
Emergency Medical Services

Special District Fund

This fund is used to account for ad valorem taxes and emergency transport fees collected for emergency medical services provided by the City. Emergency Medical Services (EMS) is a dependent special district created to provide emergency medical care for residents of the City. The division accounted for in this fund is:

- **Emergency Medical Services Division**

Emergency Medical Services (EMS)

Mission

The Emergency Medical Services (EMS) Division responds to all calls for emergency medical assistance within the community. This mission is performed around the clock with all due regard for the dignity of each person served. In terms of priority, we want to help Pompano Beach enhance its reputation as a safe place in the region and deepen our connection with the community. In addition to its core mission, the EMS program offers a host of public education programs which include CPR, Child Car Seat Safety, Community Emergency Response Team (CERT) and more.

Purpose

As part of the Fire Rescue Department, the EMS Division shares the same purpose, goals and responsibilities:

Geographically, the City is divided into six zones; each with a dedicated fire station. In addition to the City, the fire department provides fire-rescue coverage for the contract service area of Sea Ranch Lakes, located about one mile south of Pompano Beach's city limits along AIA. Also, to Sea Ranch Lakes, the City of Pompano Beach has an Automatic-Aid agreement with the City of Lighthouse Point (located just north of Pompano along Federal Highway), calling for Lighthouse Point Fire Rescue to commit an aerial ladder truck automatically to all Pompano Beach commercial fires while Pompano would respond to all of Lighthouse Point's structure fires.

Goals

- Awareness - Expand awareness and public education programs
- Teamwork - Solidify partnership with stakeholders
- Productivity - Build officer development program to improve organizational leadership
- A safer Pompano - Promote value of service and the need to expand capability

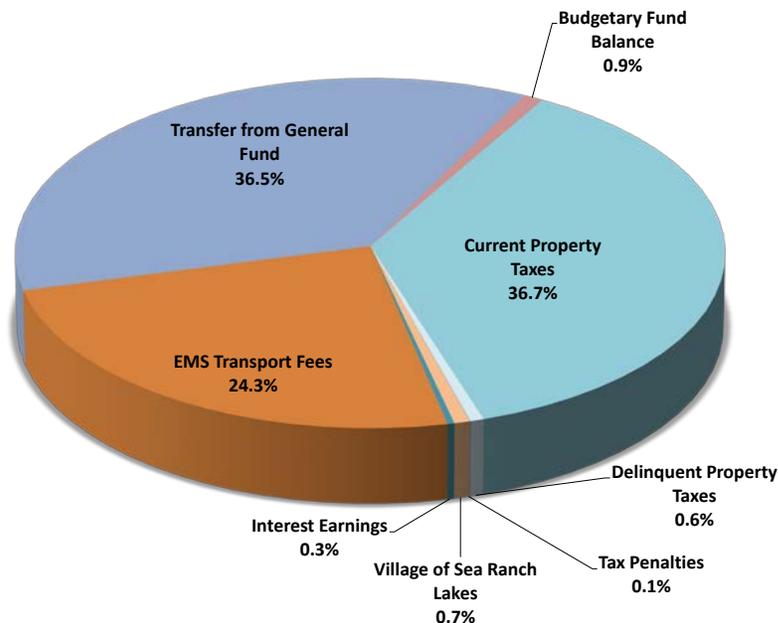

Responsibilities

EMS Division serves a wide range of individuals on a daily basis. Calls for assistance include – but are not limited to – medical and fire incidents, high-rise rescues, hazardous material incidents and vehicle accidents. When firefighters are not responding to requests for assistance, they are conducting training drills and/or helping to maintain the fire station facilities, as well as, the apparatus and equipment necessary to do their job.

Emergency Medical Services Fund Revenues
