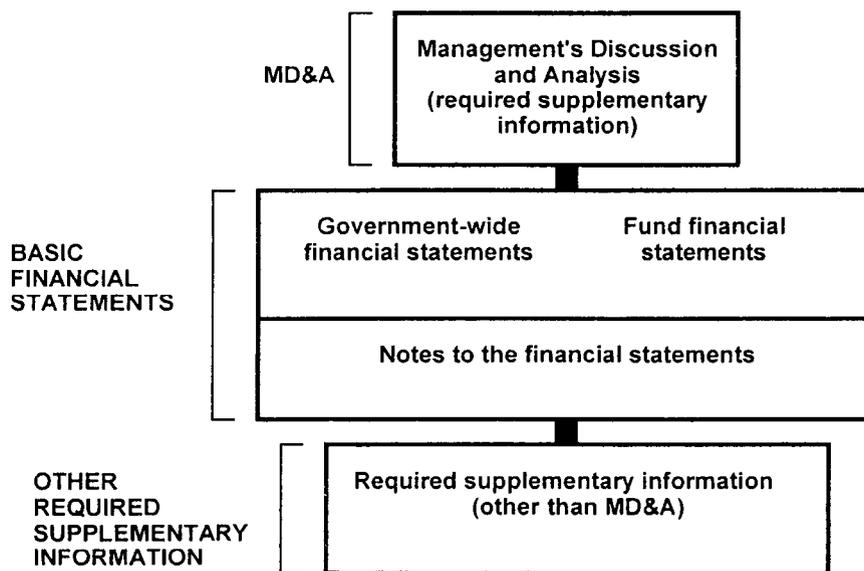

This annual report follows a format consisting of four parts – Management’s Discussion and Analysis (this section), the Basic Financial Statements, Required Supplementary Information, and an optional section that presents combining statements for non-major governmental funds, non-major enterprise funds, internal service funds and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the City.

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City’s overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City government, reporting the City’s operations in more detail than the government-wide statements.

- The governmental fund statements tell how general government services like public safety were financed in the short-term, as well as what remains for future spending.
- Proprietary fund statements offer short and long-term financial information about the activities the government operates like businesses, such as the water and sewer utility.
- Fiduciary fund statements provide information about the financial relationships – such as the retirement plans for the City’s employees, in which the City acts solely as trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of Required Supplementary Information that further explains and supports the information in the financial statements. Figure 1 shows how the required parts of this annual report are arranged and relate to one another.

FIGURE 1

FINANCIAL HIGHLIGHTS

1. The assets of the City exceeded its liabilities at the close of the fiscal year by \$549.5 million. Of this amount, \$195.5 million (unrestricted net assets) may be used to meet the government’s on-going obligations to citizens and creditors in accordance with the City’s fund designation and fiscal policies. The City’s total net assets increased by \$21.8 million.
2. At the close of the current fiscal year, the City’s governmental funds reported combined ending fund balances of \$201.8 million, representing an increase of \$22.1 million from the previous fiscal year.
 - The General Fund accounted for approximately \$1.2 million of the net increase. This was primarily due to the net effect of greater than anticipated collections related to pari-mutuel revenues, utility taxes, and communication service taxes and less than anticipated collections for building permit fees, as well as an increase in transfers from the community improvement fund balance to the Capital Projects Fund for various projects and less than anticipated expenditures primarily related to the Public Safety (BSO vacancy credits) and Culture and Recreation functions.

- Approximately \$3.3 million of the net increase is the result of activity for the Pompano Beach Community Redevelopment Agency Northwest District, primarily due to the net effect of current year operating activity and the capitalization of property acquisition and related costs to "assets held for resale" during the current fiscal year.
 - The Capital Projects Fund accounted for approximately \$5.7 million of the net increase, primarily due to the transfer of funds from the General Fund for various projects, such as Community Park Phase III Improvements, Mitchell Moore Park Phase II Construction, Palm-Aire Park design and construction, the purchase of three mobile generators and the repair of seawalls throughout the City. Activity related to these projects did not fully get underway by fiscal year end.
 - The Pompano Beach Community Redevelopment Agency's East District accounted for approximately \$11.4 million of the net increase, due primarily to the issuance of \$10 million in tax increment revenue bonds during the fiscal year to finance various redevelopment projects in the East District.
3. At the end of the current fiscal year, unreserved fund balance for the General Fund was \$52.6 million. Approximately \$41.7 million or 79% of this amount has been designated by management for various purposes (such as disaster and operating contingency funds and community improvement funds).

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, transportation, physical environment, and culture and recreation. The business-type activities of the City include utilities, stormwater, sanitation, golf, airpark and pier activities.

The government-wide financial statements include not only the City itself (the primary government), but also its blended component units, as discussed in the notes to the financial statements. In addition, the City has two defined benefit pension plans and a defined contribution pension plan established for the exclusive benefit of its employees and beneficiaries. The pension plans are reported as fiduciary funds in the fund financial statements of this report, but are not included in the government-wide statements. The government-wide financial statements can be found on pages 20 through 22 of this report.

FUND FINANCIAL STATEMENTS

The Fund Financial Statements include statements for each of the three fund types- governmental, proprietary and fiduciary. The governmental fund financial statements are prepared using the current financial resources measurement focus and modified accrual basis of accounting. The proprietary

fund financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. Reconciliations of the Governmental Fund Financial Statements to the Government-wide Financial Statements are provided in the Basic Financial Statements (pages 25 and 28) to explain the differences between the governmental fund financial statements and the government-wide financial statements.

REPORTING THE CITY AS A WHOLE

Governmental-wide Financial Analysis - Net assets may serve over time as a useful indicator of the government's financial position. In the case of the City, assets exceeded liabilities by \$549.5 million at September 30, 2010. The City's net assets increased by \$21.8 million during the current fiscal year. The largest portion of the City's net assets 57% reflects its investment in capital assets (e.g., land, building, improvements, infrastructure and construction in progress), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide service to citizens; consequently these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate those liabilities. Approximately 7% or \$38.3 million of net assets is subject to external restrictions for various purposes (e.g. building permitting function, capital projects).

TABLE 1

SUMMARY OF NET ASSETS
SEPTEMBER 30, 2010 and 2009

	Governmental Activities		Business-Type Activities		Totals	
	2010	2009	2010	2009	2010	2009
Current and other assets	\$ 237,506,251	217,037,430	\$ 61,119,275	66,424,760	\$ 298,625,526	283,462,190
Capital assets	212,893,367	206,553,533	132,256,063	131,516,549	345,149,430	338,070,082

Long-term liabilities	50,904,842	44,762,724	32,539,726	35,536,467	83,444,568	80,299,191
Other liabilities	6,917,686	8,493,560	3,950,519	5,104,255	10,868,205	13,597,815
Total liabilities	<u>57,822,528</u>	<u>53,256,284</u>	<u>36,490,245</u>	<u>40,640,722</u>	<u>94,312,773</u>	<u>93,897,006</u>
Net assets:						
Invested in capital assets						
net of related debt	212,893,367	205,458,533	102,762,337	99,197,519	315,655,704	304,656,052
Restricted	28,451,297	29,455,841	9,897,046	11,053,695	38,348,343	40,509,536
Unrestricted	151,232,426	135,420,305	44,225,710	47,049,373	195,458,136	182,469,678
Total net assets	<u>\$ 392,577,090</u>	<u>370,334,679</u>	<u>\$ 156,885,093</u>	<u>157,300,587</u>	<u>\$ 549,462,183</u>	<u>527,635,266</u>

At September 30, 2010, the City is able to report positive balances in all three categories of net assets, for the government as a whole, as well as for its separate categories-governmental and business-type activities.

Governmental Activities – There was an increase of \$20.5 million in current and other assets for governmental activities, primarily as a result of proceeds related to a \$10 million tax increment revenue bond issued to finance redevelopment projects in the Pompano Community Redevelopment Agency's East District, as well as current year operations, as discussed on page 9.

There was an increase of \$6.3 million in capital assets. The increase noted was due to the donation of land, building and infrastructure assets to the City, the capitalization of an intangible asset related to the buyout of land deed restrictions at the Airpark from the Federal Aviation Administration, as well as the net effect of current fiscal year construction activity (as discussed in more detail on page 17) and the recognition of current fiscal year depreciation expense.

The increase of \$6.1 million in long-term liabilities is primarily the result of the net effect of the following activity:

- the issuance of \$10 million in tax increment revenue bonds by the Pompano Beach Community Redevelopment Agency (CRA) to finance redevelopment projects in the East District;
- the satisfaction of annual debt service related to the 1993 General Obligation Bonds (\$1.1 million) and the CRA's Northwest District Bonds (\$2.2 million);
- an increase in the recorded liability for other post employment benefits (OPEB) in the current fiscal year (approximately \$1.6 million), the result of the City's policy to fund its OPEB obligation on a pay-as-you go basis, combined with changes in various actuarial assumptions (health cost trend rates and morbidity rate);
- a decrease in the claims and judgments liability (approximately \$.7 million) as actuarially determined, due to a favorable loss development related to certain workers compensation cases as a result of a decrease in incurred losses; and
- a decrease in the compensated absences liability (approximately \$.2 million).

The decrease of \$1.6 million in other liabilities is primarily the result of the net effect of an accrual related to an amount due Broward County (\$.9 million) related to a line of credit that the City drew on to make previous improvements to Atlantic Boulevard, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010, the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years, the timing of vendor payments accrued at fiscal year end, a decrease in unearned revenues compared to prior year, particularly as it relates to grant activities, and an accrual for an amount due the State of Florida (\$.7 million) Department of Emergency Management related to an audit of Hurricane Wilma activities related to debris removal. The City is currently working with a consultant and is in the process of closing out several project worksheets related to this hurricane with the State and anticipates it may be entitled to additional funds, which may offset this return of funds to some degree.

Business-type Activities – The decrease of \$5.3 million in current and other assets is primarily a result of current year's operations, as discussed on pages 10-11.

The increase of \$.7 million in capital assets is primarily due to current fiscal year construction activity (as discussed in more detail on pages 16-17) and the recognition of current fiscal year depreciation expense. The decrease of \$3.0 million in long-term liabilities is primarily the result of the satisfaction of debt service requirements for the 2006 Water and Sewer Bonds in the current fiscal year. The decrease of \$1.2 million in other liabilities is primarily the result of the refund of previously remitted rental amounts by a tenant at the City's Airpark in the previous fiscal year, with regard to the computation of past annual rental increases, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010 and the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years.

Analysis of the City's Operations

The following table provides a summary of the City's changes in net assets for the fiscal year ended September 30, 2010.

TABLE 2
CHANGES IN NET ASSETS
FOR THE FISCAL YEARS ENDED SEPTEMBER 30, 2010 AND 2009

Increase (decrease) in net assets	22,242,411	8,553,189	(415,494)	1,442,603	21,826,917	9,995,792
Beginning net assets - 10/01/09	370,334,679	361,781,490	157,300,587	155,857,984	527,635,266	517,639,474
Ending net assets - 09/30/10	\$ 392,577,090	370,334,679	\$ 156,885,093	157,300,587	\$ 549,462,183	527,635,266

Governmental Activities –

Governmental activities increased the City's net assets by \$22.2 million.

Operating grants and contributions decreased by \$.4 million primarily due to less funds received for the SHIP Grant Program, no grant funds received under the COPs Grant Program, less funds received from the State of Florida related to the Fire Premium Tax, per Chapter 175, Florida Statutes, (*Firefighter Pensions*), and the net effect of an adjustment to defer funds received under the SHIP Grant Program at fiscal year end as expenditures had not yet been incurred related to program activity.

Capital grants and contributions increased by \$4.3 million primarily as a result of the net effect of the receipt of additional grant funds related to the Neighborhood Stabilization Program Grant (\$2.6 million), the CDBG-R Grant Program (\$.3 million), the donation of a warehouse to the City (\$2.6 million) and the receipt of no funds related to the CDBG Disaster Recovery Program in the current fiscal year.

The increase of \$4.6 million in taxes is primarily due to an increase in collections for property taxes (\$2.9 million), mainly as a result of an increase in delinquent collections, as well as an increase in the debt service ad valorem assessment in the current fiscal year to satisfy the fiscal year 2010 annual debt service payments for the 1993 General Obligation Bonds, an increase in tax increment payments for the CRA, which is a function of the change in the tax increment, as well as adjustments to millages for the various taxing districts (\$.9 million), as well as increases in utility taxes (\$.4 million) and communication service taxes revenue (\$.4 million). The latter increase is primarily due to an audit performed by the State of Florida resulting in the reallocation of previous distributions inadvertently made to other jurisdictions, to the City.

General government expenses decreased by \$8.4 million primarily as a result of the net effect of an increase in the City's liability for post employment benefits other than pension (i.e. health and dental), as actuarially determined, a decrease in the compensated absences liability (\$.2 million), a decrease in the claims and judgments liability (\$.7 million) as actuarially determined, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010, the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years and the buyout of land deed restrictions at the Airpark from the Federal Aviation Administration, resulting in the recording on an intangible asset in the amount of \$8.7 million. The buyout of the deed restrictions occurred in the prior fiscal year, but the deeds were not officially released until fiscal year 2010.

Public safety expenses increased by \$2.3 million primarily as a result of the net effect of an increase in employer pension contributions (as actuarially determined), the payout of a bonus to employees in the current fiscal year, the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years and an increase in contractual amounts paid to BSO for policing services. The City has been approved for U.S. Department of Justice Grant Funds to cover additional officers included in the BSO contract executed in July 2010, but the funds will not be drawn until fiscal year 2011.

Physical environment expenses increased by \$.8 million primarily as a result of an increase in expenses for the CDBG-R and HPRP grants and an increase in internal service charges, primarily related to risk management.

Culture and recreation expenses decreased by \$1.0 million primarily as a result of the net effect of the transfer of several employees to the Public Works Department, to facilitate the grounds maintenance function, the streamlining of operations resulting in a decrease in part time/temporary wages, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010, and the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years.

Business-type Activities - The business-type activities decreased the City's net assets by \$.4 million. The operating activity for the Utility Fund resulted in \$1.7 million decrease in net assets, while primarily activity related to the Sanitation and Stormwater Funds served to offset the decrease produced by the Utility Fund.

Charges for services reported in business-type activities decreased by \$1.3 million in comparison to the prior year primarily as a result of a decrease in the Utility Fund. The decrease in the Utility Fund is the result of the removal of an 18% surcharge from water rates during March 2010, as well as

continued water restrictions impacting consumption levels. In September 2010 the City enacted a two tier rate increase, in an effort to restore system revenues to sustainable levels, to be effective September 2010 and January 2011.

Utility operating expenses increased by \$1.3 million primarily as a result of the net effect of an increase in wastewater disposal and hazardous disposal charges from Broward County, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010 and the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

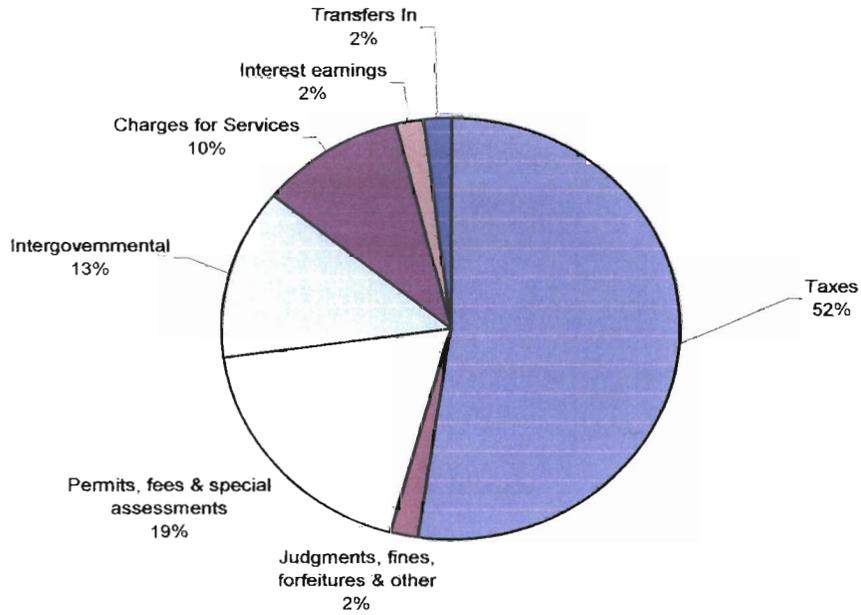

Governmental Funds

Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. The differences of results in the Governmental Fund financial statements to those of the governmental activities of the Government-wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

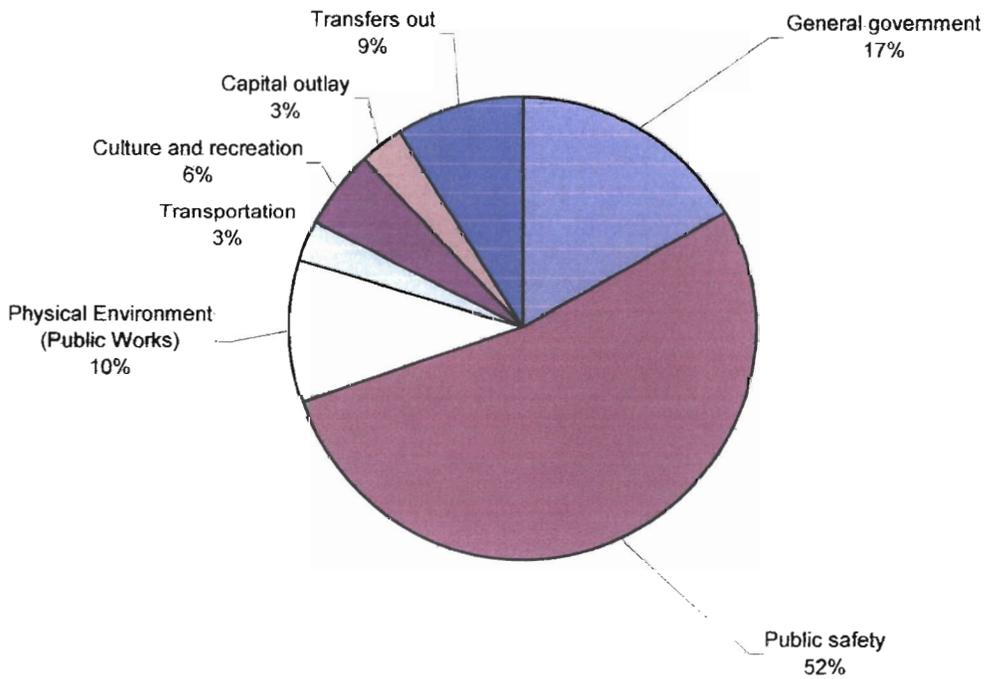

The General Fund

The General Fund is the chief operating fund of the City. The following pie charts depict the breakdown of actual receipts by revenue source and expenditures, by function, for the fiscal year ended September 30, 2010:

Revenues Received By Source

Actual Expenditures By Function

At the end of the current fiscal year, unreserved fund balance for the General Fund was \$52.6 million, while total fund balance was \$97.6 million. The fund balance for the City's General Fund increased by \$1.2 million during the current fiscal year.

Compared to the prior fiscal year, there was an increase of \$2.7 million in tax revenue, primarily due to an increase in pari-mutuel revenues and an increase in utility taxes and communication service taxes. The increase in communication service taxes was primarily the result of an audit performed by the Florida Department of Revenue, resulting in the reallocation of prior collections to applicable jurisdictions.

The increase of \$2.2 million in intergovernmental revenue is primarily due to the net effect of an increase in revenues for the Neighborhood Stabilization Program (\$2.6 million) and CDBG-R Grants (\$.3 million) and a reduction in funds received from the State of Florida related to the Fire Premium Tax, per Chapter 175, Florida Statutes, (*Firefighter Pensions*), a function of the number of property insurance policies written within the City.

The decrease of \$.6 million in charges for services is primarily due to a renegotiation of the City's contract with the Broward Sheriff's Office (BSO) which removed the requirement for BSO to separately remit building rent for the City's public safety building occupied by BSO.

The increase of \$2.1 million in general government expenditures is primarily the result of an accrual for an amount due Broward County related to a draw against a line of credit for improvements to Atlantic Boulevard (\$.9 million) and an increase (\$.7 million) in the NW and East CRA District's tax increment (a function of the increase in the tax increment from the base year and adjustments to each taxing district's operating millage rate).

The increase of \$1.7 million in public safety expenditures is primarily the result an increase in employer pension contributions for firefighters, a bonus paid out to firefighters and contractual amounts paid to BSO for policing services. The City has been awarded a grant from the U.S. Department of Justice to assist in offsetting costs associated with the provision of additional officers under the BSO contract, but will not be bale to draw on the funds until fiscal year 2011.

The increase of \$1.4 million in physical environment expenditures is primarily the result of an increase in expenditures related to the CDBG-R and HPRP Grants and an increase in risk management internal service charges.

The \$.7 million decrease in culture and recreation expenditures is primarily due to a reduction in part time/temporary expenditures due to a reorganization and streamlining of operations, the reclassification of positions to the Public Works function for grounds maintenance, as well as the payout of a bonus to employees in the prior fiscal year, with no such bonus paid out in fiscal year 2010.

The \$.8 million increase in capital outlay is primarily the result of the purchase of vehicles by the Fire Department and environmental remediation costs related to the N.E. Library site.

The increase of \$5.4 million in transfers out is primarily due to an increase in the transfer of funds to the EMS Fund to fund operations, the transfer of funds to the Golf Fund for fence replacement and the purchase of two slope mowers and an increase in transfers to the Capital Projects Fund for Community Park Phase III Improvements, Mitchell Moore Park Phase II Construction, Palm-Aire Park design and construction, the purchase of three mobile generators and the repair of seawalls throughout the City.

The Northwest Community Redevelopment Agency Northwest District Fund

The fund balance of the Northwest Community Redevelopment Agency Fund increased by \$3.3 million during the current fiscal year. This is the result of timing of collection of tax increment revenues and the expenditure of funds for redevelopment projects.

The East Community Redevelopment Agency East District Fund

The fund balance of the East Community Redevelopment Agency Fund increased by \$11.4 million primarily due to the issuance of tax increment revenue redevelopment bonds in the current fiscal year to finance projects in the East District.

Emergency Management Service Fund

The fund balance for the EMS Fund increased by \$.6 million. There was an increase of \$1.0 million in transfers in during the current fiscal year, offset by an increase in operating expenditures of \$.5 million. EMS expenditures increased by \$.5 million primarily as a result of the net effect of an increase in employer pension contributions (as actuarially determined), the payout of a bonus to employees in the current fiscal year, the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years & increased capital outlay expenditures due to the purchase of a vehicle.

Capital Projects Fund

The fund balance of the Capital Projects Fund increased by \$5.7 million during the current fiscal year primarily due to the transfer of funds from the General Fund for various projects, such as Community Park Phase III Improvements, Mitchell Moore Park Phase II Construction, Palm-Aire Park design and construction, the purchase of three mobile generators and the repair of seawalls throughout the City. Activity related to these projects did not significantly get underway by fiscal year end.

Proprietary Funds

When the City charges customers for the services it provides – whether to outside customers or to other units of the City – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. The City maintains internal service funds to report activities that provide services for the City's other programs and activities – such as the City's Risk Management Fund. Residual balances for internal service funds are reported with governmental activities in the Government-wide financial statements.

The approximately \$1.3 million decrease in operating revenue for proprietary funds, is primarily the result of the removal of an 18% surcharge from water rates during March 2010, as well as continued water restrictions impacting consumption levels. In September 2010 the City enacted a two tier rate increase in an effort to restore system revenues to sustainable levels, to be effective September 2010 and January 2011.

The approximately \$1.4 million increase in operating expenses in proprietary funds was primarily the result of the net effect of an increase in wastewater disposal and hazardous disposal charges from Broward County, the payout of a bonus to general employees in fiscal year 2009 with no such payout in fiscal year 2010 and the accrual of additional payroll costs at the end of fiscal year 2009, compared to fiscal year 2010, due to the payroll split between fiscal years.

General Fund Budgetary Highlights

Original budget compared to final budget - The City made revisions to the original appropriations approved by the City Commission. Overall these changes resulted in an increase from the original budget of \$16.5 million.

Permits, fees and special assessments revenue budget increased by approximately \$10.5 million, primarily due to a change in the chart of accounts by the State of Florida Department of Financial Services, which resulted in a re-class from the "charges for services" category. This resulted in a comparable decrease in the original budget for the "charges for services" revenue category.

Intergovernmental revenue budget increased by \$5.7 million in order to roll over budgeted funds for the Neighborhood Stabilization Program (NSP) Grant from the U.S. Department of Housing and Urban Development (HUD) and the budgeting of funds awarded from HUD for the CBBG-R Grant and the Homeless Prevention and Rapid Re-Housing Grant.

The increase of \$5.5 million in the budget for general government expenditures is primarily the result of the budgeting for various grant funds during the currently fiscal year, as discussed above.

The finance expenditure budget increased by \$.4 million, primarily to fund the City's community bus program during the current fiscal year.

The increase of approximately \$1.0 million in the development services expenditure budget is primarily related to the appropriation of funds to digitize microfilm for the Building Permitting function, as well as the rolling of encumbrances at fiscal year end for professional services for the Planning and Zoning Division, related to outstanding commitments.

The decrease of \$.7 million in the Police expenditure budget is the result of the liquidation of an encumbrance at fiscal year end related to the policing services contract with BSO due to adjustments for vacancy credits during the fiscal year.

The increase of \$.4 million in the public works expenditure budget is primarily due to additional funds budgeted related to the City's street lighting maintenance agreement with Florida Department of Transportation (FDOT), as well as additional funds required for repair and maintenance expenditures for the building maintenance division, on behalf of various City departments.

The increase of approximately \$2.5 million in the non-departmental expenditure budget is primarily due to an increase in the budget for the tax increment payments for the Northwest and East Districts of the Pompano Beach Community Redevelopment Agency, the budgeting of funds for an amount due Broward County related to a draw on a line of credit for improvements to Atlantic Boulevard, consultant costs to perform an assessment of City facilities and a pension plan study, and a payment to the State of Florida Department of Emergency Management related to an audit of Hurricane Wilma activities related to debris removal. The City is currently working with a consultant and is in the process of closing out several project worksheets related to this hurricane with the State and anticipates it may be entitled to additional funds, which may serve to somewhat offset this return of funds to the State.

The increase of \$1.7 million in the capital outlay budget primarily relates to the appropriation of funds necessary for environmental remediation costs at the N.E. Library site, closing/commission costs associated with the donation of a warehouse to the City and the purchase of computer equipment by the Building Inspections Division.

The transfers-out budget increased by \$5.1 million (from working capital reserves) primarily to fund a fence and two slope mowers at the golf course, Phase III improvements at Community Park, Seawall Repairs at Indian Mound, construction at Mitchell Moore Park and design and constructions costs for Palm-Aire Park.

Final budget compared to actual – Tax revenues were \$2.2 million higher than the final budget primarily due to greater than anticipated collections from pari-mutuel revenues, utility taxes and communication service taxes.

Permits, fees and special assessments revenue was \$1.1 million lower than the final budget primarily due to less than anticipated collections for building permits due to the continued stagnation in the construction and housing rehab. market and less than anticipated collections for electric franchise tax, primarily attributable to a rebate to customers by FPL.

Intergovernmental revenue was \$2.3 million lower than the final budget. This is primarily the result of the budgeting of grant funds from the U.S. Department of Housing and Urban Development, related to the Neighborhood Stabilization Program grant, for which program activities did not fully get underway by fiscal year end, as well as the budgeting for grant funds related to a Justice Assistance Grant pass through from Broward County for which the funds will be received in fiscal year 2011.

Investment earnings were \$.6 million higher than the final budget due to unrealized gains on investments recorded at fiscal year end, as required per Government Accounting Standards No. 31, which requires investments to be recorded at fair market value.

General government expenditures were \$4.7 million less than the final budget. This is primarily the result of the budgeting for grant funds related to the NSP, Justice Assistance, HPRP and CDBG Disaster Recovery Grant Programs in the current fiscal year, with grant activities still underway at fiscal year end. In addition, the City budgeted for \$2.5 million in NSP expenditures for which even though the funds were expended, the expenditures were capitalized to "assets held for resale" at fiscal year end to reflect houses acquired to be rehabed and resold.

Police expenditures were \$.5 million less than the final budget primarily due to the application of the vacancy credit for the City's contract with BSO.

Culture and recreation expenditures were \$.6 million less than the final budget due to less than anticipated expenditures for part time/temporary help and vacancies in the Recreation Activities Division.

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2010, amounts to \$345,149,430 (net of accumulated depreciation). This investment in capital assets includes land, building, equipment, improvements, infrastructure and construction in progress.

TABLE 3

**CAPITAL ASSETS
(NET OF ACCUMULATED DEPRECIATION)

TOTALS	\$ 212,893,367	\$ 206,553,533	\$ 132,256,063	\$ 131,516,549	\$ 345,149,430	\$ 338,070,082

Major capital assets events during the fiscal year included:

- Land increased by approximately \$10.6 million in governmental activities primarily as a result of the buyout of land deed restrictions at the Airpark from the Federal Aviation Administration (\$8.7 million) resulting in an intangible asset, as well as the donation of a warehouse to the City (\$1.0 million).
- Capital projects under construction in governmental activities had a net decrease of approximately \$1.9 million primarily as a result of several projects being underway in the current fiscal year, primarily Seawall Repairs, Bridge Repair & Maintenance, Public Safety Building Improvements and Road Resurfacing, as well as the completion and capitalization of Public Safety Building Improvements, Road Resurfacing and General Government Building Improvement projects in the current fiscal year.
- Buildings for governmental activities increased by approximately \$.6 million, as a result of net effect of the donation of a warehouse to the City (\$1.6 million) and the recognition of current fiscal year depreciation expense.
- Infrastructure for governmental activities decreased by approximately \$2.3 million, primarily due to the net effect of the recognition of current fiscal year depreciation expense and the completion and capitalization of the Road Resurfacing Project.
- Capital projects in business-type activities decreased by approximately \$8.9 million due to the net effect of ongoing activity for several projects, as well as the completion and capitalization of several projects during the fiscal year. Major projects for which construction continues include Water Treatment Plant Security, Sewer Gravity Mains, Lift Stations 2-4 & 11-12, Force Mains Replacement and Airpark Sewer Extension. Projects were also completed and capitalized to improvements such as Sanitary Sewer Manhole Rehab., Sewer Gravity Mains, Water Treatment Plant Improvements, Lift Stations 2-4 & 11-12, Membrane Electrical Replacement, Water Main Replacements, Force Mains Replacements and Airpark Sewer Extension.
- Buildings for business-type activities decreased by approximately \$1.5 million. This is primarily the result of the recognition of current fiscal year depreciation expense.
- Infrastructure for business-type activities increased by approximately \$3.5 million due to the net effect of the recognition of current fiscal year depreciation expense and the completion and capitalization of the Lift Station 2-4 & 11-12, Water Main Replacement and Airpark Taxiway projects.
- The increase of approximately \$7.7 million in improvements for business-type activities is primarily the result of the net effect of the recognition of current fiscal year depreciation expense, as well as the completion and capitalization of the Sanitary Sewer Manhole Rehab., Sewer Gravity Mains, Water Treatment Plant Improvements, Lift Stations 2-4 & 11-12, Membrane Electrical Replacement, Water Main Replacements, Force Mains Replacements and Airpark Sewer Extension projects.

Additional information on the City's capital assets can be found in the notes to the financial statements, Note II (C).

Outstanding Debt

At the end of the current fiscal year the City had total debt (bonds, notes, etc.) of \$58,077,344 outstanding compared to \$54,324,506 last year, a 7% increase.

TABLE 4 - OUTSTANDING DEBT
September 30, 2010

	Governmental		Business-type		Totals	
	Activities		Activities			
	2010	2009	2010	2009	2010	2009
General obligation	\$ -	\$ 1,095,000	\$ -	\$ -	\$ -	\$ 1,095,000
Revenue bonds	-	-	30,239,506	33,229,506	30,239,506	33,229,506
Tax increment bonds	27,837,838	20,000,000	-	-	27,837,838	20,000,000
TOTAL	\$ 27,837,838	\$ 21,095,000	\$ 30,239,506	\$ 33,229,506	\$ 58,077,344	\$ 54,324,506

The City does not carry a credit rating directly from any of the nationally recognized rating agencies (i.e. Standard and Poor's, Moody's). All outstanding debt carries an insured rating.

The City's water and sewer bonds are insured by National Public Finance Guarantee Corporation (National). At September 30, 2010, National was assigned an A rating by Standard and Poor's and a rating of Baa1 by Moody's.

Required principal, interest and reserves on outstanding debt were provided for during the year. The City satisfied its obligation related to the General Obligation Bonds during the current fiscal year. The City's Water & Sewer Bonds are pledged with the revenues from the water and sewer system. The City fully anticipates that it will meet future debt service requirements for both outstanding bond issues based on these pledged revenue sources.

On December 9, 2008, the City Commission authorized the issuance of special facility airport revenue bonds in an aggregate principal amount not to exceed \$8,000,000, for the purpose of making a loan of funds to Sheltair Pompano Beach, LLC (Sheltair) in order to finance the costs of the acquisition, renovation, construction and equipping of certain general aviation facilities located at the Pompano Beach Airpark, to be leased by Sheltair. The bonds were subsequently issued on December 22, 2008. The bonds are limited obligations of the City payable from lease payments required to be made by Sheltair. The City is not obligated to pay the principal or interest of the bonds except from payments made by Sheltair, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds. At September 30, 2010, total principal and interest outstanding related to this debt issue was \$7,802,545 and \$5,963,696, respectively.

Additional information on the City's long-term debt can be found in the notes to the financial statements, Note II (F).

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The City's fiscal year runs from October 1st to September 30th. The City begins its budget cycle in December, and throughout the six months a culmination of workshops and meetings are held with department heads to determine the upcoming fiscal needs of the City while ensuring adherence to City policies. Upon establishing a fiscal blueprint for the upcoming fiscal year, the City Manager presents the recommended budget to the City Commission and public each July, as required by the City Charter. If necessary, resources and/or policies are modified by the Commission and subsequently adopted.

Local governments have a significant impact on South Florida's economy. Municipal governments, as well as the state, have to fill in the financial hole as aid from the federal government's stimulus package start to wind down. As a result, the state and local governments are increasing taxes and incorporating spending cuts into their budgets, including trimming payrolls in efforts to balance their FY 2011 budgets. This fiscal drag is attributing to the rate of growth of Florida's gross domestic product. In fact, the impact of budget tightening is greater, as the GDP data does not break out the effects of tax increases on growth. Moreover, local government spending is likely to continue being a

drag on economic growth, without forthcoming stimulus aid, as local government revenues lag economic cycles.

Current economic growth is characterized by mixed conditions or deceleration in overall activity. While travel and tourist activity pointed to consistent gains, activity in residential real estate markets declined further. More specifically, South Florida's real estate market has been getting worse over the past year. Broward County posted 683 sales of existing homes in August 2010, down 5 percent from July and 16 percent from a year ago. Home sales demand remains weak following the expiration of two federal homebuyer tax credits this summer. Initially, generous federal tax incentives had a strong impact that led to temporary acceleration of sales and value appreciation. However, early indications for the next fiscal year show an actual decrease in property values, as housing inventories continue to increase as do the number of foreclosures.

Budget preparation efforts continued to be impacted by property tax reform. State Statute requires the City to rollback its tax rate and adjust for changes in per capita personal income, which is -1.89% for FY 2011. While no new legislation was passed this session that affects the City's FY 2011 Budget, Constitutional Amendments will be placed on the ballot in November 2011 that, if passed, will have a negative impact on City finances and operations for the following fiscal year and beyond. The combination of a tax base decrease from \$11 billion to \$9.3 billion dollars and the Commissions desire to provide tax relief to residents, resulted in a millage of 4.9077, which is a decrease of 6.9 percent from what the statutory guidelines allow for an operating millage rate. Based on the corresponding decrease, the gross impact on the City will be a \$3 million dollars loss in revenue, which the City will offset through reserves.

In addition to property tax reform and budget adjustments, other economic factors affecting the City's FY 2011 Budget include:

- Slight increase in Building permits issued but overall moderate decrease in revenue due to decrease in major construction projects.
- The commercial construction industry in South Florida remains relatively weak due to elevated vacancies and declining commercial rents.
- Local unemployment rate has increased to 12.8 percent; with Miami-Fort Lauderdale-Pompano Beach metropolitan area experiencing the largest unemployment rate increase in the country of 1.7% from August 2009.

Based on the preceding discussion, local economic conditions are not expected to improve for calendar year 2011. The continuing economic downturn further adds to the concern and uncertainty as to the overall revenue impact on local governments.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need any additional financial information, contact the City's Finance Department, at the City of Pompano Beach, 100 W. Atlantic Boulevard, Pompano Beach, Florida 33060.

CITY OF POMPANO BEACH, FLORIDA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET ASSETS
SEPTEMBER 30, 2010

Fund Balances - total governmental funds \$ 201,808,262

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds:

Governmental capital assets	298,561,676	
Less accumulated depreciation	<u>(86,155,304)</u>	212,406,372

Net pension asset is not a financial resource and therefore is not reported in the governmental funds. 1,171,941

Net other post employment benefits obligation (OPEB) is not expected to be liquidated with expendable available resources and therefore is not reported in the governmental funds. (4,589,065)

Revenues in the statement of activities that do not provide current financial resources are reported as deferred revenues in the governmental funds financial statements:

EMS transport fees		2,326,386
Franchise payment		459,996
FEMA-Hurricane Wilma		367,613
Neighborhood Stabilization Grant		11,802
Energy Efficiency Block Grant		8,802
CDBG/Home/HPRP Grants		174,708
Contract Reimbursement-FPL Electric Bill		11,449
Communication service taxes		256,623

Long-term liabilities, including bonds payable are not due and payable in the current period and therefore are not reported in the governmental funds:

Tax increment bonds	(27,837,838)	
Accrued interest payable	(213,402)	
Compensated absences	(4,637,030)	
Pollution remediation obligation-CRA	<u>(251,634)</u>	(32,939,904)

Debt issuance costs are capitalized and amortized over the life of the debt in the statement of net assets, but are recorded as expenditures, when paid, in the governmental funds. 27,737

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds that are reported with governmental activities are as follows:

	26,683,552	
	<u>(15,649,668)</u>	11,033,884

Adjustment for Internal Service Funds look-back 40,484

Net assets of governmental activities \$ 392,577,090

The notes to the financial statements are an integral part of this statement.

CITY OF POMPANO BEACH, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2010

Net change in fund balances - total governmental funds \$ 22,145,366

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is depreciated over their estimated useful lives.

Expenditures for capital assets	\$ 7,078,998	
Capital Asset Contribution from other Government	8,725,558	
Less depreciation	<u>(12,212,422)</u>	3,592,134

Some revenues and expenses reported in the statement of activities are not reported in the funds because they have no effect on current financial resources.

Change in deferred revenue-EMS transport fees	335,999	
Change in deferred revenue-Franchise payment	352,149	
Change in deferred revenue-communication service tax	(322,267)	
Change in net pension asset/obligation	(17,911)	
Change in net OPEB obligation	(1,588,858)	
Loss on sale of capital assets	(122,236)	
Pollution remediation obligation-CRA	(251,634)	
FRDAP Grant	(135,611)	
FEMA-Hurricane Wilma Grant	(46,410)	
FEMA-Tropical Storm Fay Grant	(8,149)	
FEMA - Hazard Mitigation Impact Glass Grant	(1,092,769)	
Donation of infrastructure-developer	135,192	
Donation of infrastructure-Broward County (N. Broward Park)	310,908	
Donation of warehouse	2,400,000	
CDBG/HOME/HPRP Grants	(115,610)	
Energy Efficiency Block Grant	8,802	
Neighborhood Stabilization Program Grant	11,802	
Change in compensated absences liability	248,421	
Change in accrued interest	(57,411)	
Contract reimbursement-FPL Electric Bill	<u>11,449</u>	55,856

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net assets. Also, governmental funds report issuance costs and similar items as expenditures when debt is first issued, whereas those amounts are deferred and amortized in the government-wide financial statements.

Principal payments	3,257,162	
Proceeds from debt issuance	(10,000,000)	
Loan due Broward County	902,121	
Amortization of bond issuance costs	<u>(3,264)</u>	(5,843,981)

Internal service funds are used by management to charge the costs of certain activities to individual funds.

The change in net assets in the internal service funds is reported with governmental funds in the governmentwide statement of activities. 2,644,871

Adjustment for Internal Service Funds look-back (351,835)

Change in net assets \$ 22,242,411

The notes to the financial statements are an integral part of this statement.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

(I) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of the City of Pompano Beach, Florida's (the "City") Significant Accounting Policies is presented to assist the reader in interpreting the financial statements and other data in this report. These policies are considered essential and should be read in conjunction with the accompanying financial statements.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Component units, although legally separate entities, are in substance part of the City's operations.

The basic financial statements include both government-wide and fund financial statements. The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The fund financial statements focus on short-term results of operations and financing decisions at a specific fund level.

Internal service funds of a government (which provide services primarily to other funds of the government) are presented as part of the proprietary fund financial statements. Since the principal users of the internal services are the City's governmental activities, financial statements of internal service funds are included in the governmental column when presented at the government-wide level. The costs of these services are allocated to the appropriate functional activity.

The City's fiduciary funds are presented in the basic financial statements by type (i.e. Pension). Since, by definition, these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

The following is a summary of significant accounting policies of the City.

(A) The Financial Reporting Entity

The City, located in Broward County, Florida, was incorporated in 1947. The legal authority by which the City was created and is governed is its charter, which was derived from Chapter 57-1754, Special Acts 1957, as amended. The City is governed by an elected five member district commission and a mayor at large and provides services to residents in many areas, including law enforcement and community enrichment. As required by accounting principles generally accepted in the United States of America, the accompanying financial statements present the reporting entity, which consists of the primary government and its component units. The component units discussed in Note 1 (B) below are included in the City's reporting entity because of the significance of their operational and financial relationships with the City. The City also has the following retirement plans:

- City of Pompano Beach General Employees' Retirement System, established in 1972 by Ordinance 73-3;
- Pompano Beach Police and Firefighter's Retirement System, established in 1973 by Ordinance 73-11; and
- Defined Contribution Retirement System, established in 1996 by Ordinance 96-84.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

(B) Blended Component Unit Disclosure

The City Commission serves as the governing Board for each component unit and is able to impose its will on each component unit. The City is therefore financially accountable for each of its component units. The reporting entity of the City includes the following component units:

- Pompano Beach Community Redevelopment Agency (the "Agency") (Northwest and East Districts), established in 1988 by Ordinance 89-27 and in 2001 by Resolution 2002-12, respectively, pursuant to the authority set forth in Florida Statutes, Chapter 163, Part III. The Agency does not issue separate financial statements;
- Pompano Beach Emergency Medical Services District, established in 1974 by Ordinance 75-18. The Pompano Beach Emergency Medical Services District does not issue separate financial statements; and
- Herb Skolnick Cultural Arts Foundation, established in 1999 by Resolution 99-131. The Herb Skolnick Cultural Arts Foundation does not issue separate financial statements.

The criterion used for including component units consist of identification of legally separate organizations for which the elected officials of the City are financially accountable. This criterion also includes identification of organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Under the blended method, component unit balances and transactions are reported in a manner similar to the balances and transactions of the primary government itself.

The Pompano Beach Emergency Medical Services District (EMS) is a dependent special district created to provide emergency medical care and transportation to the residents of the City. EMS is reported as a blended component unit because it is governed by the City Commission and the elected officials of the City are financially accountable for its operations. EMS is reported as a special revenue fund.

The Herb Skolnick Cultural Arts Foundation (CAF) is reported as a blended component unit because it is governed by the City Commission. The CAF is reported as a special revenue fund.

The Pompano Beach Community Redevelopment Agency is composed of the Northwest and East Districts (the Districts). The Pompano Beach Community Redevelopment Agency is one component unit (one legal entity) with two districts. These Districts are dependent special districts governed by a five member board comprised of the City Commission and a mayor at large. Although legally separate from the City, each District is reported as part of the primary government as a special revenue fund, because each District is governed by the members of the City Commission.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

(C) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units.

For the most part, the effect of interfund activity has been removed from these financial statements to avoid distorted financial results, with the exception of interfund services provided and used. Governmental activities, which primarily are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The City has no discretely presented component units.

The statement of activities demonstrates the degree to which the direct expenses of a given function is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items, which are not classified as program revenues, are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Activities of non-major governmental funds and non-major enterprise funds are aggregated in the fund financial statements.

(D) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide, proprietary and fiduciary fund (with the exception of the agency fund which has no measurement focus) financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Unbilled service revenue is accrued in the enterprise funds.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, consistent with accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Expenditures related to pensions and other post

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2010

employment benefits are recognized when the City has made a decision to fund those obligations with current available resources.

Property taxes when levied for, and other taxes (such as franchise taxes, utility taxes and sales tax), fees and fines, charges for services, interest and intergovernmental revenue for which eligibility requirements have been met are all considered to be measurable, and accordingly, have been recognized as revenues of the current fiscal period, if available. All other revenue items are considered to be measurable only when cash is received by the City.

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Northwest Community Redevelopment District Fund* accounts for a City agency which uses tax-increment financing to encourage development.

The *East Community Redevelopment District Fund* accounts for a City agency which uses tax-increment financing to encourage development.

The *Emergency Medical Services District Fund* accounts for ad valorem taxes and emergency transport fees collected for emergency medical services provided by the City.

The *Capital Projects Fund* accounts for the resources accumulated and expenditures made for the acquisition or construction of long term capital assets other than for amounts accounted for in proprietary funds.

The City reports the following major proprietary fund:

The *Utility Fund* accounts for the provision of water and sewer services to residents of the City and surrounding areas.

The City also has certain funds (SHIP, Cultural Arts Foundation, Cemetery, 1993 G.O. Bonds, Pier, Airpark, Golf, Sanitation, Stormwater) that do not meet the GASB Statement No. 34 criteria for major fund classification.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for central stores, information technology, central services, risk management (health), risk management (general) and vehicle services provided to other departments or agencies of the government, on a cost reimbursement basis.

Fiduciary Funds: The General Employees' Retirement System Pension Trust Fund accounts for the accumulation of resources to be used for retirement benefit payments to the majority of City employees. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

The Police and Firefighters' Retirement System Pension Trust Fund accounts for the accumulation of resources to be used for retirement benefit payments to City police officers and firefighters. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

The Defined Contribution Retirement System Pension Trust Fund accounts for the accumulation of resources to be used for retirement benefit payments to City employees under the provisions of Internal Revenue code Section 401(a). The International City Management Association (ICMA) Retirement Corporation acts as an agent for the City in administering the Plan.

The *General Agency Fund* accounts for the receipt of monies from various funds for sales tax, payroll taxes, refundable deposits, and unclaimed checks.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

The effect of interfund activity has been eliminated from the government-wide financial statements, except for charges between the enterprise funds activity and various other functions of the government.

Amounts reported as *program revenues* include 1) charges for service, 2) operating grants and contributions, and 3) capital grants and contributions.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

(E) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, time and demand deposits and short term investments with original maturity dates within three months of the date acquired by the City.

(F) Investments

Investments in participating interest-earning contracts that have a remaining maturity at the time of purchase of one year or less are reported at amortized costs. All other investments, including pension trust fund and component unit investments, are reported at fair value. If available, quoted market prices are used to determine fair value. Where quoted market prices are not available, an estimate of fair value is made using market prices of similar investments and the results of valuation techniques, including, but not limited to, discounting cash flow analysis, matrix pricing, option-adjusted spread models and fundamental analysis.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

(G) Inventories/Prepays

Inventories consist of supplies and equipment replacement parts, valued using the lower of the weighted average cost method or market, which are purchased in one period and consumed in a future period. Prepaid items represent goods and services which are paid for in one period, but benefit a future period. Inventories and prepaid items are recorded as an expenditure/expense in the fund level and government-wide financial statements in the period benefited. The reserve for inventory/prepays in governmental fund types equals the physical inventory/prepaid balance to indicate that a portion of fund balance is unavailable for future expenditures.

(H) Due to/from other funds and Advances to/from other funds

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due to/from other funds" and are expected to be repaid within one year of the balance sheet date. Activities between funds that are representative of long-term lending/borrowing arrangements (not expected to be repaid within one year from the balance sheet date) outstanding at the end of the fiscal year are referred to as "advances to/from other funds."

(I) Capital assets

Capital assets recorded in the government-wide and proprietary fund statements are stated at historical cost or estimated historical cost and include, land, buildings, improvements, equipment, infrastructure and intangible assets (such as right-of-way easements, utility easements, land use rights, computer software etc.). Contributed capital assets are recorded at estimated fair value when received. Intangible assets are only recorded when they are identifiable. An intangible asset is considered identifiable when either of the following conditions is met:

1. The asset is separable, that is, the asset is capable of being separated or divided from the government and sold, transferred, licensed, rented, or exchanged, either individually or together with a related contract, asset, or liability; or
2. The asset arises from contractual or other legal rights, regardless of whether those rights are transferable or separable from the entity or from other rights and obligations.

Intangible assets that are considered to have an indefinite useful life because there are no legal, contractual, regulatory, technological, or other factor that limits the useful life, are not amortized.

As used in these statements, accumulated depreciation includes amortization of intangibles assets.

Depreciation on all assets meeting the City's capitalization threshold of \$1,000 including those obtained through contributions, is charged to operations. A \$25,000 threshold is maintained for additions to infrastructure and intangible capital assets.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets. Estimated useful lives are as follows:

Buildings	15-50 Years
Improvements	5-50 Years
Equipment	3-15 Years
Intangibles	5-10 Years
Bridges	50 Years
Roads	15-20 Years
Other Infrastructure	15-50 Years

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred net of any interest earned on specific bonds during the construction phase of capital assets of enterprise funds and business-type activities is capitalized as part of the capitalized value of the assets constructed. The total bond interest expense incurred by the Utility Fund during the current fiscal year was \$1,350,259. No component of interest expense has been capitalized (reduced by interest earnings) as part of the cost of capital assets under construction in connection with utility facilities construction projects during the current fiscal year, as the City did not incur significant expenses related to qualified projects.

(J) Risk Management

The City is self-insured for automobile liability, general liability, including public official's liability and property damage claims pursuant to Florida Statute Section 768.28 (*Waiver of Sovereign Immunity in Tort Actions; Recovery Limits; Limitation on Attorney Fees; Statute of Limitations; Exclusions; Indemnification; Risk Management Programs*). Per Florida Statute Section 768.28, the City has sovereign immunity up to \$100,000 per person/\$200,000 per occurrence. The City is also self-insured for workers' compensation claims, in accordance with Florida Statute Section 440. Workers' compensation claims are self-insured up to \$350,000 per occurrence and property damage (buildings and contents) up to \$100,000, with property damage claims, related to named hurricane/windstorm, having a 5% of total location value deductible. Excess insurance policies apply above these self-insured levels.

The risk management funds charge the operating funds insurance premiums. The accrued liability for estimated insurance claims represents an estimate of the ultimate cost of settling claims arising prior to year end including claims incurred but not yet reported. The City has insurance coverage for health claims with a commercial carrier. The City accounts for its Risk Management activities in the internal service funds.

(K) Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. When terminated, an employee is paid for accumulated vacation leave and a percent of unused sick leave hours, subject to certain limitations. All vacation and sick pay is accrued when earned in the government-wide and proprietary fund financial statements. A liability for those amounts is reported in governmental funds only if they have matured, as a result of employee resignations or retirements.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

(L) Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, gain/loss on bond refunding and issuance costs, are deferred and amortized over the life of the bonds using the straight line method, which is not materially different than the interest method. Bonds payable are reported net of the unamortized amount of the applicable bond premium/discount and gain/loss on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources.

Payments on debt are recorded as expenditures. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(M) Employee Benefit Plans and Net Pension Asset

The City provides separate defined benefit pension plans for general employees and for uniformed police and fire department personnel, as well as a defined contribution pension plan created in accordance with Internal Revenue Code Section 401(a) for certain employees. The City also offers an optional deferred compensation plan created in accordance with Internal Revenue Code Section 457. The 457 Plan is not included in the City's financial statements.

The Police and Firefighters' Retirement Plan (PFRP) is a single employer plan with the City being named as the Plan sponsor. In August 1999, the City contracted with the Broward County Sheriff's Office ("BSO") whereby the BSO would provide policing services in Pompano Beach. As a result, all of the City's police officers were employed by the BSO. Participating police officers were given the option to either remain in the Plan or switch to the BSO's retirement plan and the Plan was closed to new police officers. The City contracted with BSO to make annual contributions to the PFRP as actuarially determined. However, the City is ultimately obligated to ensure that the Plan is funded each year, despite its contract with BSO.

At September 30, 2010 the City recorded a net pension asset related to the General Employees Retirement Plan and a net pension asset related to the Police and Firefighters' Retirement Plan in its government-wide statement of net assets. The net pension asset is a function of annual required contributions, interest, adjustments to the annual required contribution, annual pension costs and actual employers contributions made to the plan. Please refer to Note (III) for further information.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

(N) Post Employment Benefits Other Than Pensions (OPEB)

Pursuant to Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by retirees and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees pay 100% of the blended (active and retiree combined) equivalent premium rates. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees.

The City currently provides these benefits in accordance with the vesting and retirement requirements for its General Employees Retirement System (GERS) and Police and Firefighters Retirement System (PFRS).

The City is financing other post employee benefits on a pay-as-you go basis. As determined by an actuarial valuation, the City records a Net OPEB obligation in its proprietary and government-wide financial statements related to the implicit subsidy. Please refer to Note II (K) for further information.

(O) Pollution Remediation Obligations

Once any one of five specified obligating events below occurs, the City is required to estimate the components of expected pollution remediation outlays and determine whether outlays for those components should be accrued as a liability or, if appropriate, capitalized when goods and services are acquired. Components of a liability (for example, legal services, site investigation, or required post-remediation monitoring) should be recognized as they become reasonably estimable. Obligating events include the following:

- The City is compelled to take pollution remediation action because of an imminent endangerment.
- The City violates a pollution prevention-related permit or license.
- The City is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party (PRP) for remediation, or as a government responsible for sharing costs.
- The City is named, or evidence indicates that it will be named, in a lawsuit to compel participation in pollution remediation.
- The City commences or legally obligates itself to commence pollution remediation.

The City measures pollution remediation obligations using the expected cash flow technique. Estimates of a pollution remediation liability are adjusted when benchmarks are met or when new information indicates changes in estimated outlays due to, for example, changes in the remediation plan or operating conditions. These changes may include the type of equipment, facilities, and services that will be used, price increases or reductions for specific outlay elements such as ongoing monitoring requirements, changes in technology, and changes in legal or regulatory requirements. The City has

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

adopted a minimum reporting threshold of \$100,000, per obligating event. Therefore only remediation sites with outlays estimated to meet or exceed that amount are reported in the financial statements.

(P) Unearned/Deferred Revenue

Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the governmental and proprietary fund financial statements. In addition, amounts related to governmental fund receivables that are measurable, but not available (not received within 60 days from fiscal year end), are recorded as deferred revenue in the governmental fund financial statements.

(Q) Fund Equity/ Net Assets

In the fund financial statements, governmental funds reserve fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. Unreserved, undesignated fund balance indicates funds that are available for current expenditures.

The government-wide and proprietary fund financial statements utilize a net asset presentation. Net assets are categorized as follows:

Invested in Capital Assets – is intended to reflect the portion of net assets which are associated with capital assets (net of accumulated depreciation), less outstanding capital asset related debt, net of unspent bond proceeds.

Restricted Net Assets – represent amounts that are restricted to specific purposes when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, laws/regulations of other governments or constitutional provisions; or (b) resources resulting from enabling legislation.

Unrestricted Net Assets – have no third party limitations on their use. While City management may have categorized and segmented portions for various purposes, the City Commission has the unrestricted authority to revisit or alter these managerial decisions.

(R) Restricted Net Assets

The Utility Fund has restricted net assets which are set aside to comply with bond covenants related to the Water and Sewer bonds. The “revenue bond renewal and replacement” account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements, as required per bond covenant. A utility rate stabilization account is also maintained to stabilize utility rates, as required per bond covenant. At September 30, 2010 restricted net assets for business-type activities related to these accounts was \$3,213,723.

At September 30, 2010, governmental activities in the government-wide statement of net assets reported total restricted net assets of \$28,451,297. Of this amount, \$763,009 relates to amounts collected for the local option gas tax to be used to fund transportation

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

expenses in accordance with Chapter 336.025 of Florida Statutes, \$1,051,405 relates to excess amounts in the 1993 General Obligation Bond Fund to be utilized for the benefit of taxpayers in fiscal year 2012 and \$26,636,883 relates to amounts collected in excess of operating expenditures related to the building permitting division, which is restricted to be utilized to fund the future operations of that function, in accordance Chapter 553.80 of Florida Statutes.

(S) Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

(II) DETAILED NOTES ON ALL FUNDS

(A) Cash and Cash Equivalents and Investments

The City maintains pooled cash, cash equivalents and investments that is available for use by all funds except for those in which the cash and investments must be segregated due to bond indenture or other legal restrictions such as the Pension Trust Funds.

Interest earned on pooled cash, cash equivalents and investments is allocated to funds based on average daily balances.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

The following are components of the City's cash, cash equivalents and investments at September 30, 2010:

	Unrestricted		Restricted		Total cash, cash equivalents and investments
	Cash and cash equivalents	Investments	Cash and cash equivalents	Investments	
Governmental activities:					
General	\$ 11,398,863	\$ 56,481,490	\$ -	\$ 27,470,396	\$ 95,350,749

Public Deposits:

At September 30, 2010, the book balance of the City's public deposits was \$21,111,812 and the bank balance was \$22,914,563. Deposits whose balance exceeds the limits of federal depository insurance are collateralized pursuant to *Florida Statutes*, Chapter 280, *Florida Security for Public Deposits Act* (the Act). Under this Act, financial institutions which are qualified as public depositories place with the State Board of Administration ("SBA"), securities which have a market value equal to 50 percent of the average daily balance for each month of all public deposits in excess of applicable deposit insurance. The Public Deposit Security Trust Funds have a procedure to allocate and recover losses in the event of default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. It is the City's practice to ensure that all its public deposits are maintained with a qualified depository and as a result, all City depositories at fiscal year end were designated as qualified public depositories in accordance with Florida Statute.

Investment Authorization:

The City's investment program is established in accordance with the City's investment policy, which was adopted via resolution by the City Commission, and Florida State Statute Chapter 218.415, *Local Government Investment Policies*, which establishes investment plan guidelines for local governments in Florida. The City's investment guidelines permit the investment of City funds in the Florida Local Government Surplus

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

Funds Trust Fund, United States Treasury securities, United States Government Agency securities with the full faith and credit of the United States Government, Federal

Instrumentalities (Government Sponsored Enterprises), Corporate Notes, Commercial Paper, Time Deposits (Certificates of Deposit), Repurchase Agreements, Bankers' Acceptances, State and/or Local Government Taxable and/or Tax-Exempt Debt, Money Market Mutual Funds, Intergovernmental Investment Pools and Savings Accounts of financial institutions that are Qualified Public Depositories, in accordance with Florida State Statute Chapter 280.01, *Security for Public Deposits*.

The City has a General Employees' Retirement Pension Plan and a Police and Firefighters' Retirement Pension Plan (the plans) whose investments are held separately from those of other City funds. The Plan's adopted investment policies (as adopted by the Board of Trustees for each Plan) comply with guidelines stipulated in Florida Statutes, Chapter 280, *Florida Security for Public Deposits Act* and 218, *Local Government Investment Policies* and City Code of Ordinances.

The Police and Firefighters' Retirement Plan's investment policy is also governed by Chapter 175, (*Firefighter Pensions*) and 185 (*Municipal Police Pensions*), Florida Statutes. Both Plans also apply the "Prudent Person Rule" when executing investment strategies.

The City's investment policy stipulates the following maximum portfolio percentages:

Authorized Investments	Maximum % Portfolio Composition	Maximum % Individual Issuers	Maximum % Individual Sectors
FSBA	25%	NA	NA
U.S. Government Securities	100% ⁽¹⁾	NA	NA
U.S. Government Agencies	50%	10%	NA
U.S. Sponsored Agencies	80%	25%	NA
Interest Bearing Time Deposit/Savings Accounts	10%	10%	NA

State/Local Government Taxable/Tax Exempt general obligations bonds	25%	NA	NA
State/Local Government Taxable/Tax Exempt revenue/excise tax bonds	10%	NA	NA
Money Market Mutual Funds	35%	15%	NA
Intergovernmental Investment Pools	25%	NA	NA

⁽¹⁾ 10% for treasury strips

⁽²⁾ excludes one (1) business day agreements and overnight sweep agreements

NA-not applicable

At September 30, 2010 the City held investments in the Florida Municipal Investment Trust (Florida League of Cities), which is a local government investment pool authorized under Section 218.415, Florida Statutes, *Local Government Investment Policies*, for units of local government in Florida. The operation and administration of the Trust is the

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

responsibility of a Board of Trustees who are selected from the ranks of elected officials of governmental entities participating in the Trust. The fair value of the City's position in the FMIT is the same as the value of the pool shares.

Florida Statutes and the investment policy authorize the Board of Trustees for the General Employees Retirement Plan to acquire every kind of property, real, personal or mixed, and every kind of investment specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations and stocks, preferred or common, which persons of prudence, discretion and intelligence acquire or retain for their own account. The investment policy stipulates the following maximum portfolio percentages:

Authorized Investments	Maximum % of Portfolio
Domestic Equities	30%
Equities (small/mid cap)	10%
Fixed Income	20%
International Equities	15%
Direct real estate	10%
Absolute return	15%

Florida Statutes and the investment policy authorizes the Board of Trustees for the Police and Firefighters' Plan to invest in marketable debt securities issued or guaranteed by either the United States Government or its agencies, domestic corporations (including industrial and utilities), Israel bonds, asset backed and commercial mortgage backed securities, domestic banks and other financial institutions, exchange traded funds, equity securities listed on the New York, American and principal regional and foreign (for foreign securities) exchanges, over the counter securities for which there is an active market maker regulated by National Association of Securities Dealers, and American Depository Receipts, and real estate investment trusts (REIT) listed on the New York American principal regional and foreign exchanges, Funds of Hedge Funds, and private real estate through institution vehicles or direct ownership.

The investment policy establishes asset classes and stipulates the following maximum portfolio percentages:

Authorized Investments	Maximum % of Portfolio
Fixed Income Securities	25.0%
Equity Securities	55.0%
Real Estate	7.5%
Private Equity	2.5%
Hedge Funds	10.0%

Security:

The City and the Pension Plans have a third party custodial arrangement with certain financial institutions to accept securities on a delivery vs. payment basis for direct purchase agreements. Securities purchased in the City's or Pension Plan's name are registered in the name of the City or Pension Plans by an agent of the City and are confirmed with safekeeping statements.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Risk Disclosures:

Interest Rate Risk – Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates.

The City employs multiple investment duration and investment management strategies which seek to minimize the City's portfolio interest rate risk. The City maintains sixty days or more of liquidity in overnight investments and remaining assets are invested in short term securities with maturity and diversification limitations to further minimize changes in market price, as interest rates change.

The City's overnight investments have an effective duration of 1 day. The City's short term and core portfolios have durations of 0.25 years and 1.56 years, respectively. This multiple portfolio strategy seeks to limit the risk associated with losses associated with interest rate movements, while providing required liquidity. The City's investment in the Florida Municipal Investment Trust Local Government Investment Pool had a duration of 1.50 years at September 30, 2010.

Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity at September 30, 2010:

Investment Type	Remaining Maturity (In Years)					
	Fair Value	Less than 1	1 to 2	2 to 3	3 to 4	4 to 5
U.S. Government Securities	\$ 59,849,409	\$ 14,088,711	\$ 10,984,565	\$ 24,979,812	\$ 7,949,096	\$ 1,847,225
U.S. Government Agencies	1,881,591	1,447,729	433,862	-	-	-
U.S. Sponsored Agencies	98,850,821	37,702,056	44,296,151	15,478,533	1,374,081	-

As a means of limiting its exposure to interest rate risk over time, the General Employees Retirement Plan diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer with various durations of maturities. Information about the sensitivity of the fair values of the investments for the plan to market interest rate fluctuations is provided by the following table which shows the

CITY OF POMPANO BEACH, FLORIDA

Total Investments	<u>\$ 103,319,449</u>				

The investment plan for the Police and Firefighters' Retirement Plan limits the Plan's exposure to interest rate risk in both rising and declining interest rate environments considering such factors as credit quality and duration for losses in rising rate environments, and credit quality in declining rate environments. The benchmarks are monitored and changed when warranted by the investment market environment. Debt portfolios are structured and managed to produce returns based on risks inherent in the selected benchmarks. Information about the sensitivity of the fair values of the investments for the plan to market interest rate fluctuations is provided by the following table which shows the distribution of the plan's investments by remaining maturity at September 30, 2010:

Investment Type	Remaining Maturity (in Years)

Foreign Currency Risk – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. Neither the City's nor the Police and Firefighters' Retirement and General Employees Retirement System Plan portfolios had exposure to foreign currency risk at September 30, 2010.

Credit Risk – This is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. One measure of the perceived credit risk of an issuer is the credit rating. The City's

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

investment policy provides strict guidelines and limits investments to highly rated securities with minimum ratings of AAA for money market funds, AA for corporate notes, A-1 for commercial paper and AAA for U.S. Agencies and U.S. Treasuries. To further minimize credit risk the City's investment policy also provides asset allocation limits for each security type. Issuer limits are also provided for certain investment types.

Corporate notes limits (25%) and commercial paper limits (25%) are established with additional asset allocation limits for the sector (5%) and issuer (2%). The following table discloses composite credit ratings by investment type as rated by Standard and Poor's at September 30, 2010:

Investment Type	Fair Value	Rating at September 30, 2010				
		AAAm	AAA	AAA/V2	A-1/A-1+	AA+/AA-/AA

Certificates of Deposit	1,200,000					
Demand Deposits	18,518,558					
Total City Portfolio	\$245,942,017					

The City's General Employees Retirement Plan utilizes portfolio diversification, as well as minimum credit ratings in order to control credit risk. The fixed income portfolio shall be comprised of securities rated "BBB" or higher by Standard and Poor's rating services with no more than 5% of an investment manager's total fixed income portfolio invested in the securities of a single corporate issuer. In addition, the average credit quality of the bond portfolio shall be "A" or higher and the duration of the fixed income portfolio should be less than 135% of the duration of the market index defined as the Lehman Aggregate Bond Index.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

The following table discloses credit ratings by investment type for the General Employees Retirement Plan at September 30, 2010, as applicable:

	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
U.S. government guaranteed*	<u>\$ 6,286,338</u>	<u>30.86%</u>
Quality rating of credit risk debt securities		
AAA	2,475,516	12.15%
AA+	656,338	3.22%
AA	144,194	0.71%
AA-	448,943	2.20%
A	4,444,422	21.82%
A-	2,010,156	9.87%
A+	1,302,392	6.39%
BBB	1,107,098	5.44%
BBB-	48,734	0.24%
BBB+	1,109,086	5.44%
Not rated	<u>336,512</u>	<u>1.65%</u>
Total credit risk debt securities	14,083,391	69.14%
Total fixed income securities	<u>\$ 20,369,729</u>	<u>100.00%</u>

*Obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk and do not have purchase limitations.

The City's Police and Firefighters Retirement Plan also utilize portfolio diversification in order to control credit risk. The Plan's investment policy requires all fixed income investments to hold a credit rating in one of the four highest classifications by a major rating service. Commercial paper, if used, must be of only the highest quality (A-1 or P-1), and the maximum weighting of fixed income securities in BBB ratings is limited to 10% of the fixed income portfolio. The fixed income investments credit ratings for the Plan for the fiscal year ending September 30, 2010 ranged between a rating of AAA and B in accordance with investment policy guidelines.

Concentration of Credit Risk – The investment policy of the City includes limitations on the amount that can be invested in any one issuer as stated in the maximum portfolio percentages stated above. There were no individual investments that represent 5% or more of the City's total investments (excluding investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments) at September 30, 2010. The investment policy of the General Employees Retirement Plan includes limitations on the amount that can be invested in any one issuer, as well as maximum portfolio allocation percentages. There were no individual investments that represent 5% or more of plan net assets (excluding

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

investments issued or explicitly guaranteed by the U.S government and investments in mutual funds, external investment pools, and other pooled investments) at September 30, 2010. The investment policy of the Police and Firefighters Retirement Plan limits equity investments in the fixed income portion of the portfolio to 10% of a given issuer and limits equity investments in any one company to 10% of the equity portion of each portfolio manager (at market). There were no individual investments that represent 5% or more of plan net assets (excluding investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments) at September 30, 2010.

Custodial Credit Risk – This is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are held by the counterparty. It is the City's policy that all investments purchased by the City be designated as an asset of the City in the City's name, despite being held in safekeeping by the City's custodial bank or a third party custodial institution, chartered by the United States Government or the State of Florida. Consistent with the Plans' investment policies, investments are held by the Plans' custodial bank and registered in the Plans' name. Investments in mutual funds and external investment pools are not subject to custodial credit risk.

(B) Receivables and Other Assets

Receivables at fiscal year-end for the City's governmental individual major funds, non-major governmental funds in the aggregate and internal service funds, including the applicable allowances for uncollectible accounts, are as follows:

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2010

Mortgages

The Northwest Community Redevelopment District (the Northwest District) provided qualified individuals with loans/grants to build new homes at the Canal Point (10 year amortization period), Sabal Chase (30 year amortization period), and Ortanique Estates (30 year amortization period) subdivisions which were reported as community redevelopment expenses/expenditures. In addition, the Northwest District also provided similar grants for various infill housing projects during the current fiscal year. The Northwest District has placed a mortgage lien on these new homes with a covenant that the owner must reside at the property for the respective period of time in order to remain eligible for the grant. The Northwest District's reasonable assumption is that the homeowner will reside at the home for the stipulated period. The Northwest District maintains a memorandum record of the outstanding mortgage amounts related to these grants. These amounts are reduced ratably over the ten year period as it relates to the grants for the Canal Point subdivision and the infill housing projects. Should the homeowner move, sell or refinance, the Northwest District is paid a prorated amount of the initial grant. As it relates to the Sabal Chase and Ortanique Estates grants, these amounts are not amortized over the 30 year period, as they are required to be repaid in full at the end of the 30 year period. During fiscal year 2010, no one defaulted on the terms of the grants and consequently, the Northwest District did not receive any repayments related to these grants. At September 30, 2010 the unamortized amount outstanding related to these grants was \$3,115,421. Due to the uncertainty of collections regarding this amount a receivable has not been recorded.

Assets held for Resale & Redevelopment

The City and the Agency acquires and develops property in economically depressed areas, for the intention of rendering the property suitable for economic development and then reselling it to private-sector purchasers meeting certain criteria. Since these properties are acquired with the express intent of resale and/or redevelopment, they are reported at lower of cost/donated value or net realizable value. Assets donated from the City or other related entities are recorded at the carrying value of the donor entity. Donated assets from other sources are recorded at fair value at the date of donation. The cost basis of assets held for resale include costs incurred to acquire the asset and prepare the asset for resale, such as purchase price, closing fees, surveys, lot clearing, demolition, judgments levied through suits, costs of construction, permits etc. These assets include land, land improvements and buildings. Gains are recorded as charges for services in the government-wide statements and miscellaneous revenue in the fund financial statements and losses are recorded as general government expenses.

Additionally the City participates in the Neighborhood Stabilization Program (NSP) funded by the United States Department of Housing and Urban Development (HUD). The Housing and Economic Recovery Act signed into law on July 30, 2008 provided Neighborhood Stabilization funds to assist local governments to acquire foreclosed, vacant and abandoned properties to address neighborhood decline. HUD awarded \$4,366,157 in NSP funds to the City to stabilize City neighborhoods through the purchase of foreclosed properties. Through this program, the City purchases foreclosed homes in the Cresthaven and Pompano Highlands neighborhoods with the intention of rehabilitating and selling back to the public. The homes are available for purchase by eligible residents meeting certain income requirements. The cost basis of assets held for resale in this category include all costs incurred by the City to acquire and redevelop or rehabilitate the

CITY OF POMPANO BEACH, FLORIDA

Total Governmental Activities	\$ 2,211,584	\$ 4,500	\$ 2,326,386	\$ 68,962	\$ 360,331	\$ 4,971,763

Unearned revenue at fiscal year end for the City's non-major enterprise funds is as follows:

<u>Business-Type Activities</u>	<u>Non-Major Enterprise Funds</u>
Hauling Contract Extension Fee	\$ 1,666,666

(E) Interfund Loans and Transfers

The composition of interfund balances as of September 30, 2010, is as follows:

Advances to/from other funds:

<u>Advances to Fund</u>	<u>Advances From Fund</u>	<u>Amount</u>
General Fund	Nonmajor Enterprise Fund	\$ 2,916,666

The Sanitation Fund advanced the General Fund \$5,000,000 in relation to an amount received from a contracted vendor. The amount received was advanced to the general fund as the City could use the funds at the City's sole discretion. The \$5,000,000 is a non-interest bearing loan and will be repaid to the Sanitation Fund over the term of the hauling contract in annual installments of \$416,667 through 2011, the last year of the hauling contract.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

The annual requirements to pay principal on the advance from the sanitation fund (nonmajor enterprise fund) to the general fund are as follows:

	<u>Principal</u>
2011	416,667
2012	833,333
2013	833,333
2014	833,333
	<u>\$ 2,916,666</u>

Due to/from other funds:

<u>Receivable</u>	<u>Payable</u>	Amount
General Fund	Internal Service Fund	\$ 530,000 (1)

(1) This is a short term non-interest bearing receivable and payable to cover a negative cash balance at fiscal year end.

In the government-wide statement of net assets, interfund balances between governmental activities and business-type activities have been consolidated and reported on a single line called "internal balances" (net amount of \$2,876,182), which includes the advance between the General and Sanitation Fund, a short term loan from the General Fund to the Sanitation Fund and the internal service fund look-back adjustment to enterprise funds.

Transfers in/out are as follows:

	<u>Transfers in:</u>						Total
	<u>General Fund</u>	<u>EMS</u>	<u>Capital Projects Fund</u>	<u>Subtotal Gov'mtl. Activities</u>	<u>Nonmajor Enterprise Funds</u>	<u>Subtotal Business Type Activities</u>	
Transfers out:							
General Fund	\$ -	\$ 4,906,755	\$ 4,718,975	\$ 9,625,730	\$ 843,313	\$ 843,313	\$ 10,469,043
Capital Projects	-	-	-	-	-	-	-
East District Fund	188,444	-	-	188,444	-	-	188,444
Nonmajor Enterprise Funds	2,019,881	-	-	2,019,881	-	-	2,019,881
Total transfers out	\$ 2,208,325	\$ 4,906,755	\$ 4,718,975	\$ 11,834,055	\$ 843,313	\$ 843,313	\$ 12,677,368

The transfer from the General Fund to the Emergency Management Services (EMS) Fund was required to support operating costs. Transfers from the General Fund to the Capital Projects Fund were related to a variety of projects, primarily Community Park Phase III Improvements, completion of the Mitchell Moore Phase II Construction, Palm-Aire Park design and construction, the purchase of three mobile generators, and repair of seawalls at various locations throughout the City. Transfers from the General Fund to the Golf Fund were primarily to purchase equipment and secure grounds. The transfer from the East District Fund to the General Fund related to capital improvements made to City infrastructure assets.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

Transfers from the non-major enterprise funds to the General Fund was primarily for an administrative charge to garbage customers in the Sanitation Fund, an annual rebate amount from Waste Management and the annual amortization of a payment associated with a settlement from Waste Management.

(F) Pollution Remediation Obligations

With the passage of Governmental Accounting Standards Board Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations* (GASB 49) the City is required to reasonably estimate and report a pollution remediation liability when any of the following obligating events has occurred:

- Pollution poses an imminent danger to the public and the City is compelled to take action, The City is found in violation of a pollution related permit or license;
- The City is named, or has evidence that it will be named as a responsible party by a regulator;
- The City is named, or has evidence that it will be named in a lawsuit to enforce a cleanup; or
- The City commences or legally obligates itself to conduct remediation activities.

The City has recorded a pollution remediation liability at September 30, 2010 utilizing the expected cash flow technique. Under this technique, the City estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. This liability could change over time due to changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts.

The following pollution remediation obligation has been recorded at September 30, 2010, related to property acquired by the Pompano Beach Community Redevelopment Agency (the CRA):

	Governmental Activities
Environmental remediation liability, beginning of year	\$ -
Expected additional future outlays, increasing liability estimates	251,634
Fiscal year 2010 outlays for environmental remediation	-
Reduction in liability estimates	-
Estimated recoveries from third parties or tax credits	-
Environmental remediation liability, end of year	<u>\$ 251,634</u>

The CRA owns the site associated with the former BT Oil gas station located at 324 N.W. 2nd Avenue, as well as the area surrounding the former gas station within the confines of the vacant parcel located between N.W. 2nd Avenue and N.W. 3rd Avenue. Based on the level of pollution present, state law requires the CRA to undertake pollution remediation efforts, as the CRA owns the property and currently has plans to redevelop it. Initial site assessments indicate petroleum hydrocarbons trapped in soils beneath the groundwater interface.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

Sphere Environmental Services, LLC has been contracted to assess the affected area and incorporate the findings into a Site Assessment Report for submittal to the Florida Department of Environmental Protection and Broward County Environmental Protection and Growth Management Department. The CRA anticipates that seven wells will need to be installed to inject chemicals to address the petroleum hydrocarbons. It should be noted that the scope of this project is subject to change once the study is completed.

(G) Long-term Obligations

Summarized below are the City's debt issued to finance the acquisition of properties for community development and construction of capital facilities, which were outstanding at September 30, 2010.

Governmental Activities Debt:

- On October 1, 1993, the City issued \$13,535,000 in General Obligation Bonds to finance general capital improvements. The issue consisted of serial bonds due in annual installments of \$20,000 to \$1,555,000 through 2010, with interest ranging from 3.875% to 5.00%. Principal and interest related to the general obligation bonds are secured by the full faith and credit of the City by way of pledged ad valorem taxes, specifically assessed for this purpose. At September 30, 2010, the City had satisfied its obligation related to this debt issue. Principal and interest paid for the current fiscal year and total ad valorem taxes collected and interest earned on these funds were \$1,149,750 and \$1,086,734, respectively.
- On December 16, 2003, the Pompano Beach Community Redevelopment Agency (the Agency) authorized the issuance of Tax Increment Bond – Series 2003A in an original principal amount not to exceed \$10,000,000, with Wachovia Bank, National Association (the Bank) being the registered holder of the bond. On December 22, 2003, the Agency also entered into a non-revolving line of credit agreement (line of credit) with the Bank, not to exceed \$10,000,000, which represents the Bank's obligation to fund advances of principal of the Series 2003A Bond. The Series 2003A Bond represent the Agency's obligation to reimburse the Bank for up to \$10,000,000 of drawings made under the line of credit. The line of credit is secured by a senior lien on all tax increment revenues generated within the Agency's Northwest District's Redevelopment Area boundaries on a parity with the lien of the Agency's Series 2004A Bond as discussed below. At September 30, 2010 the Agency had \$8,918,919 outstanding related to this line of credit. Proceeds of these draws were used to finance the current refunding of the Agency's Special Obligation Bonds – Series 1999, the cost of redevelopment projects in the Northwest District Redevelopment Area and costs of issuance. Interest on the 2003A Bond is at a fixed rate of 4.39%, with a final maturity date of November 1, 2018. Principal and interest on the Series 2003A Bond is due and payable quarterly.
- On January 21, 2004, the Agency authorized the issuance of Tax Increment Bonds – Series 2004A in an original principal amount not to exceed \$10,000,000, with Wachovia Bank, National Association (the Bank) being the registered holder of the Series 2004A Bond. On January 21, 2004, the Agency also entered into a non-revolving line of credit agreement (line of credit) with Wachovia Bank, National Association (the Bank), in an amount not to exceed \$10,000,000, representing the Bank's obligation to fund advances of principal of the Series 2004A Bond. The Series

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

2004A Bond represents the Agency's obligation to reimburse the Bank for up to \$10,000,000 of drawings made under the line of credit. The line of credit is secured by a senior lien on all tax increment revenues generated within the Agency's Northwest District Redevelopment Area boundaries, on a parity with the Agency's Series 2003A Bond, as discussed above. At September 30, 2010 the Agency had \$8,918,919 outstanding related to this line of credit. Proceeds of these draws were used to finance the cost of redevelopment projects in the Northwest District Redevelopment Area. Interest on the Series 2004A Bond is at a fixed rate of 4.39%, with a final maturity date of November 1, 2018. Principal and interest on the Series 2004A Bond is due and payable quarterly.

For the Series 2003A & 2004A bonds, principal and interest paid for the current fiscal year and total tax increment revenues were \$2,999,624 and \$7,964,025, respectively. At September 30, 2010, total principal and interest remaining on the bonds held by the Bank is \$21,165,933 payable through November 2018.

- On February 16, 2010 the City Commission and Pompano Beach Community Redevelopment Agency Board authorized the issuance of tax increment revenue bonds, series 2010A in the original aggregate principal amount of \$10,000,000 and tax increment revenue bonds, Series 2010B in an original aggregate principal amount not to exceed \$5,000,000 and/or taxable tax increment revenue bonds, Series 2010C in an original aggregate principal amount not to exceed \$5,000,000 (provided, however, the aggregate principal amount of the Series 2010B bonds and 2010C bonds that may ever be issued and outstanding shall not exceed \$5,000,000). The bonds were issued on February 17, 2010. The principal purpose of the bond issuance was to finance a portion of the costs of the Community Redevelopment Plan for the East Pompano District Area. Proceeds associated with the 2010A Series bonds were drawn at closing. The 2010A bonds were issued at a fixed rate of 5.13%, with a twenty-year repayment term. At September 30, 2010, the City had \$10,000,000 outstanding related to this obligation. For the current fiscal year, interest paid and total tax increment revenues were \$233,700 and \$2,440,977, respectively. At September 30, 2010, total principal and interest remaining on the bonds is \$15,967,473 payable through February 2030.

The Series 2010B/C bonds can either be issued as taxable, tax-exempt or a combination of both and will carry a twenty-year repayment term. The rate on the 2010B bonds will be fixed at the 10 year Libor swap rate, plus a spread of 1.46% upon funds being advanced to the Agency. The rate on the 2010C bonds will be fixed at the 10 year Libor swap rate, plus a spread of 4.60%, upon funds being advanced to the Agency. The Agency has until December 31, 2010 to initiate a one time draw on either the Series 2010B or 2010C bonds, or a combination of both. It is estimated that the annual debt service associated with the 2010 Series bonds will be approximately \$1.4 million, with total interest cost associated with the issue estimated to not exceed \$11.2 million.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2010

Conduit Debt

On December 9, 2008, the City Commission authorized the issuance of special facility airport revenue bonds in an aggregate principal amount not to exceed \$8,000,000, for the purpose of making a loan of funds to Sheltair Pompano Beach, LLC (Sheltair) in order to finance the costs of the acquisition, renovation, construction and equipping of certain general aviation facilities located at the Pompano Beach Airpark, to be leased by Sheltair. The bonds were subsequently issued on December 22, 2008. The bonds are limited obligations of the City payable from lease payments required to be made by Sheltair. The City is not obligated to pay the principal or interest of the bonds except from payments made by Sheltair, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds. At September 30, 2010, total principal and interest outstanding related to this debt issue was \$7,802,545 and \$5,963,696, respectively.

Business-type Activities Debt:

On June 14, 2005, the City Commission authorized the issuance of Water and Sewer Revenue Bonds – Series 2006A and B (collectively known as the Series 2006 bonds), per City Ordinance No. 2005-57. The Series 2006 bonds were subsequently issued on May 3, 2006. The Series 2006A bonds were issued for the purpose of providing funds sufficient to accomplish the current refunding of all of the City's outstanding Water and Sewer Bonds, Series 1993, which had an outstanding balance in the amount of \$5,845,000. The Series 2006B bonds were issued for the purpose of providing funds sufficient to accomplish the advance refunding of the City's outstanding Water and Sewer Revenue Bonds, Series 2000, which had an outstanding balance in the amount of \$36,030,000. Refunded bonds were initially issued by the City to finance the following projects:

- 10.0 MGD Membrane Softening Water Treatment Plant
- Western/I-95 Wellfield Expansion
- Water Treatment Plant Exterior Door Replacement
- Indian Mound Ground Storage and Booster Pump Station
- North Course Drive Water Main Extension
- Reclaimed Water Treatment Facility
- Reclaimed Water Distribution System Expansion
- Lyons Park Sanitary Sewer Improvements
- Cypress Road Force Main Replacement
- North East Force Main Installation/Lift Station #2 Rehabilitation
- Pump Station Replacements-Eleven Pump Stations
- Lift Stations 1, 49 and 50 Rehabilitation
- Lift Station 5 Rehabilitation

The City has pledged future water and sewer customer gross revenues, net of specified operating expenses (net revenues), to repay the Series 2006 bonds. The bonds are

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

payable solely from water and sewer customer net revenues and are payable through 2020. Interest on the Series 2006A bonds range from 3.60% to 3.94% through July 1, 2013, the scheduled maturity of the bonds. Interest on the Series 2006B bonds range from 3.74% to 4.58% through July 1, 2020, the scheduled maturity of the bonds.

Principal and interest payments on the Series 2006 bonds are due semi-annually through maturity. Annual principal and interest payments on the Series 2006 bonds are expected to require less than 41 percent of net revenues. The total principal and interest remaining to be paid on the bonds is \$37,389,556. Principal and interest paid for the current fiscal year and total water and sewer customer net revenues were \$4,369,674 and \$10,765,324 respectively.

Changes in long-term liabilities

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Bonds payable					
General obligation bonds	\$ 1,095,000	\$ -	\$ 1,095,000	\$ -	\$ -

Business-type activities:					
Bonds payable:					
Water & Sewer revenue bonds	\$ 33,229,506	\$ -	\$ 2,990,000	\$ 30,239,506	\$ 3,110,000
Less: Deferred amounts	(581,554)	-	54,138	(527,416)	(54,138)
Less: bond discount	(95,528)	-	13,176	(82,352)	(13,176)
Total bonds payable	32,552,424	-	3,057,314	29,629,738	3,042,686
Net OPEB Obligation	701,076	395,513	77,460	1,019,129	-
Compensated absences	947,121	733,033	678,408	1,001,746	26,394
Business-type activity Long-term liabilities	<u>34,200,621</u>	<u>1,128,546</u>	<u>3,813,182</u>	<u>31,650,613</u>	<u>3,069,080</u>
Total long-term liabilities	<u>\$ 78,808,722</u>	<u>\$ 18,369,155</u>	<u>\$ 13,663,869</u>	<u>\$ 83,648,636</u>	<u>\$ 7,960,474</u>

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities.

For the governmental activities, compensated absences are generally liquidated by the General Fund, while OPEB liabilities are liquidated by the Risk Management Health Internal Service Fund.

Bond indentures for the water and sewer bonds contain provisions relating to annual debt service payments, restricted account transactions, minimum sinking fund requirements, and minimum revenue levels. The City believes that it is in compliance with all bond provisions and maintained reserves totaling \$4,442,915 at September 30, 2010.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

The City Charter limits the amount of net general obligation bonded debt to 15% of the assessed property valuation. At September 30, 2010, the statutory limit for the City was approximately \$1.6 billion, providing a legal debt margin of approximately \$1.6 billion.

The Tax Reform Act of 1986 arbitrage rebate regulations require earnings from investment of tax-exempt debt proceeds which exceed the yield on the debt to be remitted to the federal government every five years. As of September 30, 2010 the City had negative arbitrage related to all outstanding bond issues. Amounts to be rebated, if any, depend on net results of arbitrage calculations in future years.

The annual requirements to pay principal and interest on bonds at September 30, 2010 are as follows:

	Governmental Activities						Total Governmental Activities
	Northwest (NW) CRA District			East CRA District			
	Principal	Interest	Subtotal NW District	Principal	Interest	Subtotal East District

	<u>\$ 30,239,506</u>	<u>\$ 7,149,557</u>	<u>\$ 37,389,063</u>

UNAMORTIZED ISSUANCE COSTS – Original issuance costs on long-term debt are amortized over the life of the respective liability in the Utility Fund and the government-wide financial statements. Such amounts are amortized by the straight-line method, which is not materially different than the interest method. At September 30, 2010 the City had \$159,219 in unamortized issuance costs outstanding related to the 2006 Water and Sewer Revenue Bonds and \$27,737 related to the Tax Increment Bonds.

OTHER UNAMORTIZED AMOUNTS ON BOND REFUNDING - Original deferrals (difference between carrying value of old debt and reacquisition price of new debt), as

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

well as unamortized premium/discounts on the bond refunding of the 1993 and 2000 Water and Sewer Revenue Bonds are being amortized over the life of the respective liability in the Utility Fund and the government-wide financial statements using the effective interest method. The unamortized bond deferral was \$527,416 and the unamortized discount was \$82,352 at September 30, 2010. These amounts are reported as an addition/deduction from the bond liability of \$30,239,506 at September 30, 2010.

(H) Lease

Operating Lease

The City is a lessee in a long-term land lease in order to receive access to a tract of land at the Hillsboro Inlet. The lease expires in 63 years and is adjusted for changes in the Consumer Price Index every three years.

The lease payments are as follows:

<u>Fiscal Year Ending</u>	<u>Governmental Activities</u>
2011	\$ 128,211
2012	128,211
2013	128,211
2014	128,211
2015	128,211
2016-2020	641,055
2021-2025	641,055
2026-2030	641,055
2031-2035	641,055
2036-2040	641,055
2041-2045	641,055
2046-2050	641,055
2051-2055	641,055
2056-2060	641,055
2061-2065	641,055
2066-2070	641,055
2071-2074	384,633
Total lease payments	<u>\$ 8,077,293</u>

(I) Property Taxes

The City levies property taxes each October 1, which becomes a lien on real and personal property located in the City. Property taxes are based on the assessed values determined by the Broward County Property Appraiser as of the prior January 1. The current year's levy is based on assessed property values totaling approximately \$10.9 billion. Taxes are collected directly by Broward County and remitted to the City as collected.

The State of Florida permits the City to levy taxes up to 10 mills of assessed property valuation for the General Fund. The City levied taxes at 4.0652 mills for the General Fund, 0.1011 mills for the Debt Service Fund and .5000 mills for the EMS District for the fiscal year ended September 30, 2010.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

All taxes are due from property owners on March 31. Taxes become delinquent on April 1 and are subject to the issuance of tax sale certificates if unpaid by June 1. Gross tax collections for the year ended September 30, 2010 were approximately 93.6% of the total tax levy.

(J) Other Commitments

On July 27, 2010, the City of Pompano Beach entered into a contract with the Broward County Sheriff's Office ("BSO") through September 30, 2014, for policing services in Pompano Beach. For the period from the effective date of the agreement through September 30, 2011, the annualized consideration amount payable by the City to BSO for policing services is \$37,250,000. However, if cost increases for BSO occur between the effective date and September 30, 2011, the initial contract sum is subject to mutually agreeable adjustments between the City and BSO.

(K) Post Employment Benefits Other Than Pensions

Plan Description - The City as a single employer, maintains a Post Employment Benefits Plan, for benefits other than pension (OPEB). Pursuant to Section 112.0801, Florida Statutes, the City is mandated to permit participation in the health insurance program by eligible retirees (as defined in the City's pension plans as discussed in more detail at Note III) and their eligible dependents at a cost to the retiree that is no greater than the cost at which coverage is available for active employees. Retirees pay 100% of the blended (active and retiree combined) equivalent premium rates. The blended rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The OPEB Plan does not issue a separate stand alone financial report.

Funding Policy - The City is financing the post employee benefits on a pay-as-you go basis. For fiscal year 2010, 64 retirees received health care benefits. Annual required implied contributions amounted to \$2,744,123 for the current fiscal year, towards which the City made an implied contribution of \$606,448. Retiree contributions totaled \$907,557 for the fiscal year ended September 30, 2010. At September 30, 2010 the City recorded a net OPEB obligation of \$4,833,124 for governmental activities and \$1,019,129 for business-type activities in its government-wide statement of net assets. The Utility Fund reported a net OPEB obligation of \$804,472, while the non-major enterprise funds reported \$214,657. Internal Service Funds reported a net OPEB obligation of \$244,059. The OPEB obligation is a function of annual required contributions, interest, adjustments to the annual required contribution, annual pension costs and actual employers' contributions made to the plan.

Annual OPEB Cost and Net OPEB Obligation - The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to the retiree health plan:

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Annual Required Contribution	\$	2,744,123
Interest on Net OPEB Obligation		193,821
Adjustment to Annual Required Contribution		<u>(355,680)</u>
Annual OPEB Cost (Expense)		2,582,264
Implied Employer Contribution		(606,448)
Increase in Net OPEB Obligation		1,975,816
Net OPEB Obligation-beginning of year		<u>3,876,437</u>
Net OPEB Obligation-end of year	\$	<u><u>5,852,253</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of September 30, 2010 was as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
September 30, 2010 \$	2,582,264	23%	\$ 5,852,253
September 30, 2009 \$	2,538,683	23%	\$ 3,876,437

Funded Status and Funding Progress - As of September 30, 2010, the actuarial accrued liability for benefits was \$17,522,636 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$17,522,636. The covered payroll (annual payroll of active employees covered by the plan) was \$39,035,302, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 45 percent. The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the actuarial valuation as of July 1, 2009 the Projected Unit Credit method (PUC) was used to determine all liabilities, with the liability for each active employee assumed to accrue over his working lifetime based on elapsed time from his date of hire until retirement. The unfunded actuarial accrued liability is being amortized over a fifteen year open period, utilizing the level dollar payment method.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

The following simplifying assumptions were made:

Eligibility

For firefighters and police officers – Age 47 with at least 20 years of service, or age 55 with at least 10 years of service.

For general employees – Age 55 with at least 20 years of service, or age 62 with at least three years of service.

Disability

Sex-distinct disability rates set forth in the Wyatt 1985 Disability Study were used. Class 4 rates were used for police officers and firefighters, while class 2 rates were used for general employees.

Permanent Withdrawal from Active Status

Sex-distinct withdrawal rates set forth in the Scale 155 table were used.

Investment Rate of Return

A discount rate of 5% per annum was utilized (includes inflation at 3% per annum).

Healthcare Cost Trend Rates

The cost of covered medical services, based on market place knowledge, was assumed to increase or decrease in accordance with the following rates, compounded annually:

2010/11-9.50%
2011/12-9.00%
2012/13-8.50%
2013/14-8.00%
2014/15-7.50%
2015/16-7.00%
2016/17-6.50%
2017/18-6.00%
2018/19 & later-5.00%

Implied Subsidy

The implied subsidy for a 65-year old retiree for the period July 1, 2009 through June 30, 2010 is assumed to be \$3,600 per year under the HMO plan and \$4,550 per year PPO plan. Upon the attainment of medicare eligibility, the subsidy is assumed to disappear.

Age Related Morbidity

The cost of covered medical services has been assumed to increase with age at the rate of 2.50% per annum.

Retiree Contributions

Retirees electing post-employment healthcare coverage have been assumed to make monthly contributions equal to the premium charged to the active employees.

Cost of Living Increases

Retiree contributions have been assumed to increase in accordance with the healthcare cost trend assumption.

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

Medical Plan Choice

Both current and future retirees have been assumed to continue coverage in accordance with their current plan election.

Future Participation Rates

One hundred percent (100%) of eligible employees were assumed to elect coverage upon retirement or disability. Coverage for retirees and their dependents was assumed to continue for the life of the retiree only, with coverage for all dependents ending upon the retiree's death.

Marriage and Dependent Assumption

Both current and future retirees were assumed to continue single or family coverage in accordance with their current election.

COBRA Assumption

Future healthcare coverage provided solely pursuant to COBRA was not included in the OPEB valuation. As the COBRA premium is determined periodically based on plan experience, it was assumed that the COBRA premium to be paid by the participant fully covers the cost of providing healthcare coverage during the relevant period.

Retiree Age Assumption

All current retirees were assumed to be an average age 60 years, based on actual retirees data.

(III) OTHER INFORMATION

(A) Employee Retirement System
Police and Firefighters' Retirement System

1. Summary of Significant Accounting Policies

Basis of accounting – The PFRS's financial statements are prepared using the accrual basis of accounting. Contributions from the PFRS's members are recognized as revenue in the period in which the contributions are due. Contributions from the City and the Broward County Sheriff's Office, as calculated by the PFRS's actuary, are recognized as revenue when due and when the entities have made a formal commitment to provide the contributions. Expenses are recognized in the accounting period incurred, if measurable. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method used to value investments – Investments are reported at fair value. Short-term investments which consist of money market funds are reported at cost, which is fair value. Securities traded on national or international exchanges are valued at the last reported sales price or current exchange rates. Real estate investments are reported at its fair value based on an appraisal of underlying property. The PFRS has investments in Funds of Hedge Funds which hold in a variety of different investment vehicles that do not have readily available market quotations. The Plan's fair value is based on its proportionate share of the value

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

of the Funds of Hedge Funds as determined by the fund managers. That value is based on what the hedge fund can reasonably expect to receive for their interest in the various investment vehicles based on input from fund managers, independent valuation consultants and independent auditors. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses. Realized gains and losses are determined on the basis of specific cost. Interest and dividends are recorded as earned. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Plan Description and Contribution Information

The following brief description of the Plan is provided for general information purposes only. Participants should refer to City ordinances for more complete information.

Plan description – The Pompano Beach Police and Firefighters' Retirement System ("PFRS") was established by ordinance of the City of Pompano Beach, Florida ("City") on August 15, 1972 (effective October 1972), to account for the financial activity of the Pompano Beach Police and Firefighters' Retirement Plan ("Plan"). The PFRS is a single-employer defined benefit pension plan, which is administered by a nine member Board of Trustees comprised of three members appointed by the City Commission, three members elected by/from the Firefighter members, and three members elected by/from the Police members. The Board of Trustees has the sole and exclusive responsibility for the administration and operation of the PFRS.

All full time employees of the police and fire departments, who are classified as sworn police officers and firefighters are covered by this single employer defined benefit pension plan. In August 1999, the City contracted with the Broward County Sheriff's Office ("BSO") whereby the BSO would provide policing services in Pompano Beach. As a result, all of the City's police officers were employed by the BSO. Participating police officers were given the option to either remain in the Plan or switch to the BSO's retirement plan and the Plan was closed to new police officers. The PFRS is an integral part of the primary government of the City and is included as a pension trust fund in the City's basic financial statements. However, the PFRS also issues a stand alone financial report that may be obtained by writing to the Pension Board, P.O. Box 610489, Pompano Beach, Florida 33061-0489.

The PFRS provides retirement, death and disability benefits for its members. Benefit provisions are established and may be amended by the City, in conjunction with the Broward County Police Benevolent Association and the Pompano Beach Professional Firefighters Local 1549. A member may retire with normal benefits after reaching age 47 and accumulating 20 or more years of

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

credited service, or age 55 and accumulating 10 or more years of credited service, or age 47 regardless of credited service for those members of the Plan on August 15, 1972. Normal retirement benefits are stipulated in Section Pursuant to Ordinance 2008-54, a police officer with 25 years of accredited service may elect to purchase unreduced normal retirement benefits regardless of age. Normal retirement benefits are stipulated in Section 34.055 of the City's Code of Ordinances and are contingent upon a member's employment classification, separation date, length of service and average monthly earnings. In general, normal retirement benefits are the member's average earnings times the number of years of service multiplied by a factor ranging from 2.0% to 4.0%. Members with 20 or more years of service may receive an early retirement benefit at age 47 or an immediate benefit at a reduced amount. Members who have attained age 50 and have completed 10 years of service are also eligible for an early retirement benefit.

Each October 1, an automatic cost of living adjustment (COLA) of 2% is provided to those who have been retired at least 5 years. An additional increase of up to 1% may be paid to those same retirees under certain circumstances.

A member attaining age 47 with 20 or more years of credited service is eligible for delayed retirement. These benefits begin upon application and are computed in the same manner as the normal retirement benefit.

Any member who is eligible to receive a normal retirement pension and prior to attaining 25 years of service may elect to participate in a deferred retirement option plan ("DROP") while continuing his or her active employment as a police officer or firefighter. A member with 25 years of credited service who is not yet eligible for normal retirement, may elect to participate in the DROP upon reaching normal retirement. Upon participation in the DROP, the member becomes a retiree for all PFRS purposes so that he or she ceases to accrue any further benefits under the pension plan. Normal retirement payments that would have been payable to the member as a result are accumulated and invested in the DROP plan to be distributed to the member upon his or her termination of employment. Participation in the DROP plan ceases for a member after 5 years of participation. As of September 30, 2010, the balance in the Drop account was \$13,692,797. These amounts are included in the total investment balance presented on the statement of plan assets.

Effective June 22, 2010, the PFRS allowed participants (Police officers only) to borrow from their DROP account. The loan limit is up to 50% of participant's account balance, subject to a minimum of \$5,000 and a maximum of \$50,000. The interest rate charged is the "prime rate" in effect on the day of loan application and the repayment schedule and maturity date may not exceed five years. At September 30, 2010, the balance of DROP loans outstanding was \$148,000.

Disability benefits for service related disabilities are paid to the member for at least 10 years or until recovery. Benefits are calculated as 75% of the member's final earnings in effect at the date the benefit is approved. For firefighters,

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

benefits are calculated at greater of 75% of final earnings or the vested accrued benefit at the time of disability. Disability benefits for non-service related disabilities for members with 10 or more years of credited service are paid to a member for at least 10 years or until recovery. Benefits are calculated as 3% of the member's average monthly earnings times the number of credited service years, up to a maximum of 60% of the member's salary, plus 2% of average monthly earnings times the number of credited service years in excess of 25 years.

Pre-retirement death benefits for service related deaths are payable to the member's surviving spouse until death or remarriage (for life if the member was killed in the line of duty). Benefits are calculated as \$5,000 lump sum payment plus 75% of the member's final earnings. In addition, eligible children each receive 7.5% of the member's final earnings. If no eligible surviving spouse exists, eligible children each receive 15% of the member's final earnings. Pre-retirement death benefits for non-service related deaths of members with more than 10 years of credited service are payable to a designated beneficiary. The designated beneficiary may elect to receive a return of the member's contribution plus interest or an accrued benefit payable at normal retirement or early retirement. In addition, the designated beneficiary may elect the pre-retirement death benefit for non-service related deaths of members with 5 to 10 years of credited service. Pre-retirement death benefits for non-service related deaths of members with 5 to 10 years of credited service are paid to the member's surviving spouse for life or until remarriage. Benefits are computed as a \$5,000 lump sum plus 65% of the member's accrued benefits at the date of death, subject to a minimum of 20% of the member's average monthly salary. In addition, eligible children each receive 7.5% of the member's final earnings. If no eligible surviving spouse exists, eligible children each receive 15% of the member's final earnings. The pre-retirement death benefit for members with 1 to 5 years of credited service is a \$5,000 lump sum payment to the member's designated beneficiary. Post retirement death benefits are payable to the member's beneficiary in accordance with the terms of the payment method selected.

A member with less than 10 years of credited service who terminates employment is refunded his or her contributions, plus interest of 3%. A member with 10 or more years who terminates employment may receive his or her accrued benefit or a refund of contributions plus 3% interest.

Membership consisted of the following at October 1, 2010, the date of the latest actuarial valuation:

Retirees and beneficiaries currently receiving benefits	276
Terminated employees entitled to benefits but not yet receiving them, and participants who have elected to defer normal retirement benefits, and participants who have elected to participate in the DROP	42
Active plan members	<u>243</u>
Total	<u>561</u>

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

Contributions – Contribution requirements are established and may be amended by the City in conjunction with the Broward County Police Benevolent Association and the Pompano Beach Professional Firefighters Local 1549. The contribution requirements are determined based on the benefit structure established by the City. The City is required to contribute amounts necessary to finance the benefits through periodic contributions at actuarially determined rates. Police officers are required to contribute 8.6% and firefighters 11.6% of their annual covered salary.

The City also has a contract with BSO to provide annual contributions to the Plan on behalf of police officers, as actuarially determined. Pursuant to chapters 175 and 185 of the Florida Statutes, a premium tax on certain property and casualty insurance contracts written on Pompano Beach properties is collected by the State and is remitted to the PFRS. Administrative costs are financed through investment earnings.

In accordance with Florida Statutes, additional premium tax revenues received by the PFRS are reserved to provide future minimum or extra benefits and may not be used to reduce or offset the contribution requirements of the City. As of the October 1, 2010 actuarial valuation, the cumulative balance of additional premium tax revenues reserved to provide future benefit improvements total \$3,602,091 of which \$215,163 pertains to the police members (Chapter 185 funds) and \$3,386,928 pertains to the firefighter members (Chapter 175 funds).

3. Due to Brokers

Pending trades payable amounting to \$1,829,510 at September 30, 2010 account for amounts due to the PFRS's broker for investment purchases made with trade dates prior to the fiscal year end and settlement dates after the fiscal year end. The trades were settled by receiving or liquidating cash equivalents.

**(B) Employee Retirement System
General Employees' Retirement System**

1. Summary of Significant Accounting Policies

Basis of Accounting - The GERS's financial statements are prepared using the accrual basis of accounting. Member contributions are recognized as revenues in the period in which employee contributions are due. City and County contributions are recognized as revenues when due pursuant to actuarial valuations. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Interest and dividend income are recorded as earned.

Cash Equivalents – The GERS considers all highly liquid investment with a maturity of three months or less when purchased, to be cash equivalents.

Investments – Plan investments are reported at fair value. Quoted market prices, when available, have been used to value investments. The fair value of quoted investments is based on the closing sales price or bid price as reported by recognized security exchanges. The market values for securities that have no

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

quoted market price represent estimated fair value. Many factors are considered in arriving at that value. International equities are valued based upon quoted foreign market prices and translated into U.S. dollars at the exchange rate in effect at September 30, 2010 and 2009. In general, corporate debt securities have been valued at quoted market prices or, if not available, values are based on yields currently available on comparable securities of issuers with similar credit ratings. The fair value of real estate investment securities is based on appraisals plus fiscal year-to-date capital expenditures.

Private equity partnerships are valued using their respective net asset value ("NAV") and are audited annually. The most significant input into the NAV of such an entity is the fair value of its investment holdings. These holdings are valued by the general partners on a quarterly or semi-annual basis, in conjunction with management and investment advisors. The management assumptions are based upon the nature of the investment and the underlying business. Because of the inherent uncertainty of the valuation for these private equity investments, the estimated fair value may differ from the values that would have been used had a ready market existed.

Unrealized gains and losses are presented as net appreciation (depreciation) in fair value of investments on the statement of changes in plan net assets along with gains and losses realized on sales of investments. Purchases and sales of investments are recorded on a trade-date basis.

Property and Equipment - Property and equipment is stated at cost. The cost of property and equipment is depreciated over the estimated useful lives of the related assets. The costs of leasehold improvements are depreciated (amortized) over the lesser of the length of the related leases or estimated useful lives of the assets. Depreciation is computed using the straight-line method.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Plan Description

Organization – The City of Pompano Beach General Employees' Retirement System (the GERS) is a single employee defined benefit pension plan established by the City of Pompano Beach, Florida (the City), on September 25, 1972. The GERS reflects the provisions and requirements of Ordinance Section No. 34.010 through 34.040, as amended. In September 1991, the City contracted with Broward County for the operation of the Pompano Beach Public Library. As part of this agreement, all City employees who chose to remain in the library system became employees of Broward County. These employees were given the option of remaining in the GERS, in which case Broward County would make the required annual employer contributions as determined by the Plan actuary. In August 1999, the City also contracted with the Broward County Sheriff's Office ("BSO") whereby the BSO would provide policing services in Pompano Beach. As

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

a result, certain code enforcement officers were employed by the BSO. Participating code enforcement officers were given the option to either remain in the Plan or switch to the BSO's retirement plan.

The GERS is administered by a board of seven trustees comprised of three persons elected directly by the members, three persons who are not members appointed by the City Commission and one person elected by the other six trustees.

Since the GERS is sponsored by the City, the GERS is included as a pension trust fund in the City's comprehensive annual financial report, as part of the City's financial reporting entity. The GERS issues a stand alone financial report that may be obtained by writing to the Pension Board, 555 S. Andrews Avenue, Suite 106, Pompano Beach, Florida 33069.

The following brief description of the GERS is provided for general information purposes only. Participants should refer to the Plan document for more detailed and comprehensive information.

Participants

Participants are all general employees with full-time status, elected officials and appointees and senior managers of the City of Pompano Beach who have met the requirements of the City's merit system.

Membership

As of October 1, 2010, the date of the latest actuarial valuation, membership in the Plan consisted of:

Retirees and Beneficiaries currently receiving benefits and Drop and Terminated Employees entitled to benefits, but not yet receiving them	<u><u>352</u></u>
Current Employees:	
Vested	255
Nonvested	<u>229</u>
	<u><u>484</u></u>

Pension Benefits

The GERS provides retirement benefits as well as death and disability benefits for all regular full time employees employed at least twenty hours per week and five months per year. Several benefit options are available to employees, which should be elected at time of retirement. Early retirement, disability, death and other benefits are also provided. Employees must have ten years of service and be unable to be gainfully employed before becoming eligible for non-service connected disability benefits. General employees have vested benefits after 10 years of creditable service in accordance with qualifications under the Plan. Elected officials, appointees and senior management have vested benefits after 5

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

years of creditable service in accordance with qualifications under the Plan. Employees who retire at age fifty-five with twenty years of continuous service or age sixty-two with at least three years of continuous service are entitled to an annual retirement benefit payable monthly for life in an amount equal to two and three-quarter percent (two and one-half percent for members retiring prior to October 1, 2005) of their average monthly earnings times years of service. Average monthly salary is the average of the highest completed 78 biweekly pay periods (times 1.0048). Employees with twenty years of continuous service who have not yet reached age fifty-five may retire and receive immediate reduced benefits.

Deferred Retirement Option Plan (DROP)

Any member who is eligible to receive a normal retirement pension may freeze their accrued benefits and elect to participate in a DROP while continuing their active employment. For members electing participation in the DROP, an individual DROP account shall be created. Payment shall be made by the Plan into the employee's DROP account in an amount equal to the regular monthly retirement benefit which the participant would have received had the participant separated from service and commenced receipt of pension benefits plus interest. Interest shall be at the same rate as the investment earnings assumption for the Plan. Participation in the DROP is limited to sixty months.

Cost of Living Adjustment (COLA)

The Plan allows for an annual guaranteed Cost of Living Adjustment (COLA) equal to two percent (2%) payable on October 1, plus an additional variable COLA equal to up to one percent (1%) if Plan earnings are sufficient (as certified by the Plan's actuary). The COLA is payable to each Retiree who has been retired for at least one year at the time of COLA payment (October 1). All retirees and their beneficiaries are eligible for the COLA once they have been retired for one year.

Funding Requirements and Funding Status of Plan

Member Contributions:

All members are required to contribute 10% of their earnings to the Plan. If a member terminates their employment before they become eligible to receive benefits, the accumulated contributions will be returned to the members plus interest at 3% per year.

City Contributions:

The City is to contribute such amounts as are necessary to maintain the actuarial soundness of the Plan and to provide the Plan with assets sufficient to meet the benefits to be paid to the participants.

County Contributions:

The County is to contribute such amounts as determined by the actuary to cover

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

Broward Sheriff's Office employees.

Investments

The Plan contracts with investment managers who supervise and direct the investment of equity and fixed income securities. In addition, the Plan utilizes an investment advisor who monitors the investing activity. The investments owned are held in the name of the GERS.

(C) Other Pension Information

1. Contribution Rates and Actual Contributions

The following schedule summarizes the required contribution rates and actual contributions for the City and its plan members for the fiscal year ended September 30, 2010:

	<u>Police and Firefighters'</u>	<u>General Employees</u>
Contributions:		
Contribution rates:		
City:		
General Employees	-	15.33%
Police	42.74%	-
Fire	31.19%	-
Plan members:		
General Employees	-	10.00%
Police	8.60%	-
Fire	11.60%	-
Annual pension costs	\$	\$
Contributions made:		
Employer	\$ 6,828,542	\$ 4,338,870
Plan members	1,827,041	2,868,571
State	1,884,144 ⁽¹⁾	-

⁽¹⁾The Police and Firefighters Plan is also funded by contributions from the State of Florida under Chapters 175 (*Firefighter Pensions*) and 185 (*Municipal Police Pensions*) of Florida Statutes. This contribution consists of excise taxes collected on fire and casualty insurance premiums on policies written within the City.

Prior to fiscal year 1998, in calculating the net pension asset (net pension obligation), the City was allowed to take a credit for actual premium taxes received in relation to the Police and Firefighters Pension Plan, thereby reducing the City's annual required contribution. However, beginning in fiscal year 1998, the State, by passage of Chapters 175 and 185 of Florida Statutes, limited the

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

allowable premium tax credit to the base amount received by the Plan in 1997 plus any fire supplemental payments received from the State subsequent to 1997. In addition, the City is allowed to take an additional credit for any improved benefits (approved by City Ordinance) provided to the firefighters resulting in additional costs to the Plan. The annual credit taken, which is equal to the sum of the 1997 base amount plus additional fire supplemental payments received and additional costs incurred from improved benefits cannot exceed the actual premium taxes received for that fiscal year. For the fiscal year ended September 30, 2010 the Plan received \$1,884,144 for the Police and Firefighters Plan. This amount is recorded as intergovernmental revenue and public safety expenditures (on behalf payments) in the City's General Fund and as operating grants and contributions and public safety expenses for governmental activities in the government-wide financial statements.

The maximum allowable credit for fiscal year 2010 was \$1,531,217. Any excess premium taxes received from the State for which a credit is not taken goes into Plan assets for the Plan. For the fiscal year ended September 30, 2010 excess premium taxes amounted to \$352,927 (actual amount received less maximum allowable premium tax credit).

2. Annual Pension Cost and Net Pension Asset (Obligation)

Annual pension cost is a measure of the periodic cost of an employer's participation in a defined benefit pension plan. The annual pension cost for the Police and Firefighters and the General Employees Plans for the three most recent fiscal periods available is shown below:

	<u>Police and Firefighters</u>			<u>General Employees</u>		
	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>
Annual Pension Cost	\$ 6,592,613	\$ 6,371,882	\$ 6,859,098	\$ 3,405,301	\$ 3,694,196	\$ 4,326,225
Percentage of annual pension cost contributed	99.2%	99.2%	99.6%	100.3%	100.3%	100.3%
Net Pension Asset (Obligation) at the end of the year	\$ 754,990	\$ 704,665	\$ 674,109	\$ 472,514	\$ 485,187	\$ 497,832

The City's annual pension cost and net pension asset (NPA) or net pension obligation (NPO) related to the Police and Firefighters and General Employees Plans for the fiscal year ended September 30, 2010 is as follows:

	<u>Police and Firefighters</u>	<u>General Employees</u>
Annual required contribution ("ARC")	\$ 6,828,542	\$ 4,337,004
Interest on NPO/(NPA)	(59,897)	(38,815)
Adjustment to ARC	(90,453)	(28,036)
Annual pension cost	6,859,098	4,326,225
Actual contributions	6,828,542	4,338,870
NPA (NPO) at beginning of year	704,665	485,187
Increase (decrease) in NPA (NPO)	(30,556)	12,645
NPA (NPO) at end of year	674,109	497,832

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

3. Actuarial Methods and Assumptions

Additional information as of the latest actuarial valuation follows:

	Police and Firefighters' Retirement System	General Employees' Retirement System
Valuation date	October 1, 2010	October 1, 2010
Actuarial cost method	Entry Age	Entry Age
Amortization method and remaining amortization period	Level percent - closed (Firefighters) Level dollar - closed (Police) 30 years	Level percent closed 30 years
Asset valuation method	5 year Smoothed Market	5 year Smoothed Market
Actuarial assumptions:		
Investment rate of return*	8.10% net of investment expenses	8.00% net of investment expenses
Projected salary increases	Service weighted rates from 4.00%-17.00%	4.25%-7.5% varying by service*
Cost of living adjustments	2.00% (starts 5 years after retirement)	2.00%
* Includes inflation at	3.50%	3.50%

4. Funded Status and Funding Progress - Pension Plans

As of September 30, 2010, the actuarial accrued liability for benefits was \$169,995,000 and the actuarial value of assets was \$126,103,000, resulting in an unfunded actuarial accrued liability of \$43,892,000 and a funded ratio of 74.2%, for the General Employees' Retirement Plan. The covered payroll (annual payroll of active employees covered by the plan) was \$26,597,000, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 165%. As of September 30, 2010, the actuarial accrued liability for benefits was \$242,462,552 and the actuarial value of assets was \$169,136,485 resulting in an unfunded actuarial accrued liability of \$73,326,067 and a funded ratio of 69.8%, for the Police and Firefighters' Retirement Plan. The covered payroll (annual payroll of active employees covered by the plan) was \$16,804,153, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 436.4%.

The Schedule of Funding Progress immediately following the notes to the financial statements as required supplementary information presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**(D) Employee Retirement System
Defined Contribution Retirement System (Contribution Plan)**

Plan Description and Contribution Information

Plan Description – The defined contribution retirement system (“DCRS”) is a defined contribution pension plan established by the City to provide benefits at retirement to certain professional and managerial employees of the City. At September 30, 2010,

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

there was 1 plan member. Contribution Plan provisions and contribution requirements are established and may be amended by City Commission Ordinance. The International City Management Association Retirement Corporation acts as agent for the City in administering the Contribution Plan. The DCRS does not issue a stand alone financial report.

Contributions - The following is a detail of individual DCRS contribution requirements:

<u>Plan Name</u>	<u>Employee Contribution</u>	<u>Employer Contribution</u>
Executive	10%	10%
Dept. Head	5%	5%
Appointed Officials	0%	10%
City Attorney	5%	10%

The City does not incur an actuarial liability related to the sponsorship of the DCRS. For the fiscal year ended September 30, 2010, employer contributions totaled \$7,964 and employee contributions totaled \$0. Financial information for the DCRS at and as of September 30, 2010 is shown below:

ASSETS

Investments, at fair value:

Net increase	68,168

Net assets held in trust for pension benefits

Beginning of the year	1,203,216
End of the year	<u>\$ 1,271,384</u>

(E) Risk Management

The City is exposed to various risks and losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and group health. The City is self-insured except for commercial insurance purchased for airport liability and group health insurance, and purchases of excess commercial insurance beyond the self-insured retention for general liability, auto liability, property damage and workers' compensation and has not incurred a reduction in insurance coverage. No workers' compensation settlements exceeded the City's self-insured retention in fiscal year 2010. There have been no settlements in excess of insurance coverage for the past three years.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

All funds, except for the capital projects fund, participate in the program and make premium payments to the risk management fund based on actuarial estimates of the amounts needed to ultimately settle claims. The total estimated claims payable at September 30, 2010 reflect management's loss estimate of \$15,165,000, which includes reported claims and claims incurred but not reported (IBNR). Changes in the fund's estimated claims payable amount in fiscal years 2007, 2008 and 2010 were:

<u>Fiscal Year</u>	<u>Liability October 1</u>	<u>New Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Liability September 30</u>
2009	\$ 13,365,000	4,295,205	2,495,205	15,165,000
2010	\$ 15,165,000	1,052,617	1,793,617	14,424,000

(F) Contingencies/Risks/Uncertainties

There are several pending claims and lawsuits in which the City is involved. The estimated liabilities related to all known pending claims have been accrued in the City's risk management fund. In the opinion of City management, the ultimate resolution of these claims will not materially exceed the amounts recorded in the financial statements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, might constitute a liability of the applicable funds. It is Management's opinion that there are not any significant contingent liabilities relating to these grants.

The City's pension plans (PFRS and GERS-the Plans) invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statement of plan net assets for each Plan. The Plans, through investment advisors, monitors plan investments and the risks associated therewith on a regular basis, which the Plans believe serve to minimize these risks.

The Plans contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimate and assumptions in the near term could be material to the Plans financial statements.

(G) New Accounting Pronouncements Not Yet Adopted

GASB Statement No. 54, *Fund Balance Reporting and Government Fund Type Definitions*, issued February 2009, will be effective for the City beginning with its fiscal year ending September 30, 2011. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The City's management is aware of this requirement and has already begun to assess its impact.

GASB Statement No. 59, *Financial Instruments Omnibus*, is effective for financial statements for periods beginning after June 15, 2010. The objective of this Statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this Statement will improve financial reporting by providing more complete information, by improving consistency of measurements, and by providing clarifications of existing standards. Applying the reporting provisions of Statement 31 for interest-earning investment contracts to unallocated insurance contracts improves consistency of investment measurements that are reported by pension and other post-employment benefit plans. Emphasizing the applicability of SEC requirements to 2a7-like external investment pools provides practitioners with improved guidance. Limiting interest rate risk disclosures for investments in mutual funds, external investment pools, and other pooled investments to debt investment pools provides better guidance regarding the applicability of interest rate risk disclosures. Finally, addressing the applicability of Statement 53 to certain financial instruments refines which financial instruments are within the scope of that Statement.

(H) Subsequent Events

Conduit Debt

On December 14, 2010 the City Commission authorized the issuance of Health Facilities Revenue Refunding Bonds, Series 2010, in an amount not exceeding \$30 million, for the purpose of loaning the proceeds to John Knox of Village, Inc. (the Village), as borrower, to be applied to (I) refund and defease all of the Broward County Health Facilities Authority Revenue and Revenue Refunding bonds, Series 2002, outstanding as of the date of issuance of the Series 2010 Bonds, and (II) pay costs of issuance of the Series 2010 Bonds. The 2010 Series bonds were subsequently issued on December 30, 2010 in the amount of \$29,045,000. The bonds are limited obligations of the City payable from the loan payments due from the Village. The City is not obligated to pay the principal or interest on the bonds except from the loan payments made by the Village, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds.

In addition, on January 25, 2011 the City Commission further authorized the issuance of Health Facilities Revenue and Revenue Refunding Bonds, Series 2011, in an amount not exceeding \$30,000,000, for the purpose of again loaning the proceeds to the Village, as borrower, to be applied to (i) refund a portion of the City's outstanding Health Facilities Revenue Refunding Bonds (John Knox Village of Florida, Inc. Project), Series 2010 if the Borrower determines it is in its best interests to accomplish such refunding, (ii) pay, or reimburse the payment of, the costs of the acquisition, construction, improvement, and/or equipping of certain capital improvements included in the Borrower's capital plan as

CITY OF POMPANO BEACH, FLORIDA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010

adopted from time to time, including upgrades to its irrigation system, disaster recovery system, and emergency response system; acquisition of transportation carts; site lighting and signage improvements; sidewalks and fencing; implementation of an electronic tracking system in its long-term care facility; renovations and upgrades to its independent living facilities and assisted living facility; upgrades to open space and common dining areas; development costs for a potential new long-term care center; acquisition of an existing assisted living facility; and acquisition of land to be used for future activities of the Borrower, as the foregoing may be modified in accordance with the Series 2011 Loan Agreement (collectively, the "Series 2011 Project"), (iii) fund necessary reserves related to the Series 2011 Bonds, and (iv) pay costs of issuance of the Series 2011 Bonds. It is expected that the Series 2011 bonds will be issued in March 2011.

Both the 2010 and 2011 Series bonds are limited obligations of the City payable from the loan payments due from the Village. The City is not obligated to pay the principal or interest on the bonds except from the loan payments made by the Village, and neither the faith and credit nor the taxing power of the City is pledged to the payment of the principal and interest on the bonds.

Equipment Lease

At the January 12, 2010 City Commission meeting, the City Commission authorized the execution of a project development agreement with Siemens Industry, Inc. (Siemens) for a technical energy audit (the audit) of City facilities. The audit recommended the implementation of a total of sixteen (16) Facility Improvement Measures (FIMs), the objective of which was to reduce energy and operational savings for the City, as well as enhance revenues and efficiency of operations for the City's water metering system. On November 9, 2010, the City Commission approved a contract with Siemens for the implementation of the FIMs.

The contract with Siemens stipulates a maximum twelve (12) year term, which also includes monitoring, maintenance and other elements. Under the contract, Siemens provided a corporate guarantee for a level of energy consumption, energy demand, water consumption, water meter performance and operations and maintenance savings. The total cost of the FIMs is estimated to be approximately \$14.3 million and the payback term without interest associated with the financing is estimated to be an average of approximately 9 years for all FIMs. Capitalized interest costs included, the total payback is just under 13 years (1 year construction period and approximately 12 year payback period).

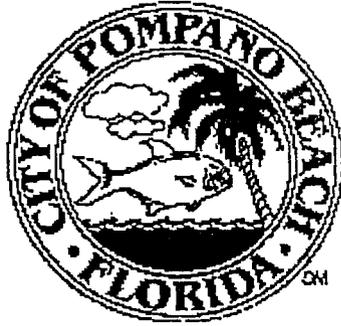

The proposed projects related to each FIM is being financed from two funding streams. Approximately \$850,000 from a federal grant, secured as part of an Energy Conservation Stimulus Program, will be utilized to finance the Central Energy Plant for City Hall/City Commission Chambers. The balance of the projects are to be funded utilizing a tax-exempt municipal lease. On November 9, 2010, the City entered into a tax-exempt lease-purchase financing arrangement in the amount of \$13,500,000 with Chase Equipment Finance, Inc., as lessor, for the City to acquire certain equipment to facilitate the City's Savings. Projects consist of new water meters (with automatic meter reading capability) and related installation, lighting fixtures, ballasts, lamps and occupancy sensors City-wide, high efficiency service pump motors for the water treatment plant, jockey pumps

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2010**

with variable frequency drives, motors and starters for the reuse plant, water conservation measures City-wide (plumbing fixtures, valves aerators and shower heads), energy management systems City-wide (programmable thermostats), HVAC chiller and accessories for City Hall and the City Commission Chambers, a fire alarm system for City Hall and the City Commission Chambers, ionization water treatment systems for the aquatic centers, golf cart charging optimization time clock and electrical paneling, new vending and ice machine controls City-wide and a new rooftop air-conditioning unit for the Emma Lou Olsen Civic Center lobby area.

The resulting lease payment is subject to annual appropriation by the City Commission. The first lease payment is due on November 12, 2011, with the final payment, subject to continued appropriation, being due on August 12, 2023. The annual lease payment, inclusive of principal and interest will be \$337,395. Over the life of the lease, total interest will amount to \$2,694,950, at an annual interest rate of 2.72%. It is anticipated that projected energy and operational energy savings, as well as enhanced water meter performance will serve to cover the related lease payments.

CITY OF POMPANO BEACH, FLORIDA

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
(Unaudited)**

SEPTEMBER 30, 2010

Budgetary Information

The City Commission adopted these procedures to establish the budgetary data reflected in the financial statements:

Prior to July 10, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and the means of financing them.

The City Commission holds public workshops on the proposed budget. In September, formal public hearings are conducted to obtain taxpayers' comments. Prior to October 1, the budget is legally adopted.

Expenditures may not exceed the budget and are controlled at the departmental level. The City Manager can approve budget transfers within operating departments and divisions of the same fund. Individual transfers exceeding \$10,000 are reported to the City Commission on a quarterly basis. Unencumbered balances of appropriations lapse at year end. Purchase orders outstanding at year end are carried forward.

Supplemental appropriations of \$13,591,435 including \$12,627,343 for future Community Improvement projects, were approved during the year and included in the revised budget.

Budgets have been legally adopted for all governmental and proprietary fund types except for the Cultural Arts Foundation special revenue fund and the Capital Projects funds. Budgets are adopted for capital outlay expenditures on a project basis. Presentation of this information on an annual basis is not considered meaningful.

Budgets have been adopted on a basis consistent with accounting principles generally accepted in the United States of America, except for the inclusion of encumbrances as the equivalent of expenditures. Budgets for the general fund, special revenue and debt service funds are disclosed in the financial statements except for the Cultural Arts Foundation special revenue fund. The reported budgetary data represents the final approved budget after amendments adopted by the City Commission.

The City does not budget for revenue and expenditures related to State contributions to the Police and Firefighters Retirement Plan (the Plan), recorded in the General Fund, as these payments are on behalf of the City and are received by the Plan directly.

CITY OF POMPANO BEACH, FLORIDA

This page intentionally blank.

INTERNAL SERVICE FUNDS

Central Stores Fund - accounts for the costs of providing a central inventory to other City departments. The other departments are charged for inventory plus a fee to cover overhead.

Information Technology Fund - accounts for the costs of providing information processing services to other City departments. The other departments are charged a direct fee for the initial purchase of equipment and a usage fee to cover operating costs of the fund.

Central Services Fund - accounts for the costs of providing goods and services, primarily printing and duplicating, to other City departments. The other departments are billed based on their historical frequency of use.

Risk Management Fund (Health) - accounts for the City's share of health insurance premiums. Other funds are billed to cover actual costs of premiums and claims.

Risk Management Fund (General) - accounts for the costs of insuring the City for property damage, general liability, auto liability, and worker's compensation. Other funds are billed to cover actual costs of premiums and claims.

Vehicle Services Fund - accounts for the costs of operating a maintenance facility for City vehicles. Other City departments are billed to cover operating costs, fuel consumption, and vehicle repairs.

FIDUCIARY FUNDS

Fiduciary funds are used to account for resources held for the benefit of parties outside the City.

General Employees' Retirement System Fund - accounts for the accumulation of resources to be used for retirement benefit payments to the majority of City employees. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

Police and Firefighters' Retirement System Fund - accounts for the accumulation of resources to be used for retirement benefit payments to City police officers and firefighters. Resources are contributed by employees at rates fixed by contract and by the City at amounts determined by an annual actuarial valuation.

Defined Contribution Retirement System Fund - accounts for the accumulation of resources to be used for retirement benefit payments to City employees under the provisions of Internal Revenue code Section 401(a). The International City Management Association Retirement Corporation acts as an agent for the City in administering the Plan.

General Agency Fund - accounts for the receipt of monies from various funds for sales tax, payroll taxes, deferred compensation liabilities, refundable deposits, and unclaimed checks.

CITY OF POMPANO BEACH, FLORIDA

GENERAL BACKGROUND INFORMATION SEPTEMBER 30, 2010

Schedule 20

The City of Pompano Beach is situated in the northeastern part of Broward County and borders on the Atlantic Ocean. It is approximately 33 miles equidistant from Miami to the south, and West Palm Beach to the north. Pompano Beach is located in the heart of the luxury resort area of Southeast Florida which is comprised of Palm Beach, Broward and Dade Counties. It is predominantly a residential community with its own shops, businesses and light industry. The City is centered in a growing industrial, commercial and tourist area. In addition, it is a focal point of agricultural interest, being an important marketing center for the intensive vegetable farming of the vast neighboring Florida region. With beautiful beaches, many public and commercial attractions and a favorable climate, the area attracts numbers of vacationers, sportsmen, business persons and others.

History

The Pompano Beach area was first settled in 1884 as a farming community. In 1896 the Florida East Coast Railroad sent its first train through the area, and in 1906 the Hillsboro Lighthouse was constructed. The lighthouse and the inlet connecting the Atlantic Ocean with the Intracoastal Waterway were named for the Earl of Hillsboro, who was granted large tracts of land when the area was occupied by the English.

By 1908, the population was large enough to incorporate and the Town of Pompano was formed, taking its name from the popular game fish that abounded in nearby waters. The raising of winter vegetables continued to be the basis of the economy and with the opening of the Pompano State Farmers Market in 1939, the City also became an important wholesale marketing center for farm produce. In 1947, the beach area, which had incorporated in 1945, consolidated with the Town of Pompano to become the City of Pompano Beach.

Climate and Topography

The City is located on the semitropical coastal ridge between the Everglades and the Atlantic Ocean. The terrain is generally flat, with developed land elevations varying from approximately 4 to 22 feet above mean sea level. The subtropical climate provides comfortable living all year round.

The City is warmed by the trade winds of the gulf stream, thus making the winters sunny and pleasant with temperature readings of approximately 66 degrees, and the same trade winds make summers cool and comfortable, with an average temperature reading of about 83 degrees. The average temperature for the year is approximately 74 degrees.

Existing Demographic Characteristics

Pompano Beach has experienced tremendous growth in the period since 1950 when the City's population was 5,682. Pompano's population nearly tripled during the decade of the 1950's. By 1960, the population was 15,992, and the City had grown to the 30th largest city in Florida. Since 1960 the population has grown by approximately 18,000 every decade. This explosive growth continued in the early 1970's when the City was the scene of extensive residential construction, especially of condominium units in the beach area and throughout the City.

CITY OF POMPANO BEACH, FLORIDA

GENERAL BACKGROUND INFORMATION SEPTEMBER 30, 2010

Schedule 20

Although density and planning controls have slowed construction, the City's population has continued to increase at a healthy pace. The Bureau of Economic and Business Research, University of Florida, now estimates that Pompano Beach is the 20th largest city in Florida with a 2010 population of an estimated 98,711.

Existing Transportation Facilities

Pompano Beach is served by a variety of transportation modes, and the City's transportation network is well established.

Water

Port Everglades, the deepest port between Norfolk and New Orleans, is located approximately 12 miles south of Pompano Beach. A foreign trade zone at Port Everglades allows goods to move in and out of such zones without being subject to duty by U.S. Customs until the goods are ready for distribution to American markets. This provision further adds to the Port's ability to serve as an important bridge to the southern hemisphere. The port is the location of a new 150,000 square foot convention center which will offer a combination of cruise options to conventioners. The intercoastal waterway bisects the City.

Highways

A-1-A along the beach shoreline and Federal Highway (U.S. 1) on the mainland are the two main thoroughfares traversing the City from north to south. Atlantic Boulevard is the principal artery in an east/west direction. Long distance north/south travel is served by two expressways: Interstate 95 has three interchanges at Sample Road, Copans Road and Atlantic Boulevard, to serve the City and another interchange in nearby Fort Lauderdale at Cypress Creek Road; Florida's Turnpike (Sunshine State Parkway) serves Pompano Beach at Dr. Martin Luther King Jr. Boulevard and West Atlantic Boulevard with an exit at West Atlantic Boulevard. A secondary exit from the Florida Turnpike is located west of the City limits.

Rail

Amtrack passenger trains and a 66 mile long Tri-County Community Rail System also service the area. Commercial rail service is provided by the Seaboard Coast Line and the Florida East Coast Railway.

Air

Service by major national and international airlines is less than an hour's drive at Miami International, Fort Lauderdale-Hollywood International and Palm Beach International Airports. Limousine service is provided from Miami and Fort Lauderdale Airports to Pompano Beach. Private and charter aircraft use the Pompano Beach Municipal Airpark located within the City limits. The municipal airpark has a control tower with radio navigational equipment and three runways, the longest of which is 4,420 feet. It is lighted for night use.

The Pompano Beach Airpark was deeded to the City of Pompano Beach from the Federal Government after World War II and has operated as a general aviation facility since that time; it is now the winter home of the Goodyear blimp, "Spirit of Innovation". The municipal golf course and other recreational facilities occupy large portions of the airpark property as well as the City's water treatment plant and some of the water wells.
